24 are Medicaid recipients.

25 (2) For fiscal year 2010, \$2,000,000 shall be allocated among the counties based upon

18 arrears pursuant to implementation of 2020, 26:12 through 2020, 26:29 in existence as of the  
19 effective date of any court order rendered pursuant to this act.

20           34 Department of Health and Human Services; Program Eligibility; Additional Revenues. For  
21 the biennium ending June 30, 2023, the department of health and human services shall not

23 committee and the senate health and human services committee and the approval of the fiscal  
24 committee of the general court and governor and council, any change to program eligibility  
25 standards or benefit levels that might be expected to increase or decrease enrollment in the program  
26 or increase expenditures from any source of funds; provided, however, that no such prior approval  
27 shall be required if a change to a federal program in which the state is participating as of the  
28 effective date of this section is required by federal law.

29           35 Department of Health and Human Services; Change in Federal Match Revenue. During the  
30 biennium ending June 30, 2023 any item submitted to the fiscal committee of the general court  
31 which increases a draw on federal funds, as a result of miscalculation of or change in the state's  
32 share of a federal match program in excess of \$100,000 in an accounting unit, shall include an

1 funding available from the state pursuant to Title XIX of the Social Security Act to the minimum  
2 extent necessary to comply with federal conditions for the state's participation in the Medicaid  
3 program. Any contract awarded to a family planning project shall contain all of the following  
4 provisions: (1) that no state funds shall be used to subsidize abortions, either directly or indirectly;  
5 (2) that the family planning project will permit the commissioner of the department of health and  
6 human services, or his or her designated agent or delegate, to inspect the financial records of the

8 year, the commissioner shall certify, in writing, to the governor and council that he or she,

11 department have been used to provide abortion services; and (4) that if the commissioner fails to  
12 make such certification or if the governor and executive council, based on evidence presented by the  
13 commissioner in his or her certification, find that state funds awarded by the department have been  
14 used to provide abortion services, the grant recipient shall either: (a) be found to be in breach of the  
15 terms of such contract, grant, or award of funds and forfeit all right to receive further funding; or (b)  
16 suspend all operations until such time as the state funded family planning project is physically and  
17 financially separate from any reproductive health facility, as defined in RSA 132:37.

18 37 Title. Sections 37-40 of this act may be known and cited as the “Fetal Life Protection Act.”

19 38 Legislative Findings and Purpose.

20 I. The general court finds that:

21 (a) The prohibition of late-term abortion is supported by history and the common law.  
22 The Hippocratic Oath as Literary Text: A Dialogue Between Law and Medicine, 2 Yale J. Health  
23 Policy L. & Ethics 299, 308 (discussing the Hippocratic Oath’s prohibition on abortion); Digest of  
24 Justinian: Digest 4.48.8.8 (classifying abortion as a form of homicide); 2 Bracton on Laws and  
25 Customs of England 341 (S. Thorne trans. 1968) (classifying abortion as a form of homicide  
26 “especially if [the fetus] is quickened”); 1 W. Blackstone, Commentaries on the Law of England 125  
27 (1773) (stating that the common law has historically prohibited abortion “as soon as an infant is able  
28 to stir in the mother’s womb.”). The New Hampshire supreme court has observed that “The common  
29 law has always been most solicitous for the welfare of the fetus in connection with its inheritance  
30 rights as well as protecting it under the criminal law.” *Poliquin v. Donald*, 101 N.H. 104, 107 (1957).

31 (b) The United States Supreme Court, in holding that the United States Constitution  
32 protects abortion, also stated that “The pregnant woman cannot be isolated in her privacy. She  
33 carries an embryo and, later, a fetus... The situation therefore is inherently different from marital  
34 intimacy [etc.]... it is reasonable and appropriate for a State to decide that at some point in time  
35 another interest, that of... [fetal] life, becomes significantly involved. The woman's privacy is no  
36 longer sole and any right of privacy she possesses must be measured accordingly.” *Roe v. Wade*, 410  
37 U.S. 113, 159 (1973).

**Committee of Conference Report on HB 2-FN-A-LOCAL**  
**- Page 15 -**

1 (c) The *Roe* Court specifically rejected the view that “the woman's right is absolute and  
2 that she is entitled to terminate her pregnancy at whatever time, in whatever way, and for whatever  
3 reason she alone chooses.” *Roe v. Wade*, 410 U.S. 113, 153 (1973).

4 (d) The *Roe* Court affirmed that “For the stage subsequent to viability, the State in  
5 promoting its interest in the potentiality of human life may, if it chooses, regulate, and even  
6 proscribe, abortion except where it is necessary, in appropriate medical judgment, for the  
7 preservation of the life or health of the mother.” *Roe v. Wade*, 410 U.S. 113, 164-165 (1973).

8 (e) The United States Supreme Court, in rejecting the trimester framework of *Roe*,  
9 reaffirmed “the State's power to restrict abortions after fetal viability, if the law contains exceptions  
10 for pregnancies which endanger the woman's life or health” and stated that “the State has legitimate  
11 interests from the outset of the pregnancy in protecting... the life of the fetus that may become a  
12 child.” *Planned Parenthood v. Casey*, 505 U.S. 833, 846 (1992).

13 (f) Already in 1973, the Supreme Court had observed that “Viability is usually placed at  
14 about seven months (28 weeks) but may occur earlier, even at 24 weeks.” *Roe v. Wade*, 410 U.S. 113,  
15 160 (1973). Since that time, however, there has been “dramatic improvement in survival for infants  
16 born at the border of viability ( $\leq 24$  weeks).” Barbara Luke and Morton B. Brown, The changing risk  
17 of infant mortality by gestation, plurality, and race: 1989-1991 versus 1999-2001, *Pediatrics*, Dec.  
18 2006, 118 (6): 2488-2497.

19 (g) The Supreme Court has observed that “In some broad sense it might be said that a  
20 woman who fails to act before viability has consented to the State's intervention on behalf of the  
21 developing child.” *Planned Parenthood v. Casey*, 505 U.S. 833, 870 (1992).

22 (h) New Hampshire has historically seen the fetus as a separate entity from the mother  
23 with distinct legal interests. *Bennett v. Hymers*, 101 N.H. 483, 485 (1958) (“We adopt the opinion  
24 that the fetus from the time of conception becomes a separate organism and remains so throughout  
25 its life.”); N.H. Rev. State. Ann § 630:1-a: IV (stating that “the meaning of ‘another’ shall include a  
26 fetus” under specified criminal laws).

27 (i) “[R]espect for the dignity of human life” is a legitimate state purpose. *Gonzales v.*  
28 *Carhart*, 550 U.S. 124, 157 (2007). The United States Supreme Court has said that “Respect for  
29 human life finds an ultimate expression in the bond of love the mother has for her child... While we  
30 find no reliable data to measure the phenomenon, it seems unexceptionable to conclude some women  
31 come to regret their choice to abort the infant life they once created and sustained.” *Id.* at 159.

32 (j) In addition, there is substantial medical evidence that a fetus by at least 20 weeks’  
33 gestation has the capacity to feel pain during an abortion. K. Anand and P. R. Hickey, Pain and its  
34 effects in the human neonate and fetus, *N.E.J.M.*, 1987, 317:1321.

35 II. Based on the findings in paragraph I, the general court’s purposes in promulgating this  
36 act are:

**Committee of Conference Report on HB 2-FN-A-LOCAL**  
**- Page 16 -**

1 (a) Based on the state’s interest in protecting fetal life, to prohibit abortions at or after  
2 24 weeks gestation, except in cases of a medical emergency.

3 (b) To define “medical emergency” to encompass “significant health risks,” namely those  
4 circumstances in which a pregnant woman’s life or a major bodily function is threatened. *Gonzales v.*  
5 *Carhart*, 550 U.S. 124, 161 (2007).

6 39 New Subdivision; Fetal Life Protection Act. Amend RSA 329 by inserting after section 42 the  
7 following new subdivision:

8 Fetal Life Protection Act

9 329:43 Definitions. In this subdivision:

10 I. “Abortion” means the act of using or prescribing any instrument, medicine, drug, or any  
11 other substance, device, or means with the intent to terminate the clinically diagnosable pregnancy  
12 of a woman with knowledge that the termination by those means will with reasonable likelihood  
13 cause the death of the fetus. Such use, prescription, or means is not an abortion if done with the  
14 intent to:

- 15 (a) Save the life or preserve the health of the fetus;
- 16 (b) Remove a dead fetus caused by spontaneous abortion; or
- 17 (c) Remove an ectopic pregnancy.

18 II. “Attempt to perform” means an act or omission of a statutorily required act that, under  
19 the circumstances as the actor believes them to be, constitutes a substantial step in a course of  
20 conduct planned to culminate in the performance or inducement of an abortion.

21 III. “Conception” means the fusion of a human spermatozoon with a human ovum.

22 IV. “Gestational age” means the time that has elapsed since the first day of the woman’s last  
23 menstrual period.

24 V. “Major bodily function” includes, but is not limited to, functions of the immune system,  
25 normal cell growth, and digestive, bowel, bladder, neurological, brain, respiratory, circulatory,  
26 endocrine, and reproductive functions.

27 VI. “Medical facility” means any public or private hospital, clinic, center, medical school,  
28 medical training institution, health care facility, physician’s office, infirmary, dispensary,  
29 ambulatory surgical treatment center, or other institution or location wherein medical care is  
30 provided to any person.

31 VII. “Health care provider” means any person who provides health care services. The term  
32 includes but is not limited to medical doctors, doctors of osteopathy, nurses, or any employee of a  
33 medical facility.

34 VIII. “Pregnant” or “pregnancy” means the female reproductive condition of having one or  
35 more developing embryos or fetuses implanted in the uterus or elsewhere in the female body.

**Committee of Conference Report on HB 2-FN-A-LOCAL**  
**- Page 17 -**

1 IX. "Probable gestational age" means what, in reasonable medical judgment, will with  
2 reasonable probability be the gestational age of the fetus at the time the abortion is considered,  
3 performed, or attempted.

4 X. "Reasonable medical judgment" means that medical judgment that would be made by a  
5 reasonably prudent health care provider in the community, knowledgeable about the case and the  
6 treatment possibilities with respect to the medical conditions involved.

7 XI. "Fetus" means an unborn offspring, from the embryo stage which is the end of the  
8 twentieth week after conception or, in the case of in vitro fertilization, the end of the twentieth week  
9 after implantation, until birth.

10 329:44 Prohibition.

11 I. Except in the case of a medical emergency as specifically defined in paragraph III, no  
12 abortion shall be performed, induced, or attempted by any health care provider unless a health care  
13 provider has first made a determination of the probable gestational age of the fetus. In making such  
14 a determination, the health care provider shall make such inquiries of the pregnant woman and  
15 perform or cause to be performed all such medical examinations, imaging studies, and tests as a  
16 reasonably prudent health care provider in the community, knowledgeable about the medical facts  
17 and conditions of both the woman and the fetus involved, would consider necessary to perform and  
18 consider in making an accurate diagnosis with respect to gestational age, provided, however, that  
19 the health care provider shall conduct an obstetric ultrasound examination of the patient for the  
20 purpose of making the determination.

21 II. Except in a medical emergency as specifically defined in paragraph III, no health care  
22 provider shall knowingly perform, induce, or attempt to perform an abortion upon a pregnant  
23 woman when the probable gestational age of her fetus has been determined to be at least 24 weeks  
24 or in the absence of a determination by a health care provider pursuant to paragraph I as to the  
25 fetus' probable gestational age.

26 III. For the purposes of this subdivision only, "medical emergency" means a condition in  
27 which an abortion is necessary to preserve the life of the pregnant woman whose life is endangered  
28 by a physical disorder, physical illness, or physical injury, including a life-endangering physical  
29 condition caused by or arising from the pregnancy itself, or when continuation of the pregnancy will  
30 create a serious risk of substantial and irreversible impairment of a major bodily function, as defined  
31 in RSA 329:43, V, of the pregnant woman.

32 329:45 Reporting.

33 I. Any health care provider who performs an abortion under this subdivision shall report, in  
34 writing, to the medical facility in which the abortion is performed the reason for the determination  
35 that a medical emergency existed. The health care provider's written report shall be included in a  
36 written report from the medical facility to the department of health and human services. If the  
37 abortion is not performed in a medical facility, the health care provider shall report, in writing, the

1 reason for the determination that a medical emergency existed to the department of health and  
2 human services as part of the written report made by the health care provider to the department.  
3 The health care provider and the medical facility shall retain a copy of the written reports required  
4 under this section for not less than 5 years.

5 329:46 Criminal Penalties. Any health care provider who knowingly performs or induces an  
6 abortion in violation of this subdivision and knows that the fetus has a gestational age of at least 24  
7 weeks, or consciously disregards a substantial risk that the fetus has a gestational age of at least 24  
8 weeks, shall be guilty of a class B felony and, in addition to any other penalties the court may  
9 impose, be fined not less than \$10,000 and not more than \$100,000.

10 329:47 Civil Remedies.

11 I. The woman, the father of the fetus if married to the mother at the time she receives an  
12 abortion in violation of this subdivision, and/or, if the mother has not attained the age of 18 years at  
13 the time of the abortion, the maternal grandparents of the fetus may in a civil action obtain  
14 appropriate relief, unless the pregnancy resulted from the plaintiff's criminal conduct or, if brought  
15 by the maternal grandparents, the maternal grandparents consented to the abortion.

24 51 Certain Differential Aid Calculations; Fiscal Year 2022.

25 I. Average Daily Membership in Attendance; Fiscal Year 2022. The commissioner of the  
26 department of education shall compare the average daily membership in attendance (ADMA),  
27 defined in RSA 198:38, for each district and town for school year 2019-2020 and school year 2020-  
28 2021. The greater enrollment shall be used to calculate the cost of an opportunity for an adequate  
29 education under RSA 198:40-a and relief funding under RSA 198:40-e for the fiscal year ending June  
30 30, 2022.

31 II. When determining ADMA for third grade pupils scoring below proficiency on the reading

1           52 Conditional Differential Aid Calculation For Pupils Eligible for a Free or Reduced Price Meal;  
2 Fiscal Year 2023.

3           I. If, as of any of the dates set forth in RSA 198:41, V, VI, or VII, either (a) the state of New  
4 Hampshire is in a declared state of emergency pursuant to RSA 4:45 as it relates to the COVID-19  
5 pandemic or (b) the U.S. Department of Agriculture has not rescinded the Child Nutrition Covid-19  
6 Waivers enacted in response to the pandemic, or both, then the department of education shall, in  
7 consultation with the governor, determine whether the alternative differential aid calculation set  
8 forth in paragraph II is required for fiscal year 2023 when making the required estimate or final  
9 determination described in RSA 198:41, V, VI, or VII as applicable.

10           II. Upon making a determination that the alternative differential aid calculation applies  
11 pursuant to paragraph I, the department of education shall divide each pupil in the ADMA who is  
12 eligible for a free or reduced price meal by the average daily member in attendance (ADMA), defined  
13 in RSA 198:38, for each district and town for school year 2019-2020. The percentage shall be applied  
14 to the ADMA for school year 2021-2022 to establish a new calculation of ADMA for who is eligible for  
15 a free or reduced price meal. The greater of the ADMA of pupils who are eligible for a free or  
16 reduced price meal for school year 2021-2022 and the new calculation based on the 2019-2020 school  
17 year percentage shall be used to calculate the differential aid under RSA 198:40-a, II(b) and relief  
18 aid under RSA 198:40-e.

