**METHODOLOGY:**

This bill reduces the penalty for certain first offense drug offenses. The Judicial Branch provided the following analysis of the bill:

- By converting the crime from a felony to a misdemeanor, the cases would be tried in the Circuit Court unless a transfer to Superior Court is granted. Defendants convicted of a Class A misdemeanor in Circuit Court are entitled to a de novo jury trial in the Superior Court.
- Given the fines and penalty assessments collected in 2019 and 2020, it is not expected that the proposed change in fines would substantively impact revenues.
- If the bill becomes law, it will burden Circuit Court resources with the shift in cases from felonies tried in the Superior Court to misdemeanors tried in the Circuit Court, but will remove some of those cases from the Superior Court. It is not known how many of Class A misdemeanor convictions in the Circuit Court would be tried de novo in the Superior Court following a conviction in Circuit Court.
- The cost per misdemeanor case in Circuit Court is generally less than the cost per felony case in the Superior Court. The data on costs for routine criminal cases available to the Judicial Branch are based on studies of judicial and clerical weighted caseload times that are more than fifteen years old so the data does not have current validity. The

Judicial Branch received authority to update this cost data in 2020, but due to the COVID state of emergency, the Branch has been unable to complete that analysis.

- The Branch is unable to determine the fiscal impact of lowering the maximum fines on cases subject to sentencing under RSA 318-B:26, I, VII or VIII.

This bill contains penalties that may have an impact on the New Hampshire judicial and correctional systems. There is no method to determine how many charges would be brought as a result of the changes contained in this bill to determine the fiscal impact on expenditures. However, the entities impacted below have provided the potential costs associated with these penalties below.

Judicial Council		
Public Defender Program	Has contract with State to provide services.	Has contract with State to provide services.
Contract Attorney – Felony	\$825/Case	\$825/Case
Contract Attorney – Misdemeanor	\$300/Case	\$300/Case
Assigned Counsel – Felony	\$60/Hour up to \$4,100	\$60/Hour up to \$4,100
Assigned Counsel – Misdemeanor	\$60/Hour up to \$1,400	\$60/Hour up to \$1,400
It should be noted that a person needs to be found indigent and have the potential of being incarcerated to be eligible for indigent defense services. The majority of indigent cases (approximately 85%) are handled by the public defender program, with the remaining cases going to contract attorneys (14%) or assigned counsel (1%).		
Department of Corrections		
FY 2020 Average Cost of Incarcerating an Individual	\$47,691	\$47,691
FY 2020 Annual Marginal Cost of a General Population Inmate	\$6,407	\$6,407
FY 2020 Average Cost of Supervising an Individual on Parole/Probation	\$584	\$584
NH Association of Counties		
County Prosecution Costs	Indeterminable	Indeterminable
Estimated Average Daily Cost of Incarcerating an Individual	\$105 to \$120	\$105 to \$120

The Department of Justice would not necessarily be involved in the prosecution of such offenses, the majority of which would be handled by municipal prosecutors and the county attorneys. Appeals from any convictions from any such offenses would be handled by the Criminal Justice Bureau and could be done within the current budget. To the extent the Department of Justice is involved with the prosecution of such offenses, the Department does not anticipate any financial impact. The Attorney General's Drug Task Force investigates street-level crimes that sometimes

involve the sale and possession of controlled drugs, including marijuana. If this bill were to pass, the task force's efforts may be redirected. The Department does not anticipate savings to the task force would result from this bill.
