Concord, NH: House Speaker Sherman Packard (R-Londonderry) released the following statement after President Biden’s latest executive order related to vaccine mandates and private businesses:

“Rules for NH businesses should originate in NH. We believe in letting private businesses make their own decisions. This latest executive order coming out of Washington, D.C. is another example of federal overreach. The New Hampshire House will continue to work hard to protect our citizens and Main Street businesses from the insanity that has taken over the Biden administration.”
