NH House Speaker Speaks out Against Today's Events During a Governor and Executive Council Meeting

Concord, NH – Speaker Sherman Packard (R-Londonderry) released the following statement condemning the protest held at the Executive Council meeting today at the NH Institute of Politics in Manchester:

"Our Constitution guarantees the right to free speech, but disruption of government meetings, and threats to government officials is absolutely unacceptable. The events we witnessed today were disgraceful and contrary to civil public discourse. Governor Sununu and the Executive Council members did the right thing by putting people's safety first."