19           53 New Section; Relief Funding. Amend RSA 198 by inserting after section 40-d the following  
20 new section:

21           198:40-e Relief Funding.

22           I. In a school district in which 48 percent or more of the ADMA is eligible to receive a free or  
23 reduced-priced meal, an additional \$600 for each pupil in the ADMA who is eligible for a free or  
24 reduced-priced meal.

25           II. In a school district in which at least 12 percent but less than 48 percent of the ADMA is  
26 eligible to receive a free or reduced-priced meal, an amount equal to \$150 plus \$0.1250 for each 0.01  
27 percent that its free or reduced-priced meal eligibility rate exceeds 12 percent, for each pupil in the  
28 ADMA who is eligible for a free or reduced-priced meal.

29           III. A school district in which less than 12 percent of the ADMA is eligible to receive a free or  
30 reduced-priced meal shall receive no additional aid under this section.

31           IV. The department of education shall adjust aid to each district calculated under this  
32 section to the statewide total of \$17,500,000. Adjustments under this paragraph shall be made on a  
33 pro-rata basis.

34           54 Additional Aid to Education. The governing body of a school district may call a special  
35 meeting pursuant to RSA 197:3-a to determine how any adjustment in education aid shall be  
36 budgeted.

1       55 Transfer; Education Trust Fund. At the close of the fiscal year ending June 30, 2021, the  
2 state treasurer shall transfer the sum of \$35,000,000 from the education trust fund surplus to a  
3 restricted account under the department of education for purposes of providing relief funding  
4 pursuant to RSA 198:40-e for fiscal years 2022 and 2023.

5       56 Effective Date. Section 55 of this act shall take effect June 30, 2021.

6       57 New Subparagraph. Amend RSA 198:41, I by inserting after subparagraph (c) the following  
7 new subparagraph:

8               (d) Add the municipality's additional aid for relief funding pursuant to RSA 198:40-e.

9       58 Department of Education; State Maintenance of Equity; Biennium Ending June 30, 2023.

10       I. For the biennium ending June, 30, 2023, the department of education shall determine, in  
11 consultation with the governor, whether the state of New Hampshire is compliant with the state  
12 maintenance of equity requirements of Section 2004(b) of the American Rescue Plan Act of 2021. If  
13 it is determined that the high-need and highest poverty local educational agencies as referenced in  
14 Section 2004(b) and defined in Section 2004(d) of the American Rescue Plan Act of 2021 have  
15 experienced a greater reduction in state aid per pupil than the state maintenance of equity  
16 requirements permit under the American Rescue Plan Act for either fiscal year 2022 or 2023, the  
17 department of education, with the approval of the fiscal committee of the general court, shall  
18 increase state aid to such agencies to bring the state into compliance.

19       II. If state aid is increased pursuant to paragraph I to achieve compliance with Section  
20 2004(b) of the American Rescue Plan Act of 2021, the department of education shall determine if the  
21 increase brings the state into compliance by eliminating an overall per-pupil reduction in state  
22 funds, in which case the department shall issue the state aid on a prorated basis to the local  
23 educational agency or agencies needing an increase in state aid in order to achieve compliance.

24       III. Any state aid distributed under this section shall be an education grant in addition to  
25 the state grant calculated under RSA 198:41 and shall be distributed to school districts accordingly.  
26 Depending on how the United States Department of Education allows states to define "pupil" as it  
27 relates to determining state aid per pupil under Section 2004(b) of the American Rescue Plan Act of  
28 2021, the department of education may experience delays in accurately collecting pupil data to meet  
29 the definition as defined by the United States Department of Education, thereby delaying the  
30 calculation of the grant award. If such delay occurs, the department of education may issue the  
31 grants described in this section up to 120 days after the end of the applicable fiscal year being  
32 assessed for compliance with federal law.

33       IV. In seeking fiscal committee approval and establishing grants under this section, the  
34 department of education may calculate the grants in manner that increases the likelihood of  
35 compliance with Section 2004(b) of the American Rescue Plan Act of 2021 while utilizing the  
36 minimum amount of state resources. The department of education may also make minor rounding

**Committee of Conference Report on HB 2-FN-A-LOCAL**  
**- Page 31 -**

1 adjustments to the grant awards under the condition all rounding adjustments are applied in a  
2 consistent and uniform manner.

3 V. In the event grants are required to be disbursed to districts, the commissioner of  
4 education may request the fiscal committee of the general court to authorize additional funding.  
5 Funds requested and approved shall be a charge to the education trust fund. Such warrants for  
6 payment shall be issued regardless of the balance of funds available in the education trust fund. If  
7 the balance in the education trust fund, after the issuance of any such warrant, is less than zero, the  
8 comptroller shall transfer sufficient funds from the general fund to eliminate such deficit. The  
9 commissioner of the department of administrative services shall inform the fiscal committee and the  
10 governor and council of such balance. This reporting shall not in any way prohibit or delay the  
11 distribution of any grant or transfer of funds authorized under this chapter.

12 59 Appropriation; Department of Education. For the biennium ending June 30, 2023, the sum of  
13 \$3,000,000 is hereby appropriated to the department of education for the purpose of funding  
14 operating costs for a state student data collection and reporting system. Said appropriation shall be  
15 a charge against the education trust fund.

16 60 Education Trust Fund Created and Invested. Amend RSA 198:39, I to read as follows:

17 I. The state treasurer shall establish an education trust fund in the treasury. Moneys in  
18 such fund shall not be used for any purpose other than to distribute adequate education grants to

29 pursuant to RSA 77-A:20-a, relative to business profits taxes.

30 (b) Funds certified to the state treasurer by the commissioner of revenue administration  
31 pursuant to RSA 77-E:14, relative to business enterprise tax.

14 61 Transfer; Education Trust Fund. The comptroller shall transfer the following amounts from

16 \$1,000,000 on July 1, 2021 and \$1,000,000 on July 1, 2022.

17 62 Public School Infrastructure Fund. Amend RSA 198:15-y to read as follows:

20 projects for public elementary and secondary schools. Therefore, it is the intent of this chapter to

22 school infrastructure projects in accordance with this chapter.

27 shall transfer the remainder of the general fund surplus for fiscal year 2017, as determined by the  
28 official audit performed pursuant to RSA 21-I:8, II(a), to the fund. Any earnings on fund moneys

21 technology.

22           (k) The production of electricity from any fossil-fueled generating facility that originally  
23 commenced operation prior to January 1, 2006, if after January 1, 2012 such facility co-fires with  
24 class I eligible biomass fuels to displace the combustion of an amount of fossil fuels. The portion of  
25 the total electrical energy output that qualifies as class I from a facility in a given time period shall  
26 be the fraction of electrical production derived from the combustion of biomass fuels based on the  
27 heat input at the facility in that time period as determined by the [~~commission~~] **department of**  
28 **energy** in consultation with the department. To qualify under this paragraph, the electricity  
29 generation facility that co-fires with biomass fuels shall:

30           (1) Either have a quarterly average nitrogen oxide (NOx) emission rate, as measured  
31 and verified under RSA 362-F:12, of less than or equal to 0.075 pounds/million British thermal units  
32 (lbs/Mmbtu) or be a participant in a plan approved by the department for reductions in NOx from  
33 other emission sources. The quantity of reductions required shall be the fraction of electrical  
34 production derived from the combustion of biomass fuels, as determined under this paragraph,  
35 multiplied by the difference between the generation unit's NOx emissions rate and the 0.075  
36 lbs/Mmbtu rate. The plan shall contain reductions, in the aggregate or individually, in NOx  
37 emissions from other emission sources under the jurisdiction of the department and demonstrate

**Committee of Conference Report on HB 2-FN-A-LOCAL**  
**- Page 101 -**

1 that the reductions will be quantifiable. The department shall expeditiously review the plan and, if  
2 approved, provide such information as it deems relevant to the ~~[commission]~~ **department of energy**.  
3 The application submitted to the ~~[commission]~~ **department of energy** under RSA 362-F:11 shall  
4 inform the ~~[commission]~~ **department of energy** of the plan and the ~~[commission]~~ **department of**  
5 **energy** shall certify the source in accordance with the plan approved by the department; and

6 (2) Either have an average particulate emission rate, as measured and verified  
7 under RSA 362-F:12, of less than or equal to 0.02 lbs/Mmbtu or be a participant in a plan approved  
8 by the department for reductions in particulate matter emissions from emission sources owned by or  
9 affiliated with the co-firing entity. The quantity of reductions required shall be the fraction of  
10 electrical production derived from the combustion of biomass fuels, as determined under this  
11 paragraph, multiplied by the difference between the generation unit's particulate matter emissions  
12 rate and the 0.02 lbs/Mmbtu rate. The plan shall contain reductions, in the aggregate or  
13 individually, in particulate matter emissions from other emission sources under the jurisdiction of  
14 the department and demonstrate that the reductions will be quantifiable. The department shall  
15 expeditiously review the plan and, if approved, provide such information as it deems relevant to the  
16 ~~[commission]~~ **department of energy**. The application submitted to the ~~[commission]~~ **department**  
17 **of energy** under RSA 362-F:11 shall inform the ~~[commission]~~ **department of energy** of the plan and  
18 the ~~[commission]~~ **department of energy** shall certify the source in accordance with the plan  
19 approved by the department.

20 237 Electric Renewable Energy Classes; Reference Change. Amend RSA 362-F:4, IV-VI to read  
21 as follows:

22 IV.(a) Class IV (Existing Small Hydroelectric) shall include the production of electricity from  
23 hydroelectric energy, provided the facility:

24 (1) Began operation prior to January 1, 2006;

25 (2) When required, has documented applicable state water quality certification  
26 pursuant to section 401 of the Clean Water Act for hydroelectric projects; and

27 (3) Either:

28 (A) Has a total nameplate capacity of 5 MWs or less as measured by the sum of  
29 the nameplate capacities of all the generators at the facility and has actually installed both  
30 upstream and downstream diadromous fish passages and such installations have been approved by  
31 the Federal Energy Regulatory Commission, or;

32 (B) Has a total nameplate capacity of one MW or less as measured by the sum of  
33 the nameplate capacities of all generators at the facility, is in compliance with applicable Federal  
34 Energy Regulatory Commission fish passage restoration requirements, and is interconnected with  
35 an electric distribution system located in New Hampshire.

1 (b)(1) Notwithstanding subparagraph (a), the ~~[commission]~~ **department of energy** shall  
2 re-certify as class IV renewable energy sources the facilities named in **public utilities** commission  
3 order numbers 24,940 and 24,952. These facilities are:

4 (A) The Canaan, Gorham, Hooksett, and Jackman hydroelectric facilities ~~[owned~~  
5 ~~by Public Service Company of New Hampshire]~~, which had been previously certified by the **public**  
6 **utilities** commission on September 23, 2008; and

7 (B) The North Gorham and Bar Mills projects owned by FPL Energy Maine  
8 Hydro, LLC which had been previously certified by the **public utilities** commission on October 30,  
9 2008.

10 (2) These facilities shall not qualify or be certified as class IV renewable energy  
11 sources after March 23, 2009, unless they meet the requirements of subparagraph (a). Such  
12 facilities shall be eligible for class IV renewable energy certificates for all electricity generated  
13 between the effective date of each facility's original certification by the **public utilities** commission  
14 through March 23, 2009. Such certificates shall have the same validity as any other class IV  
15 certificate issued under RSA 362-F, and may be sold, exchanged, banked, and utilized accordingly.

16 V. For good cause, and after notice and hearing, the commission may accelerate or delay by  
17 up to one year, any given year's incremental increase in class I or II renewable portfolio standards  
18 requirement under RSA 362-F:3.

19 VI. After notice and hearing, the ~~[commission]~~ **department of energy** may modify the class  
20 III and IV renewable portfolio standards requirements under RSA 362-F:3 for calendar years  
21 beginning January 1, 2012 such that the requirements are equal to an amount between 85 percent  
22 and 95 percent of the reasonably expected potential annual output of available eligible sources after  
23 taking into account demand from similar programs in other states.

24 238 Renewable Energy Certificates. Amend RSA 362-F:6, V to read as follows:

25 V. A qualified producer of useful thermal energy shall provide for the metering of useful  
26 thermal energy produced in order to calculate the quantity of megawatt-hours for which renewable  
27 energy certificates are qualified, and to report to the ~~[public utilities commission]~~ **department of**  
28 **energy** under rules adopted pursuant to RSA 362-F:13. Monitoring, reporting, and calculating the  
29 useful thermal energy produced in each quarter shall be expressed in megawatt-hours, where each  
30 3,412,000 BTUs of useful thermal energy is equivalent to one megawatt-hour.

31 239 Electric Renewable Portfolio Standard; Information Collection; Reference Change. Amend  
32 RSA 362-F:8 to read as follows:

33 362-F:8 Information Collection.

34 I. By July 1 of each year, each provider of electricity shall submit a report to the  
35 ~~[commission]~~ **department of energy**, in a form approved by the ~~[commission]~~ **department of**  
36 **energy**, documenting its compliance with the requirements of this chapter for the prior year. The  
37 ~~[commission]~~ **department of energy** may investigate compliance and collect any information

1 necessary to verify and audit the information provided to the [commission] **department of energy**  
2 by providers of electricity.

3 II. The [commission] **department of energy** shall adopt rules governing the reporting  
4 requirements under paragraph I that are designed to minimize the administrative costs and burden  
5 on electricity providers.

6 III. Beginning October 1, 2019 and by October 1 of each subsequent year, the [commission]  
7 **department of energy** shall disclose the information collected under paragraph I as public  
8 information in the [commission's] **department of energy** annual report pursuant to RSA 362-F:10,

9 IV. No information shall be disclosed to the public that is confidential as defined by [public utilities  
10 commission] **department of energy** or NEPOOL Generation Information System rules.

11 IV. The [commission] **department of energy** shall provide as part of the annual renewable  
12 energy fund report, pursuant to RSA 362-F:10, IV, renewable portfolio standard compliance costs  
13 and average electric rate impact; renewable energy certificate versus alternative compliance  
14 payments comparison; and alternative compliance payments by class and provider of electricity. The  
15 report shall also include the number of renewable energy certificates that were purchased during the  
16 prior compliance year by class.

17 V. The [commission] **department of energy** shall complete the rulemaking process and  
18 submit requests to the administrator of the NEPOOL Generation Information System that are  
19 necessary to implement this section no later than April 1, 2019.

20 240 Electric Renewable Portfolio Standard; Renewable Energy Fund. Amend RSA 362-F:10 to  
21 read as follows:

22 362-F:10 Renewable Energy Fund.

23 I. There is hereby established a renewable energy fund. This **nonlapsing** special fund shall  
24 be [nonlapsing] **continually appropriated to the department of energy to be expended in**  
25 **accordance with this section; provided that at the start of the period in which there is no**  
26 **adopted state operating budget, the department of energy shall in a timely manner seek the**  
27 **approval of the fiscal committee of the general court to continue using moneys from the**  
28 **renewable energy fund to support renewable energy rebate and grant programs in order to**  
29 **ensure there are no interruptions to the programs.** The state treasurer shall invest the moneys  
30 deposited therein as provided by law. Income received on investments made by the state treasurer  
31 shall also be credited to the fund. All payments to be made under this section shall be deposited in  
32 the fund. Any remaining moneys paid into the fund under paragraph II of this section, excluding  
33 class II moneys, shall be used by the [commission] **department of energy** to support thermal and  
34 electrical renewable energy initiatives. Class II moneys shall primarily be used to support solar  
35 energy technologies in New Hampshire. All initiatives supported out of these funds shall be subject  
36 to audit by the [commission] **department of energy** as deemed necessary. All fund moneys  
37 including those from class II may be used to administer this chapter, but all new employee positions

**Committee of Conference Report on HB 2-FN-A-LOCAL**  
**- Page 104 -**

1 shall be approved by the fiscal committee of the general court. No new employees shall be hired by  
2 the ~~[commission]~~ **department of energy** due to the inclusion of useful thermal energy in class I  
3 production.

