EXPLANATION

Pursuant to RSA 6:38, I, the Trust is credited with management fees to provide scholarships for the benefit of New Hampshire residents studying at eligible New Hampshire colleges. The fees are collected by Fidelity Investments, the Fund Manager, based on a fractional percentage of the balances invested by participants in the NH College Tuition Savings Plan.

In fiscal 2014, the State Treasury distributed over \$2.8 million in UNIQUE Annual Award scholarships to participating institutions, with this amount being funded by interest and earnings in the Trust to a very small extent. Approval of this request will enable the State Treasury to continue fulfilling program scholarship reimbursements to participating academic institutions pursuant to criteria approved by the New Hampshire college tuition savings plan advisory commission (RSA 195-H:2). It is anticipated that the Trust will generate earnings of no more than \$200,000 in fiscal year 2015.

EXPLANATION

Subsequent to the first Fiscal Item # FIS 15-072 the Department of Health and Human Services (DHHS) is seeking approval to accept additional revenue generated by the Medicaid Enhancement Tax (MET) and to expend the additional funds on disproportionate share hospital (DSH) payments to the non-Critical Access Hospitals in New Hampshire. The SFY 2015 budget included revenue estimates from the Medicaid Enhancement Tax of \$190.3 million. In SFY 2015, Chapter Law 158, Laws of 2014, was enacted. This chapter reflects the ratification of SB 369 (2014) that provides specific direction on the distribution of the MET revenue including any revenue generated by the MET and paid to the State via the Department of Revenue Administration (DRA), greater than \$190.3 million. The MET receipts as reported to DHHS by DRA equals \$198.5 million.

The amount available for non-Critical Access Hospital's Disproportionate Share Hospital payments in SFY15 equals the amount of total Medicaid Enhancement Tax revenue in excess of \$190.3 million ("excess MET"), plus the Federal matching dollars. Thus in addition to the initial amount of \$15,876,692 a second transfer of \$540,302 is to be accepted into the Uncompensated Care Funds appropriation and then distributed to the non-Critical Access Hospitals in the form of a DSH payment via the Uncompensated Care Pool appropriation.

Source of funds: 50% Federal Funds, 50% Other Funds.

Area Served: Statewide

In the event the Federal Funds become no longer available, General Funds will not be required to support this activity.

The Honorable Neal M. Kurk, Chairman Fiscal Committee of the General Court

Her Excellency, Governor Margaret Wood Hassan and the Honorable Council February 18, 2015 Page 2 of 2

Explanation

On April 13, 2010, former Governor Lynch submitted a request to the President for a major disaster declaration in Hillsborough, Merrimack and Rockingham counties due to severe weather events involving rain and strong winds. The President declared the State of New Hampshire a major disaster area on May 12, 2010, but designated only Rockingham County as eligible to receive public assistance.

This request to accept and expend \$189,167.00 represents the federal share of public assistance and administrative costs remaining for DR1913. On November 9, 2014, FEMA completed a project close out. It was determined that there were eligible cost overruns in the amount of \$189,167.00. These cost overruns are due to a community receiving FEMA approval for additional costs that were incurred to complete their DR 1913 project. Because of this the State of NH had to request the additional funds from FEMA to cover the project cost, therefore, requiring Fiscal Committee and Governor and Council approvals to accept these additional funds. Per 44 CFR 207.8 and FEMA Disaster Assistance Policy, the Period of Availability of the funds for Category Z State Management Costs is 8 years from the Date of Declaration or 180 days from the latest non-state management costs project's period of performance. For DR-1913, the availability of funds for PW 12 would end on May 8, 2015. To date the entire federal award has been expended thus the need to accept these additional funds. This grant is not included in the agency's operating budget for the SFY 2016-2017 biennium because the Department of Safety believes all projects will be complete.

The funding mechanism is 75% Federal and 25% State/Local share. The local share is the responsibility of the local applicant. Indirect costs are budgeted based only on the Grantee Administration portion of the funds, as all other funds are considered pass-through funds and are not subject to indirect costs.

Class 072 The funds will be used for disaster assistance grants to communities and state agencies.

There are no General funds required with this request. In the event that Federal funds are no longer available, General funds and/or Highway funds will not be requested to support this program.

Respectfully submitted,

John J. Barthelmes

Commissioner

ATTORNEY GENERAL DEPARTMENT OF JUSTICE

33 CAPITOL STREET
CONCORD, NEW HAMPSHIRE 03301-6397

JOSEPH A. FOSTER ATTORNEY GENERAL

ANN M. RICE DEPUTY ATTORNEY GENERAL

June 1, 2015

The Honorable Neal M. Kurk, Chairman Fiscal Committee of the General Court State House Concord, NH 03301

REQUESTED ACTION

Pursuant to RSA 7:6-e, the Department of Justice seeks approval to expend/budget the below listed settlements totaling \$53,000.70 received by the Department of Justice (DOJ), Division of Public Protection, Consumer/Antitrust Bureau (02-20-20-200510-2611/2612) from multistate settlements and respectfully request to retain these funds for the support of Department's Consumer /Antitrust Bureaus effective with the date of the Fiscal Committee of the General Court's approval.

