STATE OF NEW HAMPSHIRE

*In the Year of Our Lord Two Thousand Twenty Two*

AN ACT                    relative to customer generators who sell renewable energy certificates.

*Be it Enacted by the Senate and House of Representatives in General Court convened:*

1            308:1 New Paragraph; Net Energy Metering. Amend RSA 362-A:9 by inserting after paragraph XXI  
2 the following new paragraph:

3            XXII. When the department of energy's distributed energy resource valuation study is completed  
4 and thereafter the public utilities commission opens a new proceeding that includes consideration of the  
5 adoption of net metering tariffs that apply to newly-constructed customer-generators with a total peak  
6 generating capacity of greater than one megawatt, the commission shall consider whether and when  
7 further changes should be made to the net metering tariff structure approved in order no. 26,029 issued  
8 on June 23, 2017, applicable to such newly-constructed customer-generators. Such consideration of net  
9 metering tariffs that apply to newly-constructed customer-generators with a total peak generating capacity  
10 of greater than one megawatt shall include but not be limited to whether or not the cost of compliance with  
11 the electric renewable portfolio standard, RSA 362-F, inclusive of prior period reconciliations, should be  
12 excluded from the monetary credit for exports to the grid, as well as whether or not the monetary credit  
13 should include compensation for services and value currently not compensated such as avoided  
14 transmission, distribution, and capacity costs and other grid services.

15            308:2 Contingency. If SB 262 of the 2022 regular session becomes law, RSA 362-A:9, XXII as  
16 inserted by section 1 of this act shall be renumbered to read as RSA 362-A:9, XXIII.

17            308:3 Effective Date. This act shall take effect 60 days after its passage.

Approved: July 01, 2022  
Effective Date: August 30, 2022