4 II. In lieu of meeting the portfolio requirements of RSA 362-F:3 for a given year if, and to the  
5 extent sufficient certificates are not otherwise available at a price below the amounts specified in  
6 this paragraph, an electricity provider may, at the time of report submission for that year under RSA  
7 362-F:8, make payment to the ~~[commission]~~ **department of energy** at the following rates for each  
8 megawatt-hour not met for a given class obligation through the acquisition of certificates:

9 (a) Class I-\$55, except for that portion of the class electric renewable portfolio standards  
10 to be met by qualifying renewable energy technologies producing useful thermal energy under RSA  
11 362-F:3 which shall be \$25 beginning January 1, 2013.

12 (b) Class II-\$55.

13 (c) Class III-\$31.50.

14 (d) Class IV-\$26.50.

15 III.(a) Beginning in 2013, the ~~[commission]~~ **department of energy** shall adjust these rates  
16 by January 31 of each year using the Consumer Price Index as published by the Bureau of Labor  
17 Statistics of the United States Department of Labor for classes III and IV and 1/2 of such Index for  
18 classes I and II.

19 (b) In lieu of the adjustments under subparagraph (a) for class III in 2015 and 2016, the  
20 class rate in each of those years shall be \$45. In lieu of the adjustments under subparagraph (a) for  
21 class III in 2017, 2018, and 2019, the class rate in each of those years shall be \$55.

22 (c) By January 31, 2020 the ~~[commission]~~ **department of energy** shall compute the  
23 2020 class III rate to equal the rate that would have resulted in 2020 by the application of  
24 subparagraph (a) to the 2013 rate and each subsequent year's rate to 2020.

25 (d) In 2021 and thereafter, the class III rate shall be determined by application of  
26 subparagraph (a) to the prior year's rate.

27 IV. The ~~[commission]~~ **department of energy** shall make an annual report by October 1 of  
28 each year, beginning in 2009, to the legislative oversight committee to monitor the transformation of  
29 delivery of electric services established under RSA 374-F:5, the house science, technology and energy  
30 committee, and the senate energy and natural resources committee detailing how the renewable  
31 energy fund is being used and any recommended changes to such use. The report shall also include  
32 information on the total peak generating capacity that is net energy metered under RSA 362-A:9  
33 within the franchise area of each electric distribution utility, and the percentage this represents of  
34 the amount that is allowed to be net metered within each franchise area. Information shall be  
35 provided on net metered group host registrations and the associated customer groups, including  
36 number and location of group host facilities, generation by renewable source and size of facility, and  
37 group load served by such facilities.

1           V. The ~~[public utilities commission]~~ **department of energy** shall make and administer a  
2 one-time incentive payment of \$3 per watt of nominal generation capacity up to a maximum  
3 payment of \$6,000, or 50 percent of system costs, whichever is less, per facility to any residential  
4 owner of a small renewable generation facility, that would qualify as a Class I or Class II source of  
5 electricity, begins operation on or after July 1, 2008, and is located on or at the owner's residence.

6           VI. Such payments shall be allocated from the renewable energy fund established in  
7 paragraph I, as determined by the ~~[commission]~~ **department of energy** to the extent funding is  
8 available up to a maximum aggregate payment of 40 percent of the fund over each 2-year period  
9 commencing July 1, 2010.

10           VII. The ~~[commission]~~ **department of energy** shall, after notice and hearing, by order or  
11 rule establish an application process for the incentive payment program established under  
12 paragraph V. The application process shall include verification of costs for parts and labor,  
13 certification that the equipment used meets the applicable safety standards of the American  
14 National Standards Institute (ANSI) or Underwriters Laboratory (UL) or similar safety rating  
15 agency, and that the facility meets local zoning regulations, and receives any required inspections.

16           VIII. The ~~[commission]~~ **department of energy** may, after notice and hearing, by order or  
17 rule, establish additional incentive or rebate programs and competitive grant opportunities for  
18 renewable thermal and electric energy projects sited in New Hampshire.

19           IX. For good cause the ~~[commission]~~ **department of energy** may, after notice and hearing,  
20 by order or rule, modify the program, including reducing the incentive level, created under RSA 362-  
21 F:10, V.

22           X. Consistent with RSA 362-F:10, VI, the ~~[commission]~~ **department of energy** shall, over  
23 each 2-year period commencing July 1, 2010, reasonably balance overall amounts expended,  
24 allocated, or obligated from the fund, net of administrative expenditures, between residential and  
25 nonresidential sectors. Funds from the renewable energy fund awarded to renewable projects in the  
26 residential sector shall be in approximate proportion to the amount of electricity sold at retail to that  
27 sector in New Hampshire, and the remaining funds from the renewable energy fund shall be  
28 awarded to projects in the nonresidential sector which include commercial and industrial sited  
29 renewable energy projects, existing generators, and developers of new commercial-scale renewable  
30 generation in New Hampshire, provided no less than 15 percent of the funds shall annually benefit  
31 low-moderate income residential customers, including, but not limited to, the financing or leveraging  
32 of financing for low-moderate income community solar projects in manufactured housing  
33 communities or in multi-family rental housing.

34           XI. The ~~[commission]~~ **department of energy** shall issue requests for proposals that provide  
35 renewable projects in the nonresidential sector, which include commercial and industrial sited  
36 renewable energy projects, existing generators, and developers of new commercial-scale renewable  
37 generation in New Hampshire, with opportunities to receive funds from the renewable energy fund

**Committee of Conference Report on HB 2-FN-A-LOCAL**  
**- Page 106 -**

1 established under RSA 362-F:10. The requests for proposals shall provide such opportunities to  
2 those renewable energy projects that are not eligible to participate in incentive and rebate programs  
3 developed by the ~~[commission]~~ **department of energy** under RSA 362-F:10, V and RSA 362-F:10,  
4 VIII. The ~~[commission]~~ **department of energy** shall issue a request for proposals no later than  
5 March 1, 2011 and annually thereafter, and select winning projects in a timely manner.

6 241 References Change; Electric Renewable Portfolio Standards; Department of Energy. Amend  
7 the following RSA provisions by replacing "commission" with "department of energy": 362-F:5, 362-  
8 F:6, I-IV, 362-F:9, 362-F:11, 362-F:12, 362-F:13, 362-F:14.

9 242 Expenses of the Public Utilities Commission Against Certain Utilities. Amend RSA 363-A:1  
10 to read as follows:

11 363-A:1 Ascertainment of Expenses. The ~~[public utilities commission]~~ **department of energy**  
12 shall annually, after the close of the fiscal year, ascertain the total of its expenses **attributable to**  
13 **support of the public utilities commission and to performance of all duties and**  
14 **responsibilities transferred to the department from the public utilities commission, in**  
15 **addition to the total of the public utilities commission's expenses** during such year incurred in  
16 the performance of its duties relating to public utilities as defined in RSA 362 and other entities  
17 subject to its regulatory and enforcement authority and relating to the office of the consumer  
18 advocate. In the determination of such expenses there shall be excluded the expenses which have  
19 been or may be charged and recovered under the provisions of RSA 365:37, RSA 365:38, and RSA  
20 374-F:7, I.

21 243 Expenses of Public Utilities Commission Against Certain Utilities; Assessment. Amend  
22 RSA 363-A:2, III-IV to read as follows:

23 III. Each entity described in subparagraph I(e) shall be assessed the sum of \$10,000 on an  
24 annual basis and shall pay such assessed sum to the ~~[commission]~~ **department of energy**. Each  
25 electric load aggregator, and each aggregator of natural gas customers shall be assessed the sum of  
26 \$2,000 on an annual basis and shall pay such assessed sum to the ~~[commission]~~ **department of**  
27 **energy**. Each telecommunications carrier voluntarily registered with the commission shall be  
28 assessed the sum of \$1,000 on an annual basis and shall pay such sum to the ~~[commission]~~  
29 **department of energy**.

30 IV. The expenses of the ~~[commission]~~ **department of energy and the public utilities**  
31 **commission, and the office of the consumer advocate**, less the total of the assessed sums paid  
32 ~~[to the commission]~~ pursuant to paragraph III, shall be allocated to each utility and other assessed  
33 entity in direct proportion as the revenue calculation for such utility or other assessed entity relates  
34 to the total of all such revenue calculations as a whole, except as otherwise provided in paragraph V.  
35 Each such expense allocation shall be assessed against each public utility and other assessed entity  
36 in an amount equal to its proportionate share as determined under this section, except that the  
37 expense allocation attributed to each entity described in subparagraph I(e) shall be imputed to and

**Committee of Conference Report on HB 2-FN-A-LOCAL**

1 included in the expense allocation to each electric or natural gas distribution utility or rural electric  
2 cooperative for which a certificate of deregulation is on file with the commission, in correspondence  
3 to the revenue portion reported pursuant to paragraph II as having been received from the  
4 distribution customers of such distribution utility or the members of such rural electric cooperative  
5 for which a certificate of deregulation is on file with the commission.

6 244 Expenses of Public Utilities Commission Against Certain Utilities; Certification of  
7 Assessment; Collection. Amend RSA 363-A:3 and RSA 363-A:4 to read as follows:

8 363-A:3 Certification of Assessment. It shall be the duty of the [~~public utilities commission~~]  
9 **department of energy** to calculate the amount to be assessed against each such public utility and  
10 each other entity subject to assessment in accordance with RSA 363-A:1 and RSA 363-A:2. At the  
11 beginning of each fiscal year, the [~~public utilities commission~~] **department of energy** shall estimate  
12 [~~its~~] **the** total expenses for the fiscal year, and then, based on such estimate, shall calculate the  
13 amount to be assessed quarterly on August 10, October 15, January 15, and April 15 of that fiscal  
14 year, against each such public utility and other assessed entity in accordance with RSA 363-A:1 and  
15 RSA 363-A:2. The [~~public utilities commission~~] **department of energy** shall then make a list  
16 showing the amount due on August 10, October 15, January 15, and April 15 of that fiscal year from  
17 each of the several public utilities and other entities assessed under the provisions hereof, and,  
18 together with a statement of the full name and mailing address of each such public utility and other  
19 assessed entity, shall certify the same. After the close of each fiscal year, the [~~public utilities~~  
20 ~~commission~~] **department of energy** shall ascertain [~~its~~] **the** actual total expenses in accordance  
21 with RSA 363-A:1 and RSA 363-A:2, and then shall adjust the assessment for the first quarterly  
22 payment of the new fiscal year for each such public utility or other assessed entity for any  
23 underpayment or overpayment by each such public utility or other assessed entity for the prior fiscal  
24 year.

25 363-A:4 Collection. Upon the completion of each such list, on or before August 10, October 10,  
26 January 10, and April 10 of each fiscal year, the [~~public utilities commission~~] **department of energy**  
27 shall bill each public utility and each other entity subject to assessment for the quarterly amount  
28 assessed against it within 10 working days. Such bill shall be sent registered mail, and shall  
29 constitute notice of assessment and demand for payment. Payment shall be made to the [~~public~~  
30 ~~utilities commission~~] **department of energy** within 30 days after the receipt of the bill. After the  
31 expiration of 30 days from the receipt of an original bill, the [~~public utilities commission~~]  
32 **department of energy** may add to the assessment a late penalty fee and may commence an action  
33 at law for the recovery of the assessment. Within 30 days of the assessment for the first quarterly  
34 payment, each public utility or other assessed entity which has any objection to the amount assessed  
35 against it for the prior fiscal year shall file with the [~~commission~~] **department** its objection in  
36 writing, setting out in detail the grounds upon which it is claimed that said assessment is excessive,  
37 erroneous, unlawful, or invalid. If such objections are filed, the [~~commission~~] **department**, after

**Committee of Conference Report on HB 2-FN-A-LOCAL**  
**- Page 108 -**

1 reasonable notice to the objecting public utility or other assessed entity, shall hold a hearing on such  
2 objections, and if the ~~[commission]~~ **department** finds that said assessment or any part thereof is  
3 excessive, erroneous, unlawful, or invalid, the ~~[commission]~~ **department** shall reassess the amount  
4 to be paid by such public utility or other assessed entity, and shall order that an amended bill be  
5 sent to such public utility or other assessed entity in accordance with such reassessment. The  
6 ~~[public utilities commission]~~ **department of energy** shall not commence an action at law for  
7 recovery of any assessment for the first quarterly payment until any such objection has been  
8 resolved.

9 245 Public Utility Recovery of Assessment Costs. Amend RSA 363-A:6, I to read as follows:

10 I. Assessment amounts determined with reference to the revenues of competitive electric  
11 power suppliers and all assessments against regulated electric distribution utilities and electric  
12 cooperatives for which a certificate of deregulation is on file with the ~~[commission]~~ **department**  
13 shall be collected from electric customers through the distribution rates of the respective electric  
14 distribution utility or rural electric cooperative for which a certificate of deregulation is on file with  
15 the ~~[commission]~~ **department**; provided that an amount equal to the amount assessed directly to a  
16 competitive electric power supplier under RSA 363-A:2, III shall be collected from the energy service  
17 or default service customers of each electric distribution utility or rural electric cooperative for which  
18 a certificate of deregulation is on file with the ~~[commission]~~ **department**.

19 246 Complaints to and Proceedings Before the Department of Energy and the Commission.  
20 Amend the chapter title of RSA 365 to read as follows: Amend the chapter title of RSA 365 to read as  
21 follows:

28 and conditions of its franchises or charter, or of any order of the commission.

29 248 Complaints to the Department of Energy and Proceedings Before the Commission. Amend  
30 RSA 365:2 through RSA 365:7 to read as follows:

32 complaint to be forwarded to the public utility complained of, which may be accompanied by an  
33 order, requiring that the matters complained of be satisfied, or that the charges be answered in  
34 writing within a time to be specified by the ~~[commission]~~ **department**.

35 365:3 Reparation. If the public utility complained of shall make reparation for any injury  
36 alleged and shall cease to commit or to permit the violation of law, franchise, or order charged in the

21 commission, not to exceed \$250,000 or 2.5 percent of the annual gross revenue that the utility  
22 received from sales in the state, whichever is lower. Such penalties shall be applied to the benefit of  
23 the utility's ratepayers through a credit to bills, or, if the credit is of an amount determined by the  
24 commission to be insignificant on a per customer basis, to programs that benefit low income  
25 ratepayers. No portion of any fine, nor any costs associated with an administrative or court

1           366:3 Filing of Contracts. The original or a verified copy of any contract or arrangement and of

4 providing for the furnishing of managerial, supervisory, construction, engineering, accounting,  
5 purchasing, financial, or any other services either to or by a public utility or an affiliate shall be filed  
6 by the public utility with the ~~[commission]~~ **department of energy** within 10 days after the date on  
7 which the contract is executed or the arrangement entered into. The ~~[commission]~~ **department** may  
8 also require a public utility to file in such form as the ~~[commission]~~ **department** may require full  
9 information with respect to any purchase from or sale to an affiliate, whether or not made in  
10 pursuance of a continuing contract or arrangement.