Date Received March 17, 2015 Name of Settlement Sirius XM Radio Inc.

Amount Received \$53,000.70

EXPLANATION

The March 17, 2015 multistate settlement involved New Hampshire and 46 other states, who reached a \$3.8 million settlement with Sirius XM Radio Inc. The settlement resolved allegations that Sirius XM Radio Inc. automatically renewed consumers' services without their consent or knowledge, automatically charged consumers' debit or credit cards for the renewal without their consent or knowledge, failed to honor cancellations or made it difficult for consumers to cancel their service, failed to provide timely refunds or refused refund payments for the automatic renewals done without consumers' consent or knowledge, and misrepresented that consumers' service would be cancelled, would not be renewed, or would be refunded.

The complaint was brought under the New Hampshire Consumer Protection Act, and comparable statutes of the other states. The court-approved settlement directed New Hampshire's portion to the Consumer Escrow Account, to be used for future consumer protection work at the discretion of the Attorney General, including consumer protection enforcement, consumer education and litigation.

This settlement was not included in the April 6, 2015 report to the Fiscal Committee, as the funds were not received until after the deadline for filing. Consumer settlement funds have been and are currently being used to fund the Consumer Protection/Antitrust Bureaus and are currently included in Fiscal Year 2016 and 2017 operating budget. We respectfully request that the funds continue to be used to support the Consumer Protection/Antitrust Bureaus.

Thank you for your consideration of this request.

Respectfully submitted,

Joseph A. Foster

June 5, 2015

The Honorable Neal Kurk, Chairman Fiscal Committee of the General Court State House Concord, New Hampshire 03301

Requested Action

Pursuant to RSA 106-H:9-I(e), authorize the Department of Safety, Division of Emergency Services and Communications, to budget and expend \$122,000.00 from the Prior Year Carry Forward Balance of the enhanced E-911 System Fund as shown in the tables below. Effective upon Fiscal Committee approval through June 30, 2015. Funding: 100% Agency Income.

The funds are to be budgeted as follows:

	Org 4004 Totals	\$1,241,000.00	\$122,000.00	\$1,363,000.00

Explanation

The Division of Emergency Services and Communications is requesting the budgeting of funds into the State Overhead Charge accounting unit in the amount of \$122,000 for SFY 2015 from the Prior Year Carry Forward Balance, which is a non-lapsing fund established by RSA 106-H:9. The necessity for these funds is to pay indirect cost to the Department of Administrative Services for the division's portion of the Statewide Cost Allocation Plan (SWCAP). The Department of Safety budgeted as directed, but the Division of Emergency Services and Communications' share of the SWCAP was more than accounted for during the budget process.

TITLE VII SHERIFFS, CONSTABLES, AND POLICE OFFICERS

CHAPTER 106-H ENHANCED 911 SYSTEM

Section 106-H:9

106-H:9 Funding; Fund Established. -

- I. (a) The enhanced 911 system and the statewide emergency notification system shall be funded through a surcharge to be levied upon each residence and business telephone exchange line, including PBX trunks and Centrex lines, each individual commercial mobile radio service number, each VoIP service number with a place of primary use within New Hampshire, and each semi-public and public coin and public access line. For purposes of this subparagraph, "place of primary use" shall have the same meaning as the definition contained in 4 U.S.C. section 124(8). No such surcharge shall be imposed upon more than 25 business telephone exchange lines, including PBX trunks and Centrex lines, or more than 25 commercial mobile radio service exchange lines or VoIP service lines or channels per customer billing account.
- (b) In the case of local exchange telephone companies, the surcharge shall be contained within tariffs or rate schedules filed with the public utilities commission and shall be billed on a monthly basis by each local exchange telephone company.
- (c) In the case of an entity which provides commercial mobile radio service the surcharge shall be billed to each customer on a monthly basis and shall not be subject to any state or local tax; the surcharge shall be collected by the commercial mobile radio service provider, and may be identified on the customer's bill.
- (d) In the case of a VoIP provider, the surcharge shall be billed to each customer on a monthly basis and shall not be subject to any state or local tax; the surcharge shall be collected by the VoIP provider, and may be identified on the customer's bill.
- (e) Each local exchange telephone company, VoIP service provider, or entity which provides commercial mobile radio service shall remit the surcharge amounts on a monthly basis, as prescribed by the commissioner, to the enhanced 911 services bureau, which shall be forwarded to the state treasurer for deposit in the enhanced 911 system fund. The state treasurer shall pay expenses incurred in the administration of the enhanced 911 system and the statewide emergency notification system from such fund. Such fund shall not lapse. If the expenditure of additional funds over budget estimates is necessary for the proper functioning of the enhanced 911 system or the statewide emergency notification system, the department of safety may request, with prior approval of the fiscal committee of the general court, the transfer of funds from the enhanced 911 system fund to the department of safety for such purposes. The moneys in the account shall not be used for any purpose other than the development and operation of enhanced 911 services and the statewide emergency notification system, in accordance with the terms of this chapter. Surcharge amounts shall be reviewed after the budget has been approved or modified, and if appropriate, new tariffs or rate schedules shall be filed with the public utilities commission reflecting the surcharge amount.
 - II. [Repealed.]
- III. (a) Notwithstanding any other provision of law, and except as otherwise provided in RSA 82-A, the records and files of the department, related to this section, are confidential and privileged. Neither the department, nor any employee of the department, nor any other person charged with the custody of

