The following are the New Hampshire statutes that have substantive provisions about seasonal docum. There are many more statutes that concon the procedural process of applying to a wetlands permit and DES requirements for processing points. Call docume require a wetlands point but some seasonal docks can be pointed by not fication to DES rather than requiring DES review and approval.)

— DES has very detailed regulations on docks found at EN-WT, 101, 303.64, 303.05, 402, and 506. New wetlands rules will take effect on December 15, 2019