11           366:4 Failure to File. Any contract or arrangement not filed with the ~~[commission]~~ **department**

21 such investigation, the burden shall be on the public utility and affiliate to prove the reasonableness  
22 of any such contract, arrangement, purchase, or sale with, from, or to an affiliate. If the public  
23 utility shall fail to satisfy the commission of the reasonableness of any such contract, arrangement,  
24 purchase, or sale, the commission may disapprove the same and disallow payments thereunder or  
25 such part of any such payment as the commission shall find to be unjust or unreasonable. No  
26 payment disallowed by the commission shall be capitalized or included as an operating cost of the  
27 public utility in the fixing of rates or as an asset in fixing a rate base. If in any such investigation  
28 the public utility or affiliate shall unreasonably refuse to comply with any request of the commission  
29 ***or the department*** for information with respect to relevant accounts and records, whether of such  
30 public utility or any affiliate, any portion of which may be applicable to any transaction under  
31 investigation, so that such parts thereof as the commission ***or the department*** may deem material  
32 may be made part of the record, such refusal shall justify the commission in disapproving the  
33 transaction under investigation and disallowing payments in pursuance thereof.

34           366:6 Summary Order in Certain Cases. If as a result of an investigation ***or proceeding*** in  
35 accordance with RSA 366:5 the commission shall find that any public utility is making any payment

2 directing the public utility to cease making any such payment or doing such other thing; and,  
3 thereupon, the court shall make such order as the public good may require.

4 366:7 Disallowance of Charges Under Existing Contracts. In any proceeding whether upon the  
5 ***department's initiation or*** commission's own motion or upon complaint involving the rates or  
6 practices of any public utility, the commission may disallow the inclusion in the accounts of a public  
7 utility of any payments or compensation to an affiliate for any services rendered, or property  
8 furnished, under existing contracts or arrangements with an affiliate unless such public utility shall  
9 establish the reasonableness of such payment or compensation.

23 that existing maps create overlapping service territories, the [~~commission~~] **department of energy**,  
24 upon application by one or both of the affected utilities, shall define, alter, or establish service  
25 territories. In establishing or altering service territories, the [~~commission~~] **department of energy**  
26 shall consider the following:

27           (a) Existing service areas;

28           (b) Any voluntary agreements between or among 2 or more such telephone utilities  
29 which define the service territories of those utilities;

30           (c) Consistency with the orderly development of the region;

31           (d) Natural geographical boundaries;

32           (e) Compatibility with the interests of all consumers; and

33           (f) All other relevant factors.

34       II. The [~~commission~~] **department of energy** shall have power to exercise the jurisdiction  
35 conferred in this section only after due notice to all interested parties and hearing. After  
36 consideration of the factors established by paragraph I of this section, and after making findings that  
37 the service territories established or altered are consistent with the public good, the [~~commission~~]

**Committee of Conference Report on HB 2-FN-A-LOCAL**

5 follows:

6 374:22-g Service Territories Served by Certain Telephone Utilities.

8 to the contrary, all telephone franchise areas served by a telephone utility that provides local  
9 exchange service, subject to the jurisdiction of the ~~[commission]~~ **department of energy**, shall be  
10 nonexclusive. The ~~[commission]~~ **department of energy**, upon petition or on its own motion, shall  
11 have the authority to authorize the providing of telecommunications services, including local  
12 exchange services, and any other telecommunications services, by more than one provider, in any  
13 service territory, when the ~~[commission]~~ **department of energy** finds and determines that it is  
14 consistent with the public good unless prohibited by federal law.

15 II. In determining the public good, the commission shall consider the interests of  
16 competition with other factors including, but not limited to, fairness; economic efficiency; universal  
17 service; carrier of last resort obligations; the incumbent utility's opportunity to realize a reasonable  
18 return on its investment; and the recovery from competitive providers of expenses incurred by the  
19 incumbent utility to benefit competitive providers, taking into account the proportionate benefit or  
20 savings, if any, derived by the incumbent as a result of incurring such expenses.

21 III. The **department of energy** shall adopt rules, pursuant to RSA 541-A, relative to the  
22 enforcement of this section.

23 269 Shared Tenant Services Authorized; Limited Regulation; Rulemaking. Amend RSA 374:22-l  
24 and m to read as follows:

25 374:22-l Shared Tenant Services Authorized; Limited Regulation.

26 I. The ~~[public utilities commission]~~ **department of energy** shall authorize the provision of  
27 shared tenant services by providers meeting the minimum requirements established by the  
28 ~~[commission]~~ **department of energy** to operate shared tenant services networks.

29 II. Providers of shared tenant services shall be subject to the following limited regulation by  
30 the ~~[commission]~~ **department of energy**:

31 (a) Providers of shared tenant services shall disclose to tenants and prospective tenants  
32 all pricing information relative to their services in the manner prescribed by the ~~[commission]~~  
33 **department of energy**.

34 (b) Providers of shared tenant services shall disclose to tenants and prospective tenants  
35 that they can at their option obtain basic exchange and other service from an authorized local  
36 telephone utility rather than from the shared tenant services provider.

**Committee of Conference Report on HB 2-FN-A-LOCAL**  
**- Page 119 -**

1 (c) Without penalty and in accordance with the rules of the ~~[commission]~~ **department of**  
2 **energy**, telephone number retention and access to telecommunications services shall be permitted by  
3 providers of shared tenant services and authorized local telephone utilities into and out of shared  
4 tenant services properties.

5 (d) The ~~[commission]~~ **department of energy** shall have jurisdiction to hear matters  
6 pertaining to the unauthorized provision of shared tenant services, violations of ~~[commission]~~  
7 **department** rules relating to shared tenant services, and customer complaints against shared  
8 tenant services providers.

9 374:22-m Rulemaking. The ~~[public utilities commission]~~ **department of energy** shall adopt  
10 rules, pursuant to RSA 541-A, relative to:

13 II. Customer access to services of authorized local telephone utilities.

14 III. Telephone number retention and recovery of costs, if any, associated with number  
15 retention.

16 IV. The charges a local telephone utility establishes for a shared tenant services provider to  
17 purchase services for use by the provider's tenants.

18 V. Procedures for complaints to the ~~[commission]~~ **department** regarding shared tenant  
19 services.

20 270 Regulation of Competitive Telecommunications Providers Limited; Affordable Telephone  
21 Service; Public Interest Payphones. Amend RSA 374:22-o-374:22-p to read as follows:

22 374:22-o Regulation of Competitive Telecommunications Providers Limited. Any person or  
23 business entity authorized by the ~~[commission]~~ **department of energy** to engage in business as a  
24 competitive local exchange carrier and any competitive toll provider having less than a 10 percent  
25 share of toll revenue in New Hampshire shall not be required to seek prior ~~[commission]~~  
26 **department** approval of financings or corporate organizational changes, including, without  
27 limitation, mergers, acquisitions, corporate restructurings, issuance or transfer of securities, or the  
28 sale, lease, or other transfer of assets or control. Nothing in this section shall exempt any such  
29 competitive telecommunications service provider from such advance notice as the ~~[commission]~~  
30 **department** may prescribe or from the requirements of RSA 374:28-a or RSA 378:46.

31 374:22-p Affordable Telephone Service; Rulemaking; Standards.

12          (12) A caller identification blocking option, on a per-call basis;

13          (13) A caller identification line blocking option that is available to all customers  
14 without a recurring charge and is provided upon customer request without charge to customers who

17 without a nonrecurring charge when requested with installation of basic service;

18          (14) A blocking option for pay-per-call calls, such as blocking all 900 or all 976 area

23 identifies the telephone number of the calling party.

24           (c) Any combination of basic service along with any other service or feature offered by

30 provider of intrastate telephone service to participate in outreach programs designed to increase the  
31 number of low-income telephone customers on the network through increased participation in any  
32 universal service program approved by the [~~commission~~] **department** and statutorily established by  
33 the legislature. Statewide outreach programs shall continue until further order of the [~~commission~~]  
34 **department**.

5 the Federal Telecommunications Act.

6           (b) If the [~~commission~~] **department of energy**, upon statutory establishment of a

8 [~~commission~~] **department** shall contract with an appropriate independent fiscal agent that is not a  
9 state entity to serve as administrator of the state universal service fund. Program administration  
10 shall be designed in the most cost-effective manner possible. Funds contributed to a state universal  
11 service fund are not state funds and therefore are not subject to provisions of law relating to the  
12 general fund. Rules and any state universal service fund requirements established by legislative  
13 enactment and by the [~~commission~~] **department** pursuant to this section shall:

14                   (1) Be reasonably designed to maximize federal assistance available to the state for  
15 universal service purposes.

16                   (2) Meet the state's obligations under the Federal Telecommunications Act.

17                   (3) Be consistent with the goals of the Federal Telecommunications Act.

18                   (4) Ensure that any requirements regarding contributions to a state universal  
19 service fund be nondiscriminatory and competitively neutral.

20                   (5) Require explicit identification on customer's bills of contributions to and in the

27 providers of radio paging service and, subject to the provisions of the Federal Communications Act as  
28 amended and codified at 47 U.S.C. sec. 332(c)(3)(A), mobile telecommunications services.

29           (d) Prior to requiring that providers of intrastate telephone service contribute to a state  
30 universal service fund and prior to statutory establishment of a universal service fund, the  
31 [~~commission~~] **department of energy** shall report to the general court its determination of the  
32 expected program costs, the amount and type of the funding mechanism, the number of people  
33 proposed to be served, the level of proposed service, and the administrative design of the proposed  
34 fund.

35           V. The [~~commission~~] **department of energy**, annually, shall assess the penetration rate of  
36 basic telephone services. If this penetration rate ever falls below the national average penetration  
37 rate, the [~~commission~~] **department** shall commence an investigation and take steps to enhance

**Committee of Conference Report on HB 2-FN-A-LOCAL**  
**- Page 122 -**

1 telephone market penetration. The ~~[commission]~~ **department**, annually, shall assess the success of  
2 any action taken by the ~~[commission]~~ **department** to achieve the purpose of this section. The public  
3 policy goal should be to raise the low income penetration level as close as reasonably possible to the  
4 statewide average.

6 VIII. Notwithstanding the provisions of RSA 374:1-a:

7 (a) Incumbent local exchange carriers, whether qualified as an excepted local exchange  
8 carrier or otherwise, may not discontinue residential basic service, regardless of technology used, in  
9 any portion of their franchise area unless the ~~[commission]~~ **department of energy** determines that  
10 the public good will not be adversely affected by such withdrawal of service;

11 (b) Rates for basic service of incumbent local exchange carriers which qualify as  
12 excepted local exchange carriers may not increase by more than 5 percent for Lifeline Telephone  
13 Assistance customers and by more than 10 percent for all other basic service customers in each of  
14 the 8 years after the effective date of this paragraph or the effective date of an existing alternative  
15 plan of regulation, except for additional rate adjustments, with ~~[public utilities commission]~~  
16 **department of energy** review and approval, to reflect changes in federal, state, or local government  
17 taxes, mandates, rules, regulations, or statutes; and

18 (c) Incumbent local exchange carriers which qualify as excepted local exchange carriers  
19 shall report the rates for basic service to the ~~[commission]~~ **department of energy** within 60 days of  
20 the effective date of this paragraph and upon any changes to the rates.

21 271 Pole Attachments. Amend RSA 374:34-a to read as follows:

22 374:34-a Pole Attachments.

24 wire communications or electricity distribution and is owned in whole or in part by a public utility,  
25 including a rural electric cooperative for which a certificate of deregulation is on file with the  
26 commission pursuant to RSA 301:57.

27 II. Whenever a pole owner is unable to reach agreement with a party seeking pole  
28 attachments, the commission shall regulate and enforce rates, charges, terms, and conditions for  
29 such pole attachments, with regard to the types of attachments regulated under 47 U.S.C. section  
30 224, to provide that such rates, charges, terms, and conditions are just and reasonable. This  
31 authority shall include but not be limited to the state regulatory authority referenced in 47 U.S.C.  
32 section 224(c).

33 III. The ~~[commission]~~ **department of energy** shall adopt rules under RSA 541-A to carry  
34 out the provisions of this section, including appropriate formula or formulae for apportioning costs.

35 IV. In exercising its authority under this subdivision, the ~~[commission]~~ **department of**  
36 **energy** shall consider the interests of the subscribers and users of the services offered via such

**Committee of Conference Report on HB 2-FN-A-LOCAL**  
**- Page 123 -**

2 attachments.

3 V. Nothing in this subdivision shall prevent parties from entering into pole attachment  
4 agreements voluntarily, without commission approval.

5 VI. Any pole owner shall provide nondiscriminatory access to its poles for the types of  
6 attachments regulated under this subdivision. A pole owner may deny access to its poles on a  
7 nondiscriminatory basis where there is insufficient capacity and for reasons of safety, reliability, and  
8 generally applicable engineering purposes.

9 VII. The commission shall have the authority to hear and resolve complaints concerning  
10 rates, charges, terms, conditions, voluntary agreements, or any denial of access relative to pole  
11 attachments.

12 VIII. The ~~commission~~ **department of energy** shall retain its authority to regulate the  
13 safety, vegetation management, emergency response, and storm restoration requirements for poles,  
14 conduits, ducts, pipes, pole attachments, wires, cables, and related plant and equipment of public  
15 utilities and other private entities located within public rights-of-way and on, over, or under state  
16 lands and water bodies.

21 374:37 By ~~Commission~~ **Department**. The ~~commission~~ **department of energy** shall  
22 investigate the causes of all accidents in connection with the operation of public utilities in the state,  
23 which, in the opinion of the commission **or the department of energy**, ought to be investigated.

24 374:38 Manner. Any such investigation may be made by the ~~full commission~~ **department of**

27 374:39 Reports. Every public utility shall report to the **department of energy and the**  
28 commission accidents occurring in connection with the operation of its business wherein loss of life  
29 occurs or any person is injured, or of such a nature as to endanger the safety, health or property of  
30 its consumers or the public, as and whenever directed by such rules and regulations as the

3 374:55 Civil Penalty.

4 I. Proof that an excavation has been made without compliance with the notice requirement  
5 of RSA 374:51 and that damage to an underground facility has occurred shall be prima facie  
6 evidence in any court or administrative proceeding that the damage was caused by the negligence of  
7 the excavator.

8 II. Any excavator who does not give notice of or identify the proposed excavation area as  
9 required by RSA 374:51 or rules of the ~~[commission]~~ **department** regarding tolerance zones and  
10 marking procedures shall be subject to the penalties in paragraph VIII, in addition to any liability  
11 for the actual damages.

12 III. Any operator which does not mark the location of its underground facilities as required

29 collect the civil penalty. Any excavator or operator which suffers damage resulting from violation of  
30 this subdivision may petition the ~~[commission]~~ **department** to initiate an enforcement action.

31 VIII. Any excavator or operator that does not comply with RSA 374:51 through 374:54 shall  
32 be required either to complete an underground facility damage prevention program approved by the

8 **of energy**.

9 (b) "Geographic split" means the division of an area code into typically 2 areas each  
10 served by its own area code.

11 (c) "Overlay" means the addition of a new area code serving the same geographic area as  
12 the existing area code.