such records or files, nor any vendor or any of its employees to whom such information becomes available in the performance of any contractual services for the department shall disclose any information obtained from the department's records, files, or returns or from any examination, investigation, or hearing, nor may any such employee or person be required to produce any such information for the inspection of any person or for the use in any action or proceeding except as provided in this paragraph.

(b) The following exceptions shall apply to this paragraph:

- (1) Delivery to the surcharge collector or its representative of a copy of any return or other papers filed by the surcharge collector.
- (2) Disclosure of department records, files, returns, or information in a New Hampshire state judicial or administrative proceeding pertaining to administration of the surcharge where the information is directly related to an issue in the proceeding regarding the surcharge under this section, or the surcharge collector whom the information concerns is a party to such proceeding, or the information concerns a transactional relationship between a person who is a party to the proceeding and the taxpayer.
- (3) Disclosure to the department of revenue administration of records, files, and information required by the department of revenue administration to administer the communications services tax pursuant to RSA 82-A.
- (4) Disclosure of department records, files, and information to the legislative budget assistant, when requested by the legislative budget assistant pursuant to RSA 14:31, IV.

EXPLANATION

Pursuant to RSA 215-A:23 IX, and RSA 215-C:39, X, "Any excess registration fees collected and not expended shall be non-lapsing and shall be retained by the snowmobile and OHRV program for future use." In each year of the biennium, the Fish and Game Department and the Department of Resources and Economic Development may expend the excess fees collected in the same proportion as described in this section with prior approval of the Fiscal Committee and the Governor and Council.

The Department's FY 2015, class 049, Transfers to Other Agencies, is insufficient for this fiscal year due to a combination of two things. This past winter was a very good snow year which resulted in above average sales of snowmobile registrations. That coupled with increases in registration fees has resulted in insufficient budgeted funds for the 4th quarter transfer to DRED for the sale of these registration types.

REQUESTED ACTION

Pursuant to the provision of RSA 622:28-a, V, the New Hampshire Department of Corrections respectfully requests permission to purchase a 48" Precision Sliding Table Screen Printer in an amount not to exceed \$31,500. Funding for this purchase will be from the Correctional Industries' Revolving Account, effective upon Fiscal Committee and Governor and Executive Council approval through June 30, 2015. 100% Other Funds.

Funds are available in the SFY 2015 operating budget as follows: 02-46-46-462010-57310000 Department of Corrections, Prison Industries, Correctional Industries Invnty. 030-500326 Institutional Equip (Replace)

EXPLANATION

Pursuant to the provision of RSA 622:28-a, V, "any equipment purchase in excess of \$5,000 made under the provisions of this section shall require the prior approval of both the fiscal committee of the general court and the governor and council." The equipment to be purchased is a 48" Precision Sliding Table Screen Printer.

This equipment is used by the NH Department of Corrections, Correctional Industries' Sign Shop located inside the Concord Prison at 281 North State Street, Concord, NH. A screen printer allows for the application of inks to sign materials such as metals, woods and fabrics. It is used in over 40% of the signs manufactured in the sign shop. This acquisition will replace a Filbar 48" screen press from the 1970's that is broken and is beyond repair. Since the failure of the old screen press Correctional Industries has been forced to resort to the manual application of inks. The manual process is archaic, obsolete, prone to errors, and is of much lower quality. The manual process is also much slower resulting in reduced production times and overall shop output. It would be impossible for the Sign Shop to continue as a viable commercial operation without this piece of equipment.

In accordance with the provisions of RSA 21-I:11, IV, the Division of Plant and Property Management competitive bidding will be employed. A quote was received in the amount of \$30,488 from Systematic Automation Inc., quote attached.

TITLE LX CORRECTION AND PUNISHMENT

CHAPTER 622 THE STATE PRISONS

Prison Labor and Its Products

Section 622:28-a

622:28-a Industries Inventory Account. -

I. An industries inventory account shall be maintained to enable the state prisons to implement RSA 622:26-28. Except for permanent personnel, all operating expenses, materials, supplies, overtime and purchase and repair of equipment determined to be necessary for the growing or manufacture of products for resale shall be a proper charge against this account. Charges for the sale of goods and services produced by the industries program shall be sufficient to defray the expenditures charged against this account and any sums obtained therefrom shall be a credit to the account.

II. The state treasurer, upon presentation of manifests prepared by the commissioner of corrections and certified by the commissioner of administrative services, is authorized to pay for materials, supplies and equipment from any money in the treasury not otherwise appropriated.

