6. (a) Summary of what the rule says and of any proposed amendments:

**The Office of Professional Licensure and Certification (OPLC) is proposing to establish application-related fees for certain professions and facilities and to reserve the sections for which fees are not being established at this time so that once all of the fees are adopted, the professions will be in alphabetical order without excessive renumbering. Of the 9 sections that will establish fees, 5 sections are entirely new (Plc 1002.06, Plc 1002.13, Plc 1002.16, Plc 1002.42, and Plc 1002.44), 2 sections are existing Interim rules (Plc 1002.07, Plc 1002.26), one section is an expired Interim rule (Plc 1002.35, previously effective as Plc 1002.23), and one section is an expired Emergency rule (Plc 1002.10).**

10. Fiscal Impact Statement (Prepared by Legislative Budget Assistant):

FIS # **22:077**, dated **04/15/2022**

**1. Comparison of the costs of the proposed rule(s) to the existing rule(s):**

There is no difference in costs when comparing the proposed rules to the existing interim rules.

This is not applicable to:

- Plc 1002.10 as the previous emergency rule expired March 9, 2022.
- Plc 1002.35, previously effective as Plc 1002.23, as the previous interim rule expired March 21, 2022.
- Plc 1002.01 thru 1002.06, Plc 1002.08 thru 1002.09, Plc 1002.11 thru 1002.22, Plc 1002.24 thru Plc 1002.25, Plc 1002.27 thru 1002.34, Plc 1002.36 thru Plc 1002.44, which are new sections.

**2. Cite the Federal mandate. Identify the impact on state funds:**

No federal mandate, no impact on state funds.

**3. Cost and benefits of the proposed rule(s):**

The proposed rules contain the following fee changes and will have an indeterminable impact on the OPLC Fund, state citizens and independently owned business.

The expired emergency rule for Plc 1002.10 had the same fee amounts of \$750 for a comprehensive evaluation under Den 304.05 and \$300 for site visit under Den 304.05

as the proposed rule Plc 1002.10. Therefore, there is no difference in cost between the expired emergency rule and the proposed rule.

The expired interim rule for Plc 1002.23, which is Plc 1002.35 in the proposed rule, had the same fee amount of \$500 for an initial and renewal pharmacy permit and \$2,000 for an initial and renewal mail order pharmacy permit. Therefore, there is no difference in cost between the expired interim rule Plc 1002.23 and the proposed rule Plc 1002.35.

The proposed change in fee amounts are anticipated to generate an amount not to exceed 125% of actual cost for providing the service pursuant to RSA 310-A:1-e. There will be additional revenue to the State to the extent such fees are collected and deposited into the office of professional licensure and certification fund.

The table below provides the proposed fee changes and either the existing fee or the fee that was contained in rules other than Plc 1002 that have expired:

**A. To State general or State special funds:**

There will be no direct impact on the State general fund, however after paying all costs and salaries associated with the Office, any remaining balance in the fund lapses to the general fund at the close of each biennium. There will be an indeterminable impact to the office of professional licensure and certification fund from the proposed certification and renewal fees.

**B. To State citizens and political subdivisions:**

There is an indeterminable impact to state citizens to the extent the state citizens have a requirement to pay the above-mentioned fees for licensing. There is no cost or benefit to political subdivisions.

**C. To independently owned businesses:**

There is an indeterminable impact to independently owned businesses to the extent the business pays for an employee's licensing fees.

11. Statement Relative to Part I, Article 28-a of the N.H. Constitution:

**The rules do not apply to political subdivisions, and all costs are attributable to the statute. The rules thus do not mandate or assign any new, expanded, or modified programs or responsibilities to any political subdivision in such a way as to necessitate additional local expenditures and so do not violate Part I, Article 28-a of the N.H. Constitution.**

**Note to the JLCAR.** The JLCAR on 11-19-20 voted, when reviewing board rules, to support the Executive Director of the OPLC in possessing sole fee authority pursuant to RSA 310-A:1-d, II(h)(1) and RSA 310-A:1-e, I and II. SB 576, 2020, was to address the authority of the OPLC to establish fees for the licensing boards but it was tabled. The agency has been seeking a legislative fix the past few sessions to remove fee authority that still remains in boards' statutes, and SB 330, 2022, establishes a study committee to study the issue. SB 313 was introduced to fix some of these issues, however, there are still some outstanding issues that may require further legislation. Pursuant RSA 310-A:1-e, I. (a) the Executive Director of the OPLC has authority to assess certification, renewal fees, and any necessary administrative fees associated with licensing or certifications. However, it appears that some of the boards, commissions, councils, etc. still has fee authority pursuant to their own statutes.