13 II. The [~~commission~~] **department** should promote and adopt telephone number conservation  
14 measures to the maximum extent allowed by federal law for area code 603 and any subsequently  
15 assigned New Hampshire area codes.

16 III. The [~~commission~~] **department** should adopt measures, to the maximum extent  
17 allowable by federal law and availability of technology, to provide that all customers of all suppliers  
18 have equitable access to all currently available unassigned telephone numbers and equitable access  
19 to numbers that have not been assigned to a customer which are available for porting to a second  
20 supplier. Blocks of telephone numbers that are currently assigned but may be retrievable if  
21 thousands number block pooling becomes available should be assigned on an equitable basis to all  
22 suppliers.

23 IV. The [~~commission~~] **department** should adopt measures, to the maximum extent  
24 allowable by federal law and availability of technology, to provide for local number portability by all  
25 suppliers of local exchange service.

26 V. To the extent that any one competitor is responsible for managing a pool of numbers  
27 which is to be assigned to customers of that competitor and other competitors, the [~~commission~~]  
28 **department** should adopt policies to require that the assignment and management of the numbers  
29 be kept segregated from the marketing portion of that competitor.

30 VI. When determining whether to implement a new area code via geographic split or overlay  
31 the [~~commission~~] **department** should consider, but not be limited to, the following criteria when  
32 determining the public interest:

33 (a) Which method best minimizes customer disruption from having to change numbers;

34 (b) Which method is the least costly for business and residents;

35 (c) Which method best minimizes customer confusion;

36 (d) Which method is the least costly for providers to implement;

**Committee of Conference Report on HB 2-FN-A-LOCAL**  
**- Page 126 -**

1 (e) Which method most effectively conserves the total pool of telephone numbers once a  
2 new area code is created;

3 (f) Which method minimizes geographic controversy;

4 (g) Which method is most equitable to every resident and business in New Hampshire;

5 (h) Which method minimizes repeating the disruption of area code changes in the future;

6 (i) Which method best ensures public safety;

7 (j) Which method is more competitively neutral; and

8 (k) Which method utilizes best available technology and comprehensive  
9 telecommunications planning.

10 278 Renewable Energy and Energy Efficiency Project Loan Programs. Amend RSA 374:61 to  
11 read as follows:

12 374:61 Renewable Energy and Energy Efficiency Project Loan Programs. A public utility may  
13 seek [~~commission~~] authorization **from the department of energy**, either individually or in  
14 combination with other public utilities, to establish loan, financing, or cost amortization programs  
15 for owners and tenants of residential, public, nonprofit, and business property to finance or  
16 otherwise amortize cost effective fuel neutral renewable energy and energy efficiency investments  
17 and improvements to the owner's or tenant's premises. The total amount loaned in such programs  
18 shall not exceed \$5,000,000. The [~~commission~~] **department** shall authorize terms, conditions, and  
19 tariffs for the repayment of such loans and financed or underwritten investments and improvements  
20 through charges billed through and that run with the meter or meters assigned to the location where  
21 the investments are located, provided that such investments or improvements to a tenant's premises  
22 are only made with the written consent of the owner or the owner's authorized management  
23 representative. Pursuant to RSA 477:4-h, the owner, seller, lessor, or transferor of any real property  
24 subject to unamortized or ongoing charges under such a tariff shall disclose such fact to a prospective  
25 buyer, lessee, or occupant who might be responsible for paying such charges as a condition of utility  
26 service. A public utility may not finance these loan, financing, or cost amortization programs  
27 through its rate base, nor earn its regulated rate of return on such program investments and  
28 improvements to the owner's or tenant's premises, unless such investment is approved as part of a  
29 strategy for minimizing transmission and distributions costs pursuant to RSA 374-G.

30 279 Electric Utility Restructuring; Purpose. Amend RSA 374-F:1, III to read as follows:

31 III. The following interdependent policy principles are intended to guide the New

33 electric utility industry restructuring plan, in establishing interim stranded cost recovery charges, in  
34 approving each utility's compliance filing, in streamlining administrative processes to make  
35 regulation more efficient, and in regulating a restructured electric utility industry. In addition,  
36 these interdependent principles are intended to guide the New Hampshire general court and the

1 department of environmental services and other state agencies in promoting and regulating a  
2 restructured electric utility industry.

3 280 New Paragraph; Definitions. Amend RSA 374-F:2 by inserting after paragraph I-a the  
4 following new paragraph:

5 I-b. "Department" means the department of energy.

6 281 Restructuring Policy Principles; Implementation. Amend RSA 374-F:3 and 374-F:4 to read  
7 as follows:

8 374-F:3 Restructuring Policy Principles.

9 I. System Reliability. Reliable electricity service must be maintained while ensuring public  
10 health, safety, and quality of life.

11 II. Customer Choice. Allowing customers to choose among electricity suppliers will help  
12 ensure fully competitive and innovative markets. Customers should be able to choose among options  
13 such as levels of service reliability, real time pricing, and generation sources, including  
14 interconnected self generation. Customers should expect to be responsible for the consequences of  
15 their choices. The ~~[commission]~~ **department** should ensure that customer confusion will be  
16 minimized and customers will be well informed about changes resulting from restructuring and  
17 increased customer choice.

18 III. Regulation and Unbundling of Services and Rates. When customer choice is introduced,  
19 services and rates should be unbundled to provide customers clear price information on the cost  
20 components of generation, transmission, distribution, and any other ancillary charges. Generation  
21 services should be subject to market competition and minimal economic regulation and at least  
22 functionally separated from transmission and distribution services which should remain regulated  
23 for the foreseeable future. However, distribution service companies should not be absolutely  
24 precluded from owning small scale distributed generation resources as part of a strategy for  
25 minimizing transmission and distribution costs. Performance based or incentive regulation should  
26 be considered for transmission and distribution services. Upward revaluation of transmission and  
27 distribution assets is not a preferred mechanism as part of restructuring. Retail electricity suppliers  
28 who do not own transmission and distribution facilities, should, at a minimum, be registered with  
29 the ~~[commission]~~ **department**.

30 IV. Open Access to Transmission and Distribution Facilities. Non-discriminatory open  
31 access to the electric system for wholesale and retail transactions should be promoted.  
32 Comparability should be assured for generators competing with affiliates of groups supplying  
33 transmission and distribution services. Companies providing transmission services should file at the  
34 FERC or with the commission, **or with the department of energy**, as appropriate, comparable  
35 service tariffs that provide open access for all competitors. The commission **and the department**  
36 should monitor companies providing transmission or distribution services and take necessary  
37 measures to ensure that no supplier has an unfair advantage in offering and pricing such services.

1           V. Universal Service.

2           (a) Electric service is essential and should be available to all customers. A utility  
3 providing distribution services must have an obligation to connect all customers in its service  
4 territory to the distribution system. A restructured electric utility industry should provide adequate  
5 safeguards to assure universal service. Minimum residential customer service safeguards and  
6 protections should be maintained. Programs and mechanisms that enable residential customers  
7 with low incomes to manage and afford essential electricity requirements should be included as a  
8 part of industry restructuring.

9           (b) As competitive markets emerge, customers should have the option of stable and  
10 predictable ceiling electricity prices through a reasonable transition period, consistent with the near  
11 term rate relief principle of RSA 374-F:3, XI. Upon the implementation of retail choice, transition  
12 service should be available for at least one but not more than 5 years after competition has been  
13 certified to exist in at least 70 percent of the state pursuant to RSA 38:36, for customers who have  
14 not yet chosen a competitive electricity supplier. Transition service should be procured through  
15 competitive means and may be administered by independent third parties. The price of transition  
16 service should increase over time to encourage customers to choose a competitive electricity supplier  
17 during the transition period. Such transition service should be separate and distinct from default  
18 service.

19           (c) Default service should be designed to provide a safety net and to assure universal  
20 access and system integrity. Default service should be procured through the competitive market and  
21 may be administered by independent third parties. Any prudently incurred costs arising from  
22 compliance with the renewable portfolio standards of RSA 362-F for default service or purchased  
23 power agreements shall be recovered through the default service charge. The allocation of the costs  
24 of administering default service should be borne by the customers of default service in a manner  
25 approved by the commission. If the commission determines it to be in the public interest, the  
26 commission may implement measures to discourage misuse, or long-term use, of default service.  
27 Revenues, if any, generated from such measures should be used to defray stranded costs.

28           (d) The commission should establish transition and default service appropriate to the  
29 particular circumstances of each jurisdictional utility.

30           (e) Notwithstanding any provision of subparagraphs (b) and (c), as competitive markets  
31 develop, the commission may approve alternative means of providing transition or default services  
32 which are designed to minimize customer risk, not unduly harm the development of competitive  
33 markets, and mitigate against price volatility without creating new deferred costs, if the commission  
34 determines such means to be in the public interest.

35           (f)(1) For purposes of subparagraph (f), "renewable energy source" (RES) means a source  
36 of electricity, as defined in RSA 362-F:2, XV, that would qualify to receive renewable energy

**Committee of Conference Report on HB 2-FN-A-LOCAL**  
**- Page 129 -**

1 certificates under RSA 362-F, whether or not it has been designated as eligible under RSA 362-F:6,  
2 III.

3 (2) A utility shall provide to its customers one or more RES options, as approved by  
4 the commission, which may include RES default service provided by the utility or the provision of  
5 retail access to competitive sellers of RES attributes. Costs associated with selecting an RES option  
6 should be paid for by those customers choosing to take such option. A utility may recover all  
7 prudently incurred administrative costs of RES options from all customers, as approved by the  
8 commission.

9 (3) RES default service should have either all or a portion of its service attributable  
10 to a renewable energy source component procured by the utility, with any remainder filled by  
11 standard default service. The price of any RES default service shall be approved by the commission.

12 (4) Under any option offered, the customer shall be purchasing electricity generated  
13 by renewable energy sources or the attributes of such generation, either in connection with or  
14 separately from the electricity produced. The regional generation information system of energy  
15 certificates administered by the ISO-New England and the New England Power Pool (NEPOOL)  
16 should be considered at least one form of certification that is acceptable under this program.

17 (5) A utility that is required by statute to provide default service from its generation  
18 assets should use any of its owned generation assets that are powered by renewable energy for the  
19 provision of standard default service, rather than for the provision of a renewable energy source  
20 component.

21 (6) Utilities should include educational materials in their normal communications to  
22 their customers that explain the RES options being offered and the health and environmental  
23 benefits associated with them. Such educational materials should be compatible with any  
24 environmental disclosure requirements established by the [~~commission~~] **department**.

25 (7) For purposes of consumer protection and the maintenance of program integrity,  
26 reasonable efforts should be made to assure that the renewable energy source component of an RES  
27 option is not separately advertised, claimed, or sold as part of any other electricity service or  
28 transaction, including compliance with the renewable portfolio standards under RSA 362-F.

29 (8) If RES default service is not available for purchase at a reasonable cost on behalf  
30 of consumers choosing an RES default service option, a utility may, as approved by the commission,  
31 make payments to the renewable energy fund created pursuant to RSA 362-F:10 on behalf of  
32 customers to comply with subparagraph (f).

33 (9) The commission shall implement subparagraph (f) through utility-specific filings.  
34 Approved RES options shall be included in individual tariff filings by utilities.

35 (10) A utility, with commission approval, may require that a minimum number of  
36 customers, or a minimum amount of load, choose to participate in the program in order to offer an  
37 RES option.

1           VI. Benefits for All Consumers. Restructuring of the electric utility industry should be  
2 implemented in a manner that benefits all consumers equitably and does not benefit one customer  
3 class to the detriment of another. Costs should not be shifted unfairly among customers. A  
4 nonbypassable and competitively neutral system benefits charge applied to the use of the  
5 distribution system may be used to fund public benefits related to the provision of electricity. Such  
6 benefits, as approved by regulators, may include, but not necessarily be limited to, programs for low-  
7 income customers, energy efficiency programs, funding for the electric utility industry's share of  
8 commission *and department* expenses pursuant to RSA 363-A, support for research and  
9 development, and investments in commercialization strategies for new and beneficial technologies.  
10 Legislative approval of the New Hampshire general court shall be required to increase the system  
11 benefits charge. This requirement of prior approval of the New Hampshire general court shall not  
12 apply to the energy efficiency portion of the system benefits charge if the increase is authorized by  
13 an order of the commission to implement the 3-year planning periods of the Energy Efficiency  
14 Resource Standard framework established by commission Order No. 25,932 dated August 2, 2016,  
15 ending in 2020 and 2023, or, if for purposes other than implementing the Energy Efficiency Resource  
16 Standard, is authorized by the fiscal committee of the general court; provided, however, that no less  
17 than 20 percent of the portion of the funds collected for energy efficiency shall be expended on low-  
18 income energy efficiency programs. Energy efficiency programs should include the development of  
19 relationships with third-party lending institutions to provide opportunities for low-cost financing of  
20 energy efficiency measures to leverage available funds to the maximum extent, and shall also  
21 include funding for workforce development to minimize waiting periods for low-income energy audits  
22 and weatherization.

23           VII. Full and Fair Competition. Choice for retail customers cannot exist without a range of  
24 viable suppliers. The rules that govern market activity should apply to all buyers and sellers in a  
25 fair and consistent manner in order to ensure a fully competitive market.

26           VIII. Environmental Improvement. Continued environmental protection and long term  
27 environmental sustainability should be encouraged. Increased competition in the electric industry  
28 should be implemented in a manner that supports and furthers the goals of environmental  
29 improvement. Over time, there should be more equitable treatment of old and new generation  
30 sources with regard to air pollution controls and costs. New Hampshire should encourage equitable  
31 and appropriate environmental regulation, based on comparable criteria, for all electricity  
32 generators, in and out of state, to reduce air pollution transported across state lines and to promote  
33 full, free, and fair competition. As generation becomes deregulated, innovative market-driven  
34 approaches are preferred to regulatory controls to reduce adverse environmental impacts. Such  
35 market approaches may include valuing the costs of pollution and using pollution offset credits.

36           IX. Renewable Energy Resources. Increased future commitments to renewable energy  
37 resources should be consistent with the New Hampshire energy policy as set forth in RSA 378:37

1 and should be balanced against the impact on generation prices. Over the long term, increased use  
2 of cost-effective renewable energy technologies can have significant environmental, economic, and  
3 security benefits. To encourage emerging technologies, restructuring should allow customers the  
4 possibility of choosing to pay a premium for electricity from renewable resources and reasonable  
5 opportunities to directly invest in and interconnect decentralized renewable electricity generating  
6 resources.

7 X. Energy Efficiency. Restructuring should be designed to reduce market barriers to  
8 investments in energy efficiency and provide incentives for appropriate demand-side management  
9 and not reduce cost-effective customer conservation. Utility sponsored energy efficiency programs  
10 should target cost-effective opportunities that may otherwise be lost due to market barriers.

11 XI. Near Term Rate Relief. The goal of restructuring is to create competitive markets that  
12 are expected to produce lower prices for all customers than would have been paid under the current  
13 regulatory system. Given New Hampshire's higher than average regional prices for electricity,  
14 utilities, in the near term, should work to reduce rates for all customers. To the greatest extent  
15 practicable, rates should approach competitive regional electric rates. The state should recognize  
16 when state policies impose costs that conflict with this principle and should take efforts to mitigate  
17 those costs. The unique New Hampshire issues contributing to the highest prices in New England  
18 should be addressed during the transition, wherever possible.