III. The commissioner of corrections shall prepare a monthly profit and loss statement and at the end of each fiscal year shall file a report with the commissioner of administrative services in such format and containing such information as the commissioner of administrative services shall require. The commissioner of administrative services at the end of each fiscal year shall cause any profit which accrued during that year to lapse to the general fund.

IV. [Omitted.]

V. All purchases of materials, supplies, and equipment into the inventory account shall be made in accordance with the provisions of RSA 21-I:11 and any equipment purchase in excess of \$5,000 made under the provisions of this section shall require the prior approval of both the fiscal committee of the general court and the governor and council.

EXPLANATION

Most of these transfers reflect adjustments to various <u>Benefit</u> class lines to reflect the transfer of positions to the Offices of Information Services and Improvement & Integrity, which were part of the Department Re-design process. There is an increase in some lines and a decrease in others but there is no net change. The Department of Health and Human Services is embarking on an Organization Redesign in an effort to ensure DHHS remains a strong vital organization despite the continued challenging economic times. With the transition to Medicaid Care Management there are functions done in the past that are no longer needed since they have been transferred to the

The Honorable Neal M. Kurk, Chairman, and Her Excellency, Governor Margaret Wood Hassan May 26, 2015, Page 2

Managed Care Organizations (MCOs); there are functions that could and should be streamlined and consolidated; there are functions that are not getting done and others than need to strengthened. The Organization Redesign will be an assessment of the entire organization and this transfer represents realignment of the following.

Information Services- Positions related to management of information technology functions have been located across the Department in the organization of the primary users. Redesign has realigned these functions to report to the Chief Information Officer, with dotted line reporting to the users. This will enable restructuring of the positions to match skill sets with the new roles for supporting the new management structure and to ensure resource and information sharing among the programs.

Audit & Review- Financial compliance review functions were generally organized by funding source. The Redesign has realigned the functions to report to the Chief Financial Officer to take advantages of synergisms that exist among the staff. These financial reviews are integral to monitoring of provider billing practices and financial stability. They include tests of the internal controls in provider billing systems, follow-up on findings of outside auditors to ensure the provider is addressing weaknesses, and performing federally mandated subrecipient site reviews and A-133 audit monitoring.

The following is the information specifically required when transfers are requested, in accordance with the Budget Officer's instructional memorandum dated April 17, 1985, to support the above requested actions:

- A. Justification:
 - These transfers of appropriations align the budget authorities with the current organization structure.
- B. Does this transfer involve continuing programs or one-time projects? This transfer involves continuing programs.
- C. Is this transfer required to maintain existing program levels or will it increase the program level?

 This transfer is required to maintain existing program levels.
- D. Cite any requirements which make this program mandatory.

 The programs of the Department are mandated by various state and federal laws.
- E. Identify the source of funds on all accounts listed on this transfer.

 See the attached worksheet for the source of funds for all accounts.
- F. Will there be any effect on revenue if this transfer is not approved?

 The effect on revenue, including Federal participation, as a result of this transfer is detailed in the attached appendix.
- G. Are funds expected to lapse if this transfer is not approved?

 It is anticipated that some funds will lapse whether this transfer is approved or not.
- H. Are personnel services involved?

 No positions are being transferred as a result of this request.

An appendix is attached which summarizes the changes across the Department,

Respectfully submitted,

Micholas A. Toump

Commissioner

EXPLANATION

These transfers reflect adjustments to various class lines to address projected expenses in the Department and the transfer of positions to the Offices of Information Services and Improvement & Integrity, which were part of the Department Re-design process. Expenditure patterns for the year-to-date SFY 2015 have been analyzed and taken into consideration when projecting expenditures for the balance of the year. Based upon this review, a number of accounts were found to require additional funds, while other accounts were experiencing less than originally anticipated expenditures. This transfer will provide for the continued efficient operation of the Department.

The following is the information specifically required when transfers are requested, in accordance with the Budget Officer's instructional memorandum dated April 17, 1985, to support the above requested actions:

A. Justification:

See the attached appendix for justification of the availability of funds and required additional funds.

- B. Does this transfer involve continuing programs or one-time projects? This transfer involves continuing programs.
- C. Is this transfer required to maintain existing program levels or will it increase the program level? This transfer is required to maintain existing program levels.
- D. Cite any requirements which make this program mandatory.

 The programs of the Department are mandated by various state and federal laws.
- E. Identify the source of funds on all accounts listed on this transfer. See the attached worksheet for the source of funds for all accounts.
- F. Will there be any effect on revenue if this transfer is not approved?

 The effect on revenue, including Federal participation, as a result of this transfer is detailed in the attached appendix.

The Honorable Neal M. Kurk, Chairman, and Her Excellency, Governor Margaret Wood Hassan May 26, 2015, Page 3

- G. Are funds expected to lapse if this transfer is not approved?

 It is anticipated that some funds will lapse whether this transfer is approved or not.
- H. Are personnel services involved?No positions are being transferred as a result of this request.

An appendix is attached which summarizes the changes across the Department.

