- Does this bill authorize new positions to implement this bill? ☒ N/A

METHODOLOGY:

This bill creates a nonlapsing, continually appropriated fund within the Department of State, Office of the Division of Archives and Records Management allowing funds to be donated for the maintenance of historical records and or objects. To the extent any funds are donated this new account will see an increase in appropriated funds. Additionally, this bill abolishes two band 1 stock clerks and establishes two band 2 stock clerks in the archives and records management division of the Secretary of State's office and makes a general fund appropriation to the Secretary of State's office to fund the two band 2 stock clerk III positions. The Department of State indicates the net difference from the abolished positions to funding the new positions is a net impact of less than \$5,000 per a fiscal year.