19 XII. Recovery of Stranded Costs.

20 (a) It is the intent of the legislature to provide appropriate tools and reasonable  
21 guidance to the commission in order to assist it in addressing claims for stranded cost recovery and  
22 fulfilling its responsibility to determine rates which are equitable, appropriate, and balanced and in  
23 the public interest. In making its determinations, the commission shall balance the interests of  
24 ratepayers and utilities during and after the restructuring process. Nothing in this section is  
25 intended to provide any greater opportunity for stranded cost recovery than is available under  
26 applicable regulation or law on the effective date of this chapter.

27 (b) Utilities should be allowed to recover the net nonmitigatable stranded costs  
28 associated with required environmental mandates currently approved for cost recovery, and power  
29 acquisitions mandated by federal statutes or RSA 362-A.

30 (c) Utilities have had and continue to have an obligation to take all reasonable measures  
31 to mitigate stranded costs. Mitigation measures may include, but shall not be limited to:

32 (1) Reduction of expenses.

33 (2) Renegotiation of existing contracts.

34 (3) Refinancing of existing debt.

35 (4) A reasonable amount of retirement, sale, or write-off of uneconomic or surplus  
36 assets, including regulatory assets not directly related to the provision of electricity service.

1 (d) Stranded costs should be determined on a net basis, should be verifiable, should not  
2 include transmission and distribution assets, and should be reconciled to actual electricity market  
3 conditions from time to time. Any recovery of stranded costs should be through a nonbypassable,  
4 nondiscriminatory, appropriately structured charge that is fair to all customer classes, lawful,  
5 constitutional, limited in duration, consistent with the promotion of fully competitive markets and  
6 consistent with these principles. Entry and exit fees are not preferred recovery mechanisms.  
7 Charges to recover stranded costs should only apply to customers within a utility's retail service  
8 territory, except for such costs that have resulted from the provision of wholesale power to another  
9 utility. The charges should not apply to wheeling-through transactions.

10 XIII. Regionalism. New England Power Pool (NEPOOL) should be reformed and efforts to  
11 enhance competition and to complement industry restructuring on a regional basis should be  
12 encouraged. New Hampshire should work with other New England and northeastern states to  
13 accomplish the goals of restructuring. Working with other regional states, New Hampshire should  
14 assert maximum state authority over the entire electric industry restructuring process. While it is  
15 desirable to design and implement a restructured industry in concert with the other New England  
16 and northeastern states, New Hampshire should not unnecessarily delay its timetable. Any pool  
17 structure adopted for the restructured industry should not preclude bilateral contracts with pool and  
18 non-pool services and should not preclude ancillary pool services from being obtained from non-pool  
19 sources.

20 XIV. Administrative Processes. The commission *and the department* should adapt [~~its~~]  
21 *their* administrative processes to make regulation more efficient and to enable competitors to adapt  
22 to changes in the market in a timely manner. The market framework for competitive electric service  
23 should, to the extent possible, reduce reliance on administrative process. New Hampshire should  
24 move deliberately to replace traditional planning mechanisms with market driven choice as the  
25 means of supplying resource needs.

26 XV. Timetable. The commission should seek to implement full customer choice among  
27 electricity suppliers in the most expeditious manner possible, but may delay such implementation in  
28 the service territory of any electric utility when implementation would be inconsistent with the goal  
29 of near-term rate relief, or would otherwise not be in the public interest.

30 374-F:4 Implementation.

31 I. The commission is authorized to require the implementation of retail choice of electric  
32 suppliers for all customer classes of utilities providing retail electric service under its jurisdiction.  
33 The commission shall require such implementation at the earliest date determined to be in the  
34 public interest by the commission. However, in no event may the implementation be delayed beyond  
35 July 1, 1998 without legislative approval or a finding of public interest by the commission that delay  
36 is required due to events beyond the control of the commission or that implementation of retail  
37 choice within the service territory of any electric utility would be inconsistent with the goal of near-

1 term rate relief or would otherwise not be in the public interest. In the event that implementation of  
2 retail choice is delayed in the service territory of an electric utility, the electric utility shall continue  
3 to provide reliable retail service at the lowest reasonable cost in accordance with state law. In  
4 addition, at the earliest practical date, the commission should make effective the unbundling of  
5 components of rates into at least distribution, transmission, and generation for each jurisdictional  
6 utility.

7 II. Upon the effective date of this chapter, the commission shall undertake a generic  
8 proceeding to develop a statewide industry restructuring plan in accordance with the above  
9 principles, and shall, after public hearings, issue a final order no later than February 28, 1997. In  
10 its order, the commission shall establish the interim stranded cost recovery charge for each electric  
11 utility as provided in paragraph VI.

12 III. The commission shall require all electric utilities subject to its jurisdiction to submit  
13 compliance filings *to the department of energy*, which shall include open access tariffs and such  
14 other information as the commission may require, no later than June 30, 1997. The ~~commission~~  
15 *department* shall investigate and *the commission* shall approve utility compliance filings, subject  
16 to modification by the commission if necessary, after public hearing and subject to a finding that the  
17 filings are in the public interest and substantially consistent with the principles established in this  
18 chapter.

19 IV. A utility having less than a 50 percent share of statewide retail electric distribution  
20 sales (measured in kilowatt hours per year) may seek a ruling by the commission that it is in the  
21 public interest that implementation of such utility's compliance filing be deferred until compliance  
22 filings representing 70 percent of retail electric sales have been or are being implemented.

23 V. The commission is authorized to allow utilities to collect a stranded cost recovery charge,  
24 subject to its determination in the context of a rate case or adjudicated settlement proceeding that  
25 such charge is equitable, appropriate, and balanced, is in the public interest, and is substantially  
26 consistent with these interdependent principles. The burden of proof for any stranded cost recovery  
27 claim shall be borne by the utility making such claim.

28 VI.(a) In order to facilitate the rapid transition to full competition, the commission is  
29 authorized, in its generic restructuring order as provided in paragraph II, to set, without a formal  
30 rate case proceeding, an interim stranded cost recovery charge for each electric utility. Such interim  
31 stranded cost recovery charges shall be effective for not more than 2 years from the implementation  
32 of utility compliance filings and shall be based on the commission's preliminary determination of an  
33 equitable, appropriate, and balanced measure of stranded cost recovery that takes into account the  
34 near term rate relief principle, is in the public interest, and is substantially consistent with these  
35 interdependent principles. The commission shall also consider the potential for future rate impacts  
36 due to possible differences between interim stranded cost recovery charges and charges that may  
37 finally be approved for stranded cost recovery.

**Committee of Conference Report on HB 2-FN-A-LOCAL**  
**- Page 134 -**

1           (b) Any utility may seek adjustment of the interim stranded cost recovery charge at any  
2 time based on severe financial hardship, as determined by the commission. The setting of an interim  
3 stranded cost recovery charge shall establish no legal, factual, or policy precedent with respect to the  
4 final determination of stranded cost recovery by the commission in any subsequent administrative or  
5 judicial proceeding.

6           VII. The interim stranded cost recovery charge established for a utility as provided in  
7 paragraph VI may also be adjusted based upon the outcome of rate case proceedings to adjudicate  
8 claims for stranded cost recovery pursuant to paragraph V of this section. Any amounts approved by  
9 the commission for stranded cost recovery shall be net of amounts previously collected through  
10 interim stranded cost recovery charges.

11           VIII.(a) The commission is authorized to order such charges and other service provisions and  
12 to take such other actions that are necessary to implement restructuring and that are substantially  
13 consistent with the principles established in this chapter. The commission is authorized to require  
14 that distribution and electricity supply services be provided by separate affiliates.

15           (b) [Repealed.]

16           (c) The portion of the system benefits charge due to programs for low-income customers  
17 shall not exceed 1.5 mills per kilowatt hour. If the commission determines that the low-income  
18 program fund has accumulated an excess of \$1,000,000 and that the excess is not likely to be  
19 substantially reduced over the next 12 months, it shall suspend collection of some or all of this  
20 portion of the system benefits charge for a period of time it deems reasonable.

21           (d) [Repealed.]

22           (e) Targeted conservation, energy efficiency, and load management programs and  
23 incentives that are part of a strategy to minimize distribution costs may be included in the  
24 distribution charge or the system benefits charge, provided that system benefits charge funds are  
25 only used for customer-based energy efficiency measures, and such funding shall not exceed 10  
26 percent of the energy efficiency portion of a utility's annual system benefits charge funds. A proposal  
27 for such use of system benefits charge funds shall be presented to the commission for approval. Any  
28 such approval shall initially be on a pilot program basis and the results of each pilot program  
29 proposal shall be subject to evaluation by the commission.

30           (f) Beginning in 2000, the commission *and the department* shall submit a report to the  
31 legislative oversight committee to monitor the transformation of delivery of electric services by  
32 October 1 of each year. The report shall concern the results and effectiveness of the system benefits  
33 charge.

34           (g) [Repealed.]

35           VIII-a. Any electric utility that collects funds for energy efficiency programs that are subject  
36 to the commission's approval, shall include in its plans to be submitted to the commission program  
37 design, and/or enhancements, and estimated participation that maximize energy efficiency benefits

**Committee of Conference Report on HB 2-FN-A-LOCAL**  
**- Page 135 -**

1 to public schools, including measures that help enhance the energy efficiency of public school  
2 construction or renovation projects that are designed to improve indoor air quality. The report  
3 required under RSA 374-F:4, VIII(f) shall include the results and effectiveness of the energy  
4 efficiency programs for schools and, in addition to other requirements, be submitted to the  
5 commissioner of the department of education.

6 IX. An electricity supplier shall be eligible to compete, subject to necessary limitations  
7 established by the commission, for open access customers only if affiliated utilities file comparable  
8 open access transmission and distribution rates with the FERC or the commission, or both as  
9 appropriate, for all of their transmission facilities in New Hampshire and to the extent practicable,  
10 all of their distribution facilities in New Hampshire.

11 X. Nothing in this chapter shall be construed to prohibit the commission from otherwise  
12 exercising its lawful authority under title 34, in proceedings which relate to the introduction of  
13 competition in the retail electric utility industry including the retention of experts and consultants to  
14 assist the commission in its investigations and the assessment of such costs against utilities and any  
15 other parties to the proceedings, consistent with RSA 365:37 and RSA 365:38.

16 XI. Any administrative or adjudicative proceeding or public hearing relating to this chapter  
17 shall be subject to the provisions of RSA 541-A.

18 XII. To the extent that the provisions of this chapter are applicable to rural electric  
19 cooperatives for which a certificate of deregulation is on file with the commission, the commission  
20 shall exercise its authority with regard to such deregulated rural electric cooperatives only when and  
21 to the extent that the commission finds, after notice and hearing, that such action is required to  
22 ensure that such deregulated rural electric cooperatives do not act in a manner which is inconsistent  
23 with the restructuring policy principles of RSA 374-F:3. The commission shall have the authority to  
24 require that such deregulated rural electric cooperatives participate in proceedings, answer  
25 commission *and department* for information and file such reports as may be reasonably necessary  
26 to permit the commission to make an informed finding concerning the relevant restructuring policy  
27 principle actions of such deregulated rural electric cooperatives. Absent such a finding by the  
28 commission, the active role of assuring that the restructuring policy principles are appropriately  
29 addressed within their service territories shall be reserved to the deregulated rural electric  
30 cooperatives. Notwithstanding the foregoing, deregulated rural electric cooperatives shall be subject  
31 to the commission's jurisdiction with regard to those provisions of RSA 374-F pertaining to stranded  
32 cost recovery, customer choice, open access tariffs, default service, energy efficiency, and low income  
33 programs to the same extent as other public utilities.

34 282 Electric Utility Restructuring; Ratepayer Protection. Amend RSA 374-F:4-b to read as  
35 follows:

1 I. Within 60 days of the effective date of this section, the commission shall initiate a  
2 proceeding to develop rules to allow residential and small commercial customers to choose how they  
3 receive communication from competitive electric suppliers and to implement the provisions of this  
4 section. Where the commission has adopted rules in conformity with this section, complaints to and

34 following the expiration of a contract, without first providing written notification in a form approved  
35 by the commission of the nature of such variable rate 45 days prior to the commencement of the  
36 variable rate. The residential customer shall select the method of written notification at the time

4 section for a period of not less than 2 years and shall make such records available to the commission  
5 upon its request.

10 the public utilities commission and other cognizant state agencies in regard to evolving changes in  
11 the provision of electric services to New Hampshire customers, including modernization of the  
12 electric grid, development of technologies for electric storage, electrification of transportation, the  
13 growth of distributed generation, the commission's role in a deregulated market, and such matters  
14 as may arise that may present opportunities to improve the delivery of electric services or to reduce  
15 cost.

16 284 Competitive Electricity Supplier Requirements; Participation in Regional Activities. Amend  
17 RSA 374-F:7 and 374-F:8 to read as follows:

18 374-F:7 Competitive Electricity Supplier Requirements.

19 I. Competitive energy suppliers are not public utilities pursuant to RSA 362:2, though a  
20 competitive energy supplier may seek public utility status from the ~~commission~~ **department** if it  
21 so chooses. Notwithstanding a competitive energy supplier's non-utility status, the ~~commission~~  
22 **department** is authorized to establish requirements, excluding price regulation, for competitive  
23 electricity suppliers, including registration, registration fees, customer information, disclosure,  
24 standards of conduct, and consumer protection and assistance requirements. Unless electing to do  
25 so, an electricity supplier that offers or sells at retail to consumers within this state products and  
26 services that can lawfully be made available to such consumers by more than one supplier shall not,  
27 because of such offers or sales, be deemed to be a public utility as defined by RSA 362:2. These  
28 requirements shall be applied in a manner consistent with the restructuring principles of this  
29 chapter to promote competition among electricity suppliers.

30 II. Aggregators of electricity load that do not take ownership of power or other services and  
31 do not represent any supplier interest are not public utilities pursuant to RSA 362:2, but shall notify  
32 the ~~commission~~ **department** of their intent to do business. Municipalities that aggregate electric  
33 power or energy services for their citizens pursuant to RSA 53-E are not public utilities pursuant to  
34 RSA 362:2 and are not subject to the provisions of paragraph III and RSA 374-F:4-b.

35 III. The **department may investigate and petition the** commission ~~may~~ **to** assess fines  
36 against, revoke the registration of, order the rescission of contracts with residential customers of,

**Committee of Conference Report on HB 2-FN-A-LOCAL**

1 order restitution to the residential customers of, and prohibit from doing business in the state any  
2 competitive electricity supplier, including any aggregator or broker, which is found to have:

3 (a) Engaged in any unfair or deceptive acts or practices in the marketing, sale, or  
4 solicitation of electricity supply or related services;

5 (b) Violated the requirements of this section or any other provision of this title  
6 applicable to competitive electricity suppliers; or

7 (c) Violated any rule adopted by the ~~[commission]~~ **department** pursuant to paragraph V  
8 and RSA 374-F:4-b.

9 IV. As a condition of operation, for a 2-year interim period from the date that competition is  
10 implemented in one or more areas of the state, competitive energy suppliers and load aggregators  
11 shall submit to the jurisdiction of the commission for mediation and resolution of disputes between  
12 customers and competitive energy suppliers or aggregators. Municipalities that aggregate electric  
13 power or energy service for their citizens pursuant to RSA 53-E are not subject to this paragraph.