Respectfully submitted,

Nicholas A. Toumpas Commissioner

EXPLANATION

These transfers reflect adjustments to various expense accounts to address projected expenses in the Department. Expenditure patterns for the past eleven months of SFY 2015 have been analyzed and taken into consideration when projecting expenditures for the remainder of the fiscal year. Based upon this review, a number of accounts where found to require additional funds, while other accounts were experiencing less than originally anticipated expenditures. This transfer will provide for the continued efficient operation of the Department.

The following is the information specifically required when transfer are requested, in accordance with the Budget Officer's instructional memorandum dated April 17, 1985, to support the above requested actions.

- A. Justification: The transfer consists of various payroll related transfers to cover deficits in class 018, overtime, and class 050, part-time salaries, due to budget estimates in areas being lower than anticipated; funds are available to cover these deficits in class 010 full-time salaries, other areas in class 050, part-time salaries, and class 059, temporary full-time, due to vacant positions and budget estimates higher than anticipated. Other areas requiring transfers for higher than anticipated expenditures are class 020, current expenses, class 023, utilities, class 030, equipment, and class 103, contracts for operational services; these deficits are being offset by reducing similar operating classes in other areas: class 023, utilities, class 026, organizational dues, class 030, equipment, class 048 contracted maintenance, class 057, books, class 066, employee training, and class 210, bonding insurance, due to lower than anticipated expenses.
- B. Does this transfer involve continuing programs or one-time projects? This transfer involves continuing programs;
- C. Is this transfer required to maintain existing program levels or will it increase the program level? This transfer is required to maintain existing program levels;
- D. Cite any requirements which make this program mandatory. The programs for the Department are mandated by various state and federal laws;
- E. Identify the source of funds on all accounts listed on this transfer. See the attached worksheet for the source of funds for all accounts;
- F. Will there be any effect on revenue if this transfer is not approved? There is no anticipated effect on revenue as a result of this transfer;
- G. Are funds expected to lapse if this transfer is not approved? It is anticipated that some funds will lapse whether this transfer is approved or not;
- H. Are personnel services involved? All transfers of funds into class 018 overtime, and class 050, part-time salaries, are to support existing budgeted positions and not for the creation of any new positions.

The Department has conducted a detailed review of every line item in the budget to ensure that available funds are maximized to the greatest degree possible.

Respectfully submitted,

Vicki V. Quiram Commissioner

EXPLANATION

The Department requests authorization to transfer budgeted account funds among the various accounts in order to pay for services incurred in meeting the State's transportation demands. Specific explanations relating to the Department's spending requests are as follows:

Office of Stewardship & Compliance (5031) 100.0% Highway Funds

- Class 018 Increase Overtime by \$500. Increased overtime is a result of traveling time to and at each audit exceeding the estimated amount of travel time for audits.
- Class 070 Increase In-State Travel Reimbursement by \$500. The random audits selected in Fiscal Year 2015 have generated higher travel costs than the average travel costs anticipated.

Executive Office (3038) 40.02% Federal Funds, 1.36% Agency Income and 58.62% Highway Funds

- Class 018 Decrease Overtime by \$500. Overtime will be managed to accommodate this request.
- Class 070 Decrease In-State Travel Reimbursement by \$500. In-state travel needs were reduced in Fiscal Year 2015 due to use of state vehicles.

Division of Finance (3001) 34.07% Federal Funds, 2,16% Agency Income and 63.77% Highway Funds

- Class 020 Decrease Current Expense by \$2,500. Current Expenses will be managed to accommodate this request.
- Class 039 Increase Telecommunications by \$2,500. Higher expenses in telecommunications (voice and data) as a result of a full year of costs for a new phone system.

Winter Maintenance (2928) 99.38% Highway Funds and 0.62% Intra-Agency Income

- Class 022 Decrease Rents-Leases Other than State by \$6,000 will be managed to accommodate this request.
- Class 050 Increase Personal Services-Temporary by \$6,000. Due to the severity of the winter, the expenditures in this class line for snow removal activities and related equipment usage will exceed the budgeted amount.

Traffic Operations (3009) 45.80% Federal Funds, 3.85% Intra Agency Income, 1.97% Agency Income and 48.38% Highway Funds

- Class 020 Decrease Current Expense by \$3,000. Current Expenses will be managed to accommodate this request.
- Class 039 Increase Telecommunications by \$3,000. Higher expenses in telecommunications (voice and data) as a result of a full year of costs for a new phone system.

- Class 050 Increase Personal Services Temp by \$2,000. Higher expenses due to seasonal employees' holiday pay. No additional temporary personnel are being hired; only current approved positions are being utilized. It has been determined that sufficient funds remain in Budgeted Benefits.
- Class 059 Decrease Temp Full Time by \$2,000. The mix of Class 050 and 059 personnel varies due to hiring conditions and more Class 050 personnel were used in Fiscal Year 2015.

Lift Bridge Operations (5034) 32.60% Private Local Funds, 1.49% Agency Income and 65.91% Highway Funds

- Class 039 Increase Telecommunications by \$500. Higher expenses in telecommunications (voice and data) as a result of a full year of costs for a new phone system.
- Class 080 Decrease Out of State Travel Reimbursement by \$500 as travel requirements have been reduced in Fiscal Year 2015.

