Amend the title of the bill by replacing it with the following:

AN ACT relative to state fees, funds, revenues, and expenditures.

Amend the bill by replacing all after the enacting clause with the following:

1 Department of Administrative Services; Consolidation of Human Resources and Payroll Functions.

I. Notwithstanding any law or administrative rule to the contrary, the commissioner of administrative services, with the prior approval of the fiscal committee of the general court and the governor and council, may make such transfers of appropriation items and changes in allocations of funds available for operational purposes to the department of administrative services from any other agency necessary to effectuate the efficient consolidation or deconsolidation of human resources, payroll and business processing functions within state government. Such business processing functions shall include:

(a) Accounts receivable;
(b) Accounts payable;
(c) Collection of fines, penalties, fees, restitution, remittances, and other moneys due to the state; and
(d) Such additional finance, accounting and other functions and transactions that the commissioner of administrative services determines may potentially achieve substantial efficiencies from consolidation.

II. The commissioner of administrative services may establish the number of total personnel required for human resources, payroll and business processing functions in the executive branch of state government and, with the prior approval of the governor and council, may eliminate unnecessary positions and may transfer positions to or from the department of administrative services to or from any other agency if the commissioner of administrative services concludes that such transfers or eliminations are necessary to effectuate the efficient consolidation or deconsolidation of human resources, payroll or business processing functions within state government. Such transfers may, if deemed appropriate by the commissioner of administrative services, include the transfer of all associated books, papers, records, personnel files, and equipment, including, but not limited to, work station and information technology equipment, and
may, if deemed appropriate by the commissioner of administrative services, include the transfer of
any unexpended appropriations for any of the foregoing, and any unexpended appropriations for
salary/payroll, benefits, support costs, or any other costs associated with the transferred personnel.
The department of administrative services may also establish new full-time temporary positions
within the department, if the commissioner of administrative services deems it necessary to
effectuate the efficient consolidation or deconsolidation of human resources, payroll or business
processing functions.

III. The commissioner of administrative services may locate personnel whose positions have
been transferred in such work spaces as the commissioner determines will efficiently effectuate the
consolidation or deconsolidation of functions. Such work spaces may include either space currently
owned or rented by the state, or space which may be rented by the commissioner utilizing amounts
which may be saved by the state as the result of the consolidation or deconsolidation of functions.

IV. If the commissioner of administrative services consolidates, deconsolidates or, pursuant
to 2015, 276:2 or other law, has consolidated or deconsolidated, any human resources, payroll or
business processing function and subsequently determines that such consolidation or
deconsolidation is not cost effective or beneficial to the interests of the state, the commissioner may,
with the prior approval of the fiscal committee of the general court, deconsolidate or reconsolidate,
fully or partially, any human resources, payroll or business processing function within the executive
branch of state government. As part of a deconsolidation the commissioner, after consultation with
the heads of such executive branch agencies as may be affected, will determine positions to be
transferred to another agency, will determine positions to be transferred elsewhere within the
department of administrative services or will determine positions to be eliminated.

V. Any unspent balance remaining on the $250,000 appropriation made by 2011, 224:86 to
the department of administrative services for the biennium ending June 30, 2013, for the purpose of
selecting and retaining an independent business processing consultant to evaluate and make
recommendations relative to the consolidation of business processing functions within state
government, shall not lapse until June 30, 2019. The department of administrative services may
use this balance to fund such projects, functions, or activities as the commissioner of administrative
services may direct relating to the efficiency of state government, including, but not limited to, the

for any offense which would be a felony or class A misdemeanor if committed by an adult
if the minor has previously been adjudicated under this chapter for at least 3 offenses
which would be felonies or class A misdemeanors if committed by an adult. A court shall
only commit a minor based on previous adjudications if it finds by clear and convincing
evidence that each of the prior offenses relied upon was not part of a common scheme or
factual transaction with any of the other offenses relied upon, that the adjudications of
all of the prior offenses occurred before the date of the offense for which the minor is
before the court, and that the minor was represented by counsel at each stage of the prior
proceedings following arraignment.

B:35-a no later than 6 months from the date of the child's commitment pursuant to RSA 169-B:19,
I(j), unless the board determines that continued commitment is necessary in order to protect the safety of the child or the community, and in such case declines to release the child. **Such release shall occur no later than 3 months from the date of the child's commitment if the offense would be a misdemeanor if committed by an adult.** If the board declines to release a child pursuant to this paragraph, it shall provide written notice to the child of his or her right to seek review of the board's decision, of his or her right to the assistance of counsel during the review process, and of the procedure the child may follow to initiate such a review. **If the board declines to release a child pursuant to this paragraph, it shall consider the child for release no later than 2 months after its initial decision, and every 2 months thereafter until the child is released.** If the board declines to release a child pursuant to this paragraph on a second or subsequent occasion, it shall notify the court that committed the child, and the court shall appoint counsel in each such case to assist the child in filing a petition pursuant to paragraph I-b.