14 V. The ~~[commission]~~ **department** shall adopt rules, under RSA 541-A, to implement this  
15 section. Where the ~~[commission]~~ **department** has adopted rules in conformity with this section,  
16 complaints to and proceedings before the commission shall not be subject to RSA 541-A:29 or RSA  
17 541-A:29-a.

18 374-F:8 Participation in Regional Activities. The ~~[commission]~~ **department** shall advocate for  
19 New Hampshire interests before the Federal Energy Regulatory Commission and other regional and  
20 federal bodies. The commission shall participate in the activities of the New England Conference of  
21 Public Utility Commissioners, **and** the National Association of Regulatory Utility Commissioners,  
22 **and the department shall participate in the activities of the** New England States Committee on  
23 Electricity, or other similar organizations, and work with the New England Independent System  
24 Operator and NEPOOL to advance the interests of New Hampshire with respect to wholesale  
25 electric issues, including policy goals relating to fuel diversity, renewable energy, and energy  
26 efficiency, and to assure nondiscriminatory open access to a safe, adequate, and reliable  
27 transmission system at just and reasonable prices. The ~~[commission]~~ **department** shall advocate  
28 against proposed regional or federal rules or policies that are inconsistent with the policies, rules, or  
29 laws of New Hampshire. In its participation in regional activities, the commission **and the**  
30 **department** shall consider how other states' policies will impact New Hampshire rates and work to  
31 prevent or minimize any rate impact the commission **or department** determines to be unjust or  
32 unreasonable.

33 285 Offshore Wind and Port Development; Commission Established; Membership. Amend RSA  
34 374-F:10, II(c) to read as follows:

10       374-H:2 [~~Commission~~] **Department** Investigation of Energy Storage.

11           I. Within 30 days of the effective date of this chapter, the [~~commission~~] **department** shall  
12 [~~initiate a proceeding to investigate~~] **conduct an investigation into** ways to enable energy storage  
13 projects to receive compensation for avoided transmission and distribution costs, including but not  
14 limited to avoided regional and local network service charges, while also participating in wholesale  
15 energy markets. The [~~commission~~] **department** shall investigate how this might be done for both  
16 utility-owned and non-utility-owned energy storage projects, as well as for both behind-the-meter  
17 storage and front-of-the-meter storage.

18           II. The [~~commission's investigative proceeding~~] **department's investigation** shall  
19 specifically consider the following:

20           (a) How public policy can best help establish accurate and efficient price signals for  
21 energy storage projects that value their ability to avoid transmission and distribution costs while  
22 simultaneously reducing wholesale electricity market prices.

23           (b) How to compensate energy storage projects that participate in wholesale electricity  
24 markets for avoided transmission and distribution costs in a manner that provides net savings to  
25 consumers.

26           (c) How best to encourage both utility and non-utility investments in energy storage  
27 projects.

28           (d) The costs and benefits of a potential bring your own device program; how such a  
29 program might be implemented; any statutory or regulatory changes that might be needed to create,  
30 facilitate, and implement such a program; and whether such a program should include all  
31 distributed energy resources or be limited to distributed energy storage projects.

32           (e) Any statutory changes the general court should implement, including but not limited  
33 to changes to or exceptions from RSA 374-F or RSA 374-G, to enable energy storage projects to  
34 receive appropriate compensation for avoided transmission and distribution costs while also  
35 participating in wholesale energy markets.

36           (f) Any other topic the [~~commission~~] **department** reasonably believes it should consider  
37 in order to diligently conduct the proceeding.

**Committee of Conference Report on HB 2-FN-A-LOCAL**  
**- Page 140 -**

1           III. The ~~commission~~ **department** shall report its findings and recommendations to the  
2 standing committees of the house of representatives and senate with jurisdiction over energy and  
3 utility matters no later than 2 years after initiating the proceeding. The report shall identify ways  
4 any recommended statutory changes can minimize any potential conflict with the restructuring  
5 policy principles of RSA 374-F.

6           289 Fixing of Rates by Commission; Energy Policy Act Standards. Amend RSA 378:7 and 378:7-  
7 a to read as follows:

8           378:7 Fixing of Rates by Commission. Whenever the commission shall be of opinion, after a  
9 hearing had upon its own motion **or on motion of the department of energy** or upon complaint,  
10 that the rates, fares or charges demanded or collected, or proposed to be demanded or collected, by  
11 any public utility for service rendered or to be rendered are unjust or unreasonable, or that the  
12 regulations or practices of such public utility affecting such rates are unjust or unreasonable, or in  
13 any wise in violation of any provision of law, or that the maximum rates, fares or charges chargeable  
14 by any such public utility are insufficient, the commission shall determine the just and reasonable or  
15 lawful rates, fares and charges to be thereafter observed and in force as the maximum to be charged  
16 for the service to be performed, and shall fix the same by order to be served upon all public utilities  
17 by which such rates, fares and charges are thereafter to be observed. The commission shall be under  
18 no obligation to investigate **or hear** any rate matter which it has investigated within a period of 2  
19 years, but may do so within said period at its discretion.

20           378:7-a Energy Policy Act Standards. ~~[The commission]~~ **Consistent with their statutory**  
21 **authority, the commission and the department of energy** may establish requirements for net  
22 metering, fuel diversity, fossil fuel generation efficiency, advanced metering, time-based rates, and  
23 interconnection with on-site generation facilities of customers in a manner not inconsistent with  
24 section 111 of the Public Utility Regulatory Policies Act of 1978 (16 U.S.C. Chapter 46) as amended  
25 by the Energy Policy Act of 2005.

30           291 Filing; Inspection; Temporary Rates. Amend RSA 378:26 and 378:27 to read as follows:

31           378:26 Filing; Inspection. A copy of such list for the preceding year shall be filed with the  
32 commission **and the department of energy**, in such form and under such regulations as ~~the~~  
33 ~~commission~~ **they** may prescribe. Such list, together with the books, records and papers of the  
34 carrier so far as relevant, shall be open at all times to the inspection of the commission, who shall  
35 examine the same whenever they deem it necessary to the due enforcement of this title.

36           378:27 Temporary Rates. In any proceeding involving the rates of a public utility brought either  
37 upon motion of the commission **or the department of energy** or upon complaint, the commission

**Committee of Conference Report on HB 2-FN-A-LOCAL**  
**- Page 141 -**

1 may, after reasonable notice and hearing, if it be of the opinion that the public interest so requires,  
2 immediately fix, determine, and prescribe for the duration of said proceeding reasonable temporary  
3 rates; provided, however, that such temporary rates shall be sufficient to yield not less than a  
4 reasonable return on the cost of the property of the utility used and useful in the public service less  
5 accrued depreciation, as shown by the reports of the utility filed with the commission **and the**  
6 **department of energy**, unless there appears to be reasonable ground for questioning the figures in

9 all other funds. All moneys in the animal records database fund shall be nonlapsing and continually  
10 appropriated to the commissioner, and except as otherwise provided in law, shall be used for the  
11 purpose of administering and maintaining the animal records database established in this section.  
12 The database fund shall draw moneys only from grants and appropriations.

13 VI. Notwithstanding paragraph V, the fund shall be initiated by transfers from the

36 information by fraud, deceit, misrepresentation, or subterfuge shall be guilty of a class B felony.

10 ferret, and the certification by the veterinarian that the dog, cat, or ferret is free from evidence of  
11 communicable diseases or internal or external parasites. A list of all vaccines and medication  
12 administered to the dog, cat, or ferret shall be included in or attached to the certificate. An official  
13 certificate of transfer is distinct from a federal certificate of veterinary inspection and is not  
14 interchangeable with a certificate of veterinary inspection .

15           II. The electronically submitted certificate of transfer shall be considered the official  
16 certificate of transfer. A copy of the certificate of transfer of the dog, cat, or ferret offered for  
17 transfer by a licensee shall be kept on the premises where dogs, cats, and ferrets are displayed, and  
18 made available for inspection by the department, local officials, or a member of the public upon  
19 request up to one year after the animal has left the facility. The public shall be informed of their  
20 right to inspect a copy of the certificate of transfer for each dog, cat, or ferret offered for transfer by a  
21 sign prominently displayed in the area where dogs, cats, or ferrets are displayed. Upon transfer of a  
22 dog, cat, or ferret, a copy of that animal's certificate of transfer shall be given to the transferee in  
23 addition to any other documents which are customarily delivered to the transferee.

24           III. For purposes of this chapter, an official certificate of transfer waiver means an electronic  
25 record electronically submitted to the animal records database provided in lieu of an official  
26 certificate of transfer for a dog, cat, or ferret that has failed the examination for an official certificate  
27 of transfer because of a non-contagious illness, feline leukemia, or feline immunodeficiency virus.  
28 The waiver shall contain the name and address of the entity transferring ownership of the dog, cat,  
29 or ferret; the age, gender, breed, microchip number, tattoo number, ear tag number, or physical  
30 description of the dog, cat, or ferret; the reason for failure of the examination for the official  
31 certificate of transfer; and the signature of the transferee indicating that the transferee has  
32 knowledge of the dog's, cat's, or ferret's non-contagious medical condition. A list of all vaccines and  
33 medication administered to the dog, cat, or ferret shall be included in or attached to the certificate of  
34 transfer waiver. The waiver shall be submitted electronically to the animal records database by a  
35 New Hampshire licensed veterinarian.

36           IV. No person, firm, corporation, or other entity shall ship or bring into the state of New  
37 Hampshire, to offer for transfer in the state of New Hampshire, any cat, dog, or ferret less than 8

4 least 48 hours at a facility licensed under RSA 437 or at a facility operated by a licensed veterinarian  
5 separated from other animals on the premises before being offered for transfer.

6 VI. No animal shelter shall transfer any dog, cat or ferret that is received from outside of the  
7 state until the quarantine requirements in 437:8, V have been met and without an official transfer  
8 certificate. Animal shelter facilities, as defined in RSA 437:1, I, are exempt from the requirements of  
9 this section relative to transferring dogs, cats, and ferrets except that:

10 (a) All animal shelter facilities shall have on premises a microchip scanner and shall  
11 maintain a file of recognized pet retrieval agencies, including but not limited to national tattoo or  
12 microchip registries.

13 (b) Where an owner is not known, all animal shelter facilities shall inspect for tattoos,  
14 ear tags, or other permanent forms of positive identification and shall scan for a microchip upon  
15 admission of an unclaimed or abandoned animal as defined in RSA 437:18, IV and prior to  
16 transferring ownership of an unclaimed or abandoned animal.

17 VII. No dog, cat, or ferret shall be offered for transfer by a licensee or by any individual  
18 without first being protected against infectious diseases using vaccines approved by the state  
19 veterinarian. No dog, cat, or ferret shall be offered for transfer by a licensee or by any individual  
20 unless accompanied by a copy of the official certificate of transfer or official certificate of transfer  
21 waiver issued by a licensed veterinarian within the prior 14 days. No transfer shall occur unless the  
22 transferred animal is accompanied by a copy of the official certificate of transfer or official certificate  
23 of transfer waiver. The official certificate of transfer or official certificate of transfer waiver shall  
24 reside in the animal records database. Copies shall be provided to the veterinarian, transferor, and  
25 the transferee, who shall retain copies for their records. The transferor shall retain a copy for his or  
26 her records. If an official certificate of transfer or official certificate of transfer waiver is produced, it  
27 shall be prima facie evidence of transfer.

28 304 New Subparagraph; Animal Records Database Fund. Amend RSA 6:12, I(b) by inserting  
29 after subparagraph (364) the following new subparagraph:

**- Page 185 -**

1           II. The scholarship organization shall create a standard form that parents can submit to  
2 establish their student's eligibility for the EFA program and shall ensure that the application is  
3 publicly available and may be submitted through various sources, including the Internet.

4           III. The scholarship organization shall approve an application for an EFA if:

17                       (A) Having the student take a nationally-standardized, norm-referenced  
18 achievement test and to provide the results to the scholarship organization by the end of each school  
19 year which the scholarship organization shall make available to the department as aggregate scores;

36               (a) Enrolling as a full-time student in the resident district public school shall result in  
37 the immediate suspension of payment of additional funds into the student's EFA. However, an EFA

**- Page 186 -**

1 that has been open for at least one full school year shall remain open and active for the parent to  
2 make qualifying expenditures to educate the student from funds remaining in the EFA. When no  
3 funds remain in the student's EFA, the scholarship organization may close the EFA.

4 (b) If an eligible student decides to return to the EFA program, payments into the  
5 student's existing EFA may resume if the EFA is still open and active. A new EFA may be  
6 established if the student's EFA was closed.

7 194-E:4 Authority and Responsibilities of the Scholarship Organization. The scholarship  
8 organization shall have the following additional duties, obligations, and authority:

9 I. The scholarship organization shall maintain an updated list of education service providers  
10 and shall ensure that the list is publicly available through various sources, including the Internet.

11 II. The scholarship organization shall provide parents with a written explanation of the  
12 allowable uses of EFA funds, the responsibilities of parents, the duties of the scholarship  
13 organization, and the role of any financial management firms that the scholarship organization may  
14 contract with to administer any aspect of the EFA program.

15 III. The scholarship organization shall ensure that parents of students with disabilities  
16 receive notice that participation in the EFA program is a parental placement under 20 U.S.C. section  
17 1412, Individuals with Disabilities Education Act (IDEA), along with an explanation of the rights  
18 that parentally placed students possess under IDEA and any applicable state laws.

19 IV. The scholarship organization shall, in cooperation with the department, determine  
20 eligibility for differentiated aid subject to any applicable state and federal laws.

21 V. The scholarship organization may withhold from deposits or deduct from EFAs an

23 annually.

24 VI. The scholarship organization shall implement a commercially viable system for payment  
25 of services from EFAs to education service providers by electronic or online funds transfer.

26 (a) The scholarship organization shall not adopt a system that relies exclusively on  
27 requiring parents to be reimbursed for out-of-pocket expenses, but rather shall provide maximum  
28 flexibility to parents by facilitating direct payments to education service providers. Scholarship  
29 organizations may pre-approve requests for reimbursements for qualifying expenses, including  
30 expenses pursuant to RSA 194-E:2, II, but shall not disperse funds to parents without receipt that  
31 such pre-approved purchase has been made.

32 (b) A scholarship organization may contract with a private institution or organization to  
33 develop the payment system.

34 VII. The scholarship organization may also seek to implement a commercially viable system  
35 for parents to publicly rate, review, and share information about education service providers, ideally  
36 as part of the same system that facilitates the electronic or online funds transfers.

**Committee of Conference Report on HB 2-FN-A-LOCAL**  
**- Page 187 -**

1 VIII. If an education service provider requires partial payment of tuition or fees prior to the  
2 start of the academic year to reserve space for an EFA student admitted to the education service  
3 provider, such partial payment may be paid by the scholarship organization, if funds are available,  
4 prior to the start of the school year in which the EFA is awarded and deducted in an equitable  
5 manner from subsequent quarterly EFA deposits to ensure adequate funds remain available  
6 throughout the school year; but if an EFA student decides not to use the education service provider,  
7 the partial reservation payment shall be returned to the scholarship organization by such education  
8 service provider and credited to the student's EFA.

9 IX. The scholarship organization shall continue making deposits into a student's EFA until:

10 (a) The scholarship organization determines that the EFA student is no longer an  
11 eligible student.

12 (b) The scholarship organization determines that there was substantial misuse of the  
13 funds in the EFA.

14 (c) The parent or EFA student withdraws from the EFA program.

15 (d) The EFA student enrolls full-time in the resident district public school.