Trans Planning Bureau (3021) 32.85% Federal Funds, 7.05% Agency Income and 60.10% Highway Funds

- Class 020 Decrease Current Expense by \$1,200. Current Expenses will be managed to accommodate this request.
- Class 039 Increase Telecommunications by \$1,200. Higher expenses in telecommunications (voice and data) as a result of a full year of costs for a new phone system.

Highway Design Bureau (3025) 85.69% Federal Funds, 5.74% Agency Income and 8.57% Highway Funds

- Class 018 Decrease Overtime by \$10,500. Overtime will be managed to accommodate this request.
- Class 039 Increase Telecommunications by \$10,500. Higher expenses in telecommunications (voice and data) as a result of a full year of costs for a new phone system.

Materials Research (3034) 74.09% Federal Funds, 8.22% Agency Income and 17.69% Highway Funds

- Class 039 Increase Telecommunications by \$1,800. Higher expenses in telecommunications (voice and data) as a result of a full year of costs for a new phone system.
- Class 070 Decrease In State Travel Reimbursement by \$1,800. In-state travel needs were reduced in Fiscal Year 2015 due to use of state vehicles.

The following is provided in accordance with the Budget Officer's instructional memorandum dated April 17, 1985 to support the above requested actions:

- 1. Does transfer involve continuing programs or one-time projects?

 Transfers are for continuing programs (not one-time).
- 2. Is this transfer required to maintain existing program level or will it increase program level? Transfers are to maintain existing program levels (no increase in program level).
- Cite any requirements, which make this program necessary.
 RSA 21-L:2, in part, establishes that the Department will be responsible for planning, developing, and maintaining a state transportation network. This transfer will facilitate the accomplishment of this responsibility.
- Identify the source of funds on all accounts listed on this transfer.
 Source of funds is Federal Funds, Private Local Funds, Intra Agency Transfer, Highway Funds and Agency Income.
- 5. Will there be any effect on revenue if this transfer is approved or disapproved? This transfer will have no effect on revenue.

- 6. Are funds expected to lapse if this transfer is not approved?

 Should funds lapse as a result of not approving this request, such funds will lapse to their respective account fund balances.
- 7. Are personal services involved?

 No new positions are requested with this transfer.

Your approval of this resolution is respectfully requested.

Sincerely,

William Cass, P.E. Assistant Commissioner

THE STATE OF NEW HAMPSHIRE DEPARTMENT OF TRANSPORTATION

WILLIAM CASS, P.E. ASSISTANT COMMISSIONER

Bureau of Turnpikes May 22, 2015

The Honorable Neal M. Kurk, Chairman Fiscal Committee of the General Court State House Concord, New Hampshire 03301

Her Excellency, Governor Margaret Wood Hassan and the Honorable Council State House Concord, New Hampshire 03301

REQUESTED ACTION

Pursuant to Chapter 144:95 Laws of 2013, authorize the Department of Transportation to transfer \$13,500 within Turnpike Fund accounting units and classes effective upon Fiscal Committee and the date of Governor and Council approval through June 30, 2015, as follows:

EXPLANATION

The Department requests authorizations to transfer funds among the various accounts in order to pay for services incurred in meeting the State's transportation demands. Specific explanations relating to the Department's spending requests are as follows:

NH Turnpike Administration - Support (70220000) - 100% Turnpike Funds:

Class 019 Increase Holiday Pay by \$1,000. Additional holiday pay is needed to support higher than anticipated winter maintenance efforts performed by Maintenance Superintendent, Maintenance Supervisors and Maintenance Mechanics. Due to the severity and timing of winter storms, these employees have had to work a higher than anticipated number of holidays either plowing or overseeing the plowing and winter cleanup activities.

Class 020 Decrease Current Expense by \$1,000. This account will have a surplus due to savings realized through the consolidation of consumable inventories.

Central NH Turnpike Maintenance (70270000) – 100% Turnpike Funds:

- Class 020 Decrease Current Expense by \$1,000. This account will have a surplus due to savings realized through the consolidation of consumable inventories.
- Class 070 Increase In-State Travel by \$1,000. Additional mileage reimbursement is needed to support higher than anticipated winter maintenance efforts and call-backs of maintenance crews.

<u>Eastern NH Turnpike Spaulding Maintenance (70370000) – 100% Turnpike Funds:</u>

- Class 023 Increase Heat, Electricity and Water by \$10,000. This transfer will allow payment of higher than expected utility expenses due to the severity of the 2014-2015 winter season.
- Class 070 Increase In-State Travel by \$1,500. Additional mileage reimbursement is needed to support higher than anticipated winter maintenance efforts and call-backs of maintenance crews.
- Class 103 Decrease Contracts for Operational Services by \$11,500. This account will have a surplus due to lower than expected generator repairs and other operational services.

