SB 287-FN - FISCAL NOTE

AN ACT transferring a sum from the prepaid fish and game license account.

FISCAL IMPACT:

The Office of Legislative Budget Assistant states this bill, **as introduced**, may increase state restricted expenditures by an indeterminable amount in FY 2015. There will be no impact on state revenue, or county and local revenues or expenditures.

METHODOLOGY:

The Office of Legislative Budget Assistant states this bill allows for up to \$500,000 to be transferred from the Prepaid Fish and Game License Fund to the Fish and Game Fund if necessary, as deemed necessary by the Executive Director of the Fish and Game Department to cover any budgetary shortfall, in FY 2015. Under current law, if the Fish and Game Fund were to have insufficient available funds to meet appropriation amounts established in the state operating budget, the Department would be required to reduce its expenditures not to exceed available funding. To the extent this bill allows for the transfer of up to \$500,000 from the Prepaid Fish and Game License Fund to cover Fish and Game Fund expenditures with insufficient sources of funding, state restricted expenditures may increase up to \$500,000 in FY 2015.