The following is provided in accordance with the Budget Officer's instructional memorandum dated April 17, 1985 to support the above requested actions:

- 1. Does transfer involve continuing programs or one-time projects? Transfers are for continuing programs.
- 2. Is this transfer required to maintain existing program level or will it increase program level?

 Transfers are to maintain existing program levels (no increase in program level).
- Cite any requirements, which make this program necessary.
 RSA 21-L:2, in part, establishes that the Department will be responsible for planning, developing and maintaining a State transportation network. This transfer will facilitate the accomplishment of this responsibility.
- 4. Identify the source of funds on all accounts listed on this transfer. Source of funds: Turnpike Funds.
- 5. Will there be any effect on revenue if this transfer is approved or disapproved? This transfer will have no effect on revenue.
- 6. Are funds expected to lapse if this transfer is not approved? Funds would lapse back to the Turnpike Fund.
- 7. Are personal services involved?

 No personal services are involved.

It is respectfully requested that this resolution be approved.

Sincerely,

William Cass, P.E.

Assistant Commissioner

OFFICE OF THE COMMISSIONER 25 Capitol Street – Room 120 Concord, New Hampshire 03301

VICKI V. QUIRAM Commissioner (603)-271-3201 JOSEPH B. BOUCHARD Assistant Commissioner 603)-271-3204

June 4, 2015

The Honorable Neal M. Kurk, Chairman Fiscal Committee of the General Court State House Concord, New Hampshire 03301

Dear Representative Kurk:

INFORMATIONAL ITEM

In accordance with Chapter 319:32, Laws of 2003, State Employee Health Insurance; Administrative Services Reporting, I respectfully submit this report regarding the self-funded Health Benefits Program.

A. Program Activity:

Cash Basis: The beginning Cumulative Cash Fund Balance as of July 1, 2014 was \$54.4m. To this balance subtract \$13.4m, which represents Revenue less Expenditures from July 1, 2014 through May 31, 2015. The Ending Cumulative Cash Fund Balance at May 31, 2015 is \$40.9m.

	FY 2015 (000's)
Cumulative Cash Fund Balance (July 1, 2014)	\$ 54,365
Plus: Program Revenue Collected	\$ 223,312
Less: Total Expenditures	\$ 236,743
Revenue less Expenditures (July 1 – May 31, 2015)	\$ (13,431)
Cumulative Cash Fund Balance (May 31, 2015)	<u>\$ 40,934</u>
Course: MLI EIDCT	

Accrual Basis: The above amounts are cash basis only and do not take into consideration IBNR, statutory reserve, accounts payable or receivables. To arrive at a true fund balance as of May 31, 2015, we must start with the Cumulative Cash Fund Balance as of that date and subtract the IBNR (Incurred but not Reported) reserve and the statutory reserve. Then we must add outstanding receivables earned and realized or realizable and payables incurred as of May 31, 2015. The Cumulative Accrual Fund Balance at May 31, 2015 is \$6.9m.

FY 2015

(000's)

Cumulative Cash Fund Balance (May 31, 2015)	\$ 40,934
Less: IBNR & Statutory Reserve	\$ 28,927
Add: Program Revenue Earned (estimate as of May 31, 2015)	\$ 9,573
Less: Program Expenses Incurred (estimate as of May 31, 2015)	\$ 14,722
Cumulative Accrual Fund Balance (May 31, 2015)	<u>\$ 6,858</u>

B. <u>Estimated Cumulative Accrual Fund Balance</u>: As indicated above, the Program's cumulative accrual fund balance as of May 31, 2015 is \$6.9m and encompasses surplus for retirees and actives.

It is important to note that working rates are set on a calendar year basis based on an average rate for the midpoint of the year. Accordingly, working rates are expected to generate a surplus at the beginning of the calendar year that may be spent down in the last six months of the year.

C. <u>Dental Working Rate Holiday</u>: The State implemented a dental working rate holiday for dental benefit subscribers to refund accumulated dental fund surplus. The total amount to be spent down as a result of the dental holiday is estimated to be \$1.4m, all funds.

The dental holiday was applied to employees and agencies as a one-time refund using a NHFIRST payroll deduction on May 29, 2015. Statutorily Authorized Groups with employees enrolled in the dental benefit will receive the dental holiday as a dental premium credit on the health and dental insurance premium invoice starting June 2015. Additionally, Legislator subscribers will realize the dental holiday as a credit on their 2015 third and fourth quarter invoices for dental insurance premium from Delta Dental.

I am available to address any questions you may have.

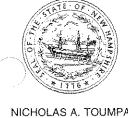

Respectfully Submitted,

Vicki V. Quiram Commissioner

The Honorable Neal M. Kurk, Chairman Fiscal Committee of the General Court State House Concord, NH 03301

INFORMATIONAL ITEM - Dashboard - May 2015

Information

The Department of Health and Human Services provides the monthly dashboard report to inform policy makers as to the status on demand for services in entitlement programs. The purposes of this dashboard are to:

- 1. Provide summary information on enrollments in several high cost programs,
- 2. Monitor high level fiscal issues to ensure sufficient funding is available for entitlement programs and for programs intended by the legislature, and to
- 3. Provide a summary of significant administrative and operations initiatives.

Explanation

Mission

The Department's mission is "to join communities and families in providing opportunities for citizens to achieve health and independence." The majority of individuals serviced by the Department fall into four groups and programs to help these individuals require different approaches with differing objectives.

- Permanently Disabled Individuals include the developmentally disabled, frail elderly and those with mental health issues who require long-term care services. The objective is to help them maximize their independence, to allow to the extent it is safe for the individual, to live within a community, while recognizing that for many there will always be a need for long-term services and supports.
- Temporarily Low Income Individuals are those who have exhausted their financial resources due a loss of
 employment, divorce or temporary health issues. These individuals have the ability to likely recover their
 independence when jobs are available or their current crises are overcome with the appropriate interim
 supports.
- Individuals who qualify for subsidized health care under the federal Affordable Care Act receive assistance in selecting and paying for health care coverage as provided for under the New Hampshire Health Protection Program.
- Chronically Low Income Individuals are the most complex. Breaking the cycle of poverty for the
 chronically low income requires a commitment from public and State leaders to invest in programs that will
 support a coordinated Statewide effort including, not only the Department of Health and Human Services,
 but also Education, Corrections and Employment Security.
- For the eleven months ended May 2015, the Department provided services to an average of 183,862 individuals, which was 18.6% higher than the previous year (Table 1). The increase is related to two changes in the Medicaid medical assistance program: 1) increases in enrollment caused by federal changes in eligibility criteria as part of the Modified Adjusted Gross Income (MAGI) methodology of the Affordable Care Act, and 2) implementation of the NH Health Protection Program. (Table 2)

Caseload Trends

While total caseloads are showing increases versus prior year, these increases are entirely related to changes in the Medicaid health care program as noted above. Within this macro trend are decreases in certain programs:

- Referrals to and assessments by DCYF have increased by 5%, yet the number of children in foster care and residential placement has declined by 3% from last year and by 10% from SFY13 and the number of children placed at the Sununu Youth Services Center has declined by 25% from last year indicating continued improvement in finding community-based solutions.
- The number of individuals on Financial Assistance to Needy Families has declined by 11.5%
- The number of individuals on APTD cash assistance has continued to decline as a result of effectiveness of the SSA Facilitation Unit assisting clients in getting social security benefits.
- The number of elderly on Medicaid and eligible for nursing assistance has remained steady at approximately 7,100 to 7,200 in spite of the fact that the census of people 65+ in New Hampshire has been increasing at 6%+ plus per year. To qualify for Medicaid long term care, a person must be elderly AND indigent AND disabled. According to a U.S. census report, the trend toward lower census in long term care facilities is national and a report from the industry trade group, American Health Care Association shows the number of residents of long term care facilities has declined slightly, but the acuity level has increased.

Funding Issues

On Table A of the dashboard, a shortfall of approximately \$50+ million in general funds has been projected for SFY15 since the beginning of the year. This shortfall is primarily related to the following developments:

- Changes in federal eligibility standards for Medicaid that have resulted in growth in the Medicaid caseload separate and apart from the New Hampshire Health Protection Program;
- Administrative (start-up and operational) costs for New Hampshire Health Protection Program that were not funded with the enactment of the program;
- Delayed implementation of Medicaid Care Management;
- Required changes to the Department's information systems, including to meet federal certification requirements and to comply new nationwide Medicaid coding criteria; and
- A \$7 million appropriation reduction imposed on the Department in the SFY14-15 budget.

While a number of actions were taken early in the year to reduce costs such as maintaining a high number of vacant positions and maximizing use of federal funds where available, these actions were insufficient to resolve the shortfalls and it was projected that funds that would otherwise lapse would be needed to maintain funding for entitlement programs. During the past few months, spending for services for developmentally disabled clients has been lower than budgeted and will result in a significant surplus.

Transformation

During the past months, the Department embarked upon a number of initiatives that will transform the way services are delivered and these initiatives will remain the focus for change for the next biennium. These include:

- Integration of Long Term Support Services into Medicaid Care Management
- Implementation of Community Mental Health Agreement and 10 Yr. Mental Health Strategic Plan
- Service innovation to achieve a vision of a regional and integrated service system
- Implementation of the New Hampshire Health Protection Program
- District Office Modernization: Client Service Center to create a Single Point of Entry to DHHS for clients/customers, ensure First Call Resolution of client issues, and expanded use of web-based service models
- DHHS Redesign to build an organization that improves the health and independence of the people we serve, by emphasizing a proactive and holistic approach to addressing their needs.

The Honorable Neal M. Kurk Page 4 June 16, 2015

Summary

The Department has continually strived to deliver high quality and cost-effective services to individuals requiring support services and to the taxpayers who fund those services and to improve the value of the services delivered. Successful transition to a new business structure, however, is challenged by continuing reduction in resources and resistance from existing delivery systems and stakeholders.

Respectfully submitted,

Nicholas A. Toumpast Commissioner