16 (e) The EFA student graduates from high school.

17 X. The scholarship organization may conduct or contract for the auditing of individual EFAs,  
18 and shall at a minimum conduct random audits of EFAs on an annual basis.

19 XI. The scholarship organization may make any parent or EFA student ineligible for the  
20 EFA program in the event of intentional and substantial misuse of EFA funds.

21 (a) The scholarship organization shall create procedures to ensure that a fair process  
22 exists to determine whether an intentional and substantial misuse of EFA funds has occurred.

23 (b) If an EFA student is free from personal misconduct, that student shall be eligible for  
24 an EFA in the future if placed with a new guardian or other person with the legal authority to act on  
25 behalf of the student.

26 (c) The scholarship organization may refer suspected cases of intentional and  
27 substantial misuse of EFA funds to the attorney general for investigation if evidence of fraudulent  
28 use of EFA funds is obtained.

29 (d) A parent or EFA student may appeal the scholarship organization's decision to deny  
30 eligibility for the EFA program to the department.

31 XII. The scholarship organization may bar an education service provider from accepting  
32 payments from EFAs if the scholarship organization determines that the education service provider  
33 has:

34 (a) Intentionally and substantially misrepresented information or failed to refund any  
35 overpayments in a timely manner.

36 (b) Routinely failed to provide students with promised educational goods or services.

**Committee of Conference Report on HB 2-FN-A-LOCAL**  
**- Page 188 -**

1           XIII. The scholarship organization shall create procedures to ensure that a fair process  
2 exists to determine whether an education service provider may be barred from receiving payments  
3 from EFAs.

4           (a) If the scholarship organization bars an education service provider from receiving  
5 payments from EFAs, it shall notify parents and EFA students of its decision as quickly as possible.

6           (b) Education service providers may appeal the scholarship organization's decision to bar  
7 them from receiving payments from the EFA to the department.

8           XIV. The scholarship organization may accept gifts and grants from any source to cover  
9 administrative costs, to inform the public about the EFA program, or to fund additional EFAs.

10          XV. The department shall adopt rules that are necessary for the administration of this  
11 chapter.

12          XVI. The scholarship organization shall adopt policies or procedures that are necessary for  
13 the administration of this chapter. This may include policies or procedures:

14           (a) Establishing or contracting for the establishment of an online anonymous fraud  
15 reporting service.

16           (b) Establishing an anonymous telephone number for fraud reporting.

17           (c) Requiring a surety bond for education service providers receiving more than \$100,000  
18 in EFA funds.

19           (d) Refunding payments from education service providers to EFAs.

20           (e) Ensuring appropriate use and rigorous oversight of all funds expended under this  
21 program.

22          XVII. The scholarship organization shall not exclude, discriminate against, or otherwise  
23 disadvantage any education provider with respect to programs or services under this section based  
24 in whole or in part on the provider's religious character or affiliation, including religiously based or  
25 mission-based policies or practices.

26          194-E:5 Parent and Education Service Provider Advisory Commission.

27           I. There is established the parent and education service provider advisory commission to  
28 assist the scholarship organization by providing recommendations about implementing,  
29 administering, and improving the EFA program.

30           II. The commission shall consist of 7 members who shall be parents of EFA students or  
31 education service providers and shall represent no fewer than 4 counties in the state. The members  
32 shall be appointed by the director of the scholarship organization and serve at the director's pleasure  
33 for one calendar year after which they may be reappointed. The director of the scholarship  
34 organization, or designee, shall serve as a non-voting chairperson of the commission. The  
35 commissioner of the department of education, or designee, shall serve as a non-voting member of the  
36 commission.

**Committee of Conference Report on HB 2-FN-A-LOCAL**  
**- Page 189 -**

1           III. The scholarship organization may request the commission to meet, in person or  
2 virtually, to review appeals of education service provider denials pursuant to RSA 194-E:4, XI and to  
3 provide a recommendation to the scholarship organization as to whether an education service  
4 provider should be allowed to receive, or continue receiving, payments from EFAs.

5           194-E:6 Requirements for Education Service Providers.

6           I. The scholarship organization may approve education service providers on its own  
7 initiative, at the request of parents, or by notice to the scholarship organization provided by  
8 prospective education service providers.

9           II. A prospective education service provider that wishes to receive payments from EFAs  
10 shall:

11                   (a) Submit notice to the scholarship organization that it wishes to receive payments from  
12 EFAs.

13                   (b) Agree not to refund, rebate, or share EFA funds with parents or EFA students in any  
14 manner, except that funds may be remitted or refunded to an EFA in accordance with procedures  
15 established by the scholarship organization.

16                   (c) Comply with all state and federal anti-discrimination laws.

17           194-E:7 Independence of Education Service Providers.

18           I. Nothing in this chapter shall be deemed to limit the independence or autonomy of an  
19 education service provider or to make the actions of an education service provider the actions of the  
20 state government.

21           II. Education service providers shall be given maximum freedom to provide for the  
22 educational needs of EFA students without governmental control.

23           III. Nothing in this chapter shall be construed to expand the regulatory authority of the  
24 state, its officers, or any school district to impose any additional regulation of education service  
25 providers beyond those necessary to enforce the requirements of the EFA program.

26           IV. Any education service provider that accepts payment from an EFA under this chapter is  
27 not an agent of the state or federal government.

28           V. An education service provider shall not be required to alter its creed, practices,  
29 admissions policy, or curriculum in order to accept payments from an EFA.

30           194-E:8 Responsibilities of Public Schools and School Districts. A public school, or school  
31 district, that previously enrolled an EFA student shall provide a private school that is also an  
32 education service provider and that has enrolled an EFA student with a complete copy of the ESA  
33 student's school records, in a timely manner, while complying with 20 U.S.C. section 1232g, the  
34 Family Educational Rights and Privacy Act of 1974.

35           194-E:9 Legal Proceedings.

**Committee of Conference Report on HB 2-FN-A-LOCAL**  
**- Page 190 -**

1           I. In any legal proceeding challenging the application of this chapter to an education service  
2 provider, the state bears the burden of establishing that the law is necessary and does not impose  
3 any undue burden on the education service provider.

4           II. No liability shall arise on the part of the scholarship organization or the state or of any  
5 public school or school district based on the award of or use of an EFA pursuant to this chapter.

6           III. If any part of this chapter is challenged in a state court as violating either the state or  
7 federal constitutions, parents of eligible and/or EFA students shall be permitted to intervene as of  
8 right in such lawsuit for the purposes of defending the EFA program's constitutionality. However,  
9 for the purposes of judicial administration, a court may require that all parents file a joint brief, so  
10 long as they are not required to join any brief filed on behalf of any named state defendant.

11          IV. If any provision of this chapter, or the application thereof to any person or  
12 circumstances, is held invalid, such invalidity shall not affect other provisions or applications of this  
13 chapter which can be given effect without the invalid provision or application, and to this end the  
14 provisions of this chapter are declared to be severable.

15           194-E:10 Phase-Out Grants.

16           I. For each school district, the commissioner shall calculate the amount of the reduction in  
17 adequate education grants pursuant to RSA 194-E:2, I for each student receiving an EFA under this  
18 chapter. In the first year of the grant reduction, the commissioner shall calculate 50 percent of the  
19 reduction for each student and shall disburse that amount to the district as a district funding  
20 phaseout grant. In the second year of the grant reduction, the commissioner shall calculate 25  
21 percent of the reduction for each student and shall disburse that amount to the district as a district  
22 funding phase-out grant. All district funding phase-out grants shall be included in the September 1  
23 disbursement required pursuant to RSA 198:42.

24           II. The phase-out grants will terminate for new EFA students receiving an EFA effective  
25 July 1, 2026.

26           194-E:11 Appropriation From Education Trust Fund. The amount necessary to fund any grants  
27 or transfers of funds authorized under this chapter is hereby appropriated to the department from  
28 the education trust fund created under RSA 198:39. The governor is authorized to draw a warrant  
29 from the education trust fund to satisfy the state's obligation under this section. Such warrant for  
30 payment shall be issued regardless of the balance of funds available in the education trust fund. If  
31 the balance in the education trust fund, after the issuance of any such warrant, is less than zero, the  
32 comptroller shall transfer sufficient funds from the general fund to eliminate such deficit. The  
33 commissioner of the department of administrative services shall inform the fiscal committee and the  
34 governor and council of such balance. This reporting shall not in any way prohibit or delay the  
35 distribution of any grant or transfer of funds authorized under this chapter.

36           194-E:12 Legislative Oversight Committee Established. There is established an education  
37 freedom savings account oversight committee.

3 and one of whom shall be a member of the minority party, appointed by the president of the senate.

4           (b) Three members of the house of representatives, one of whom shall be a member of  
5 the majority party and one of whom shall be a member of the minority party, appointed by the  
6 speaker of the house of representatives.

3           V. No federal, private, or other non-state gift, grant, or loan for purposes of emergency  
4 powers of the state which exceeds \$100,000, shall be accepted until such action shall be approved by

9 further action by the fiscal committee.

10           VI. Under circumstances requiring emergency action for the immediate health, safety and  
11 welfare of the citizens of New Hampshire, the governor has the sole authority to accept and expend  
12 funds hereunder. Within 24 hours of the governor's acceptance or expenditure of funds pursuant to  
13 this section, the governor shall notify the senate president, speaker of the house of representatives,  
14 and chair of the fiscal committee of the general court of the acceptance or expenditure of such funds.

15           461 New Section; Homeland Security; Governor Duty. Amend RSA 21-P by inserting after

17           21-P:43-a Governor Duty. The governor shall provide a list of all expenditures pursuant to this  
18 subdivision under a state of emergency to the executive council for informational purposes only

25           463 Department of Justice; Reductions. In addition to any other required reductions, the  
26 department of justice is hereby directed to reduce state general fund appropriations in accounting  
27 unit 02-20-020-200010-2601 (attorney general) by \$56,101 for the fiscal year ending June 30, 2023.

28           464 New Subdivision; Granite State Paid Family Leave Plan. Amend RSA 21-I by inserting  
29 after section 95 the following new subdivision:

Granite State Paid Family Leave Plan

30  
31           21-I:96 Granite State Paid Family Leave Plan. There is hereby established the granite state  
32 paid family leave plan, which shall be implemented under this subdivision and as provided in RSA  
33 282-B and RSA 77-E.

34           21-I:97 Purpose and Policy. The purpose of this subdivision is to leverage the purchasing power  
35 and economies of scale available to the state when it is acting as purchaser on behalf of state  
36 employees and to align this purchasing initiative with a business tax incentive in order to make  
37 available to all other public and private employers in the state, on a voluntary basis, advantageously

1 priced family and medical leave insurance (FMLI) wage replacement benefits. By purchasing FMLI  
2 coverage for state employees through the medium of commercial insurance, by linking that contract  
3 with a contract to make the same coverage available statewide, by acting as premium aggregator for  
4 individuals whose employers do not sponsor such coverage, and by introducing a new business tax  
5 incentive, the state will position itself to create a market for advantageously priced FMLI benefits.  
6 It is the intent of this subdivision to significantly increase the number of employees in the state who  
7 receive FMLI wage replacement benefits. The social benefits of increasing the rate of FMLI coverage  
8 include attracting and retaining workers, including younger workers, to the state, enabling parents  
9 to bond with biological, adopted, or foster children, helping to meet the needs of an aging population,  
10 promoting workplace stability, and enhancing worker retention and productivity. While many larger  
11 employers provide paid FMLI benefits through self-insurance, this is not feasible for most mid-sized  
12 and smaller businesses. The general court therefore finds that it is in the public interest for the  
13 state to strategically use its purchasing power and tax expenditure authority to establish a  
14 marketplace in the state for advantageously priced FMLI wage replacement benefits.

15 21-I:98 Definitions. In this subdivision:

- 16 I. "Child" has the same meaning as "son or daughter" in 29 U.S.C. section 2611(12).

23 (c) Because of a serious health condition of a family member; or  
24 (d) Because of any qualifying exigency arising from foreign deployment with the armed  
25 forces, or to care for a service member with a serious injury or illness as permitted under the federal  
26 Family and Medical Leave Act, 29 U.S.C. section 2612(a)(1)(E) and 29 C.F.R. section 825.126(a)(1)-

7 I. The commissioner may solicit information about, seek proposals for, negotiate, enter into,  
8 and administer group insurance contracts with duly authorized accident and life insurance carriers  
9 as necessary and appropriate to provide to qualifying state employees, at state expense and at no  
10 cost to such employees, an FMLI plan of wage replacement as described in this subdivision. The  
11 provision of this coverage shall be considered a matter of legislatively established public policy that  
12 is designed to benefit all employers and employees in the state and that is "confined exclusively to  
13 the public employer by statute" as provided in RSA 273-A:1, XI and shall not be subject to collective  
14 bargaining. Nothing in this subdivision shall be construed to invalidate any portion of a collective  
15 bargaining agreement entered into by the state.

16 II. The state shall provide to all permanent state employees wage replacement coverage for  
17 qualified leave, which shall be available for the same types of leave as protected under the Family

19 for:

24 or

25 (d) Any qualifying exigency arising out of the fact that the employee's spouse, child, or  
26 parent is a covered military member on covered active duty, or caring for a covered service-member  
27 with a serious injury or illness if the eligible employee is the service-member's spouse, child, parent,  
28 or next of kin.

29 III. Subject to any changes authorized under RSA 21-I:103, the wage replacement benefits  
30 under this FMLI plan shall be structured as follows:

31 (a) Eligible employees shall receive 60 percent of their average weekly wage.

32 (b) The maximum duration of wage replacement shall be 6 weeks per year, with no  
33 minimum duration required.

34 (c) Wages used to determine the 60 percent FMLI coverage shall be capped at the  
35 amount of the Social Security taxable wage maximum as amended from time to time.

36 IV. Except as provided in RSA 21-I:100, III regarding individual pool coverage, the  
37 commissioner shall establish, through his or her discretionary authority in administering the

10 21-I:100 State Employee Coverage Linked to Coverage Offerings for Other Employers and for  
11 Individual Employees. The commissioner shall include in the request for proposals for FMLI  
12 benefits for state employees a requirement that the winning bidder shall, as a condition of the state  
13 contract, also offer the same FMLI coverage to other public employers, private employers with more  
14 than 50 employees, and individual employees on the following terms:

15 I. Private and public non-state employers shall receive a rate that is derived from the state  
16 rate through the application of rating factors that are actuarially justified and specified in the bid  
17 response.

18 II. Employers with more than 50 employees who choose to sponsor coverage for their  
19 employees shall contract directly with the winning bidder.

20 III. Individuals who work for employers who choose not to offer FMLI coverage under this  
21 subdivision or who fail to meet minimum participation requirements and who do not offer an FMLI  
22 benefit that is at least equivalent to the granite state paid family leave plan shall have the  
23 opportunity to contract indirectly with the winning bidder through the purchasing pool for family  
24 and medical leave insurance authorized under RSA 282-B and administered by the department of  
25 employment security. The pool may be experience rated. Coverage through the pool shall include a

3           21-I:101 Conditions of Non-State Employer Participation. Participation in the plan by non-state  
4 employers shall be voluntary. In addition, non-state employers may choose to provide FMLI at no  
5 cost to their employees or on a contributory or partially contributory basis.

6           21-I:102 Procurement Process. The commissioner may issue a request for information or a  
7 request for proposals to secure FMLI coverage for all eligible employees of the state of New  
8 Hampshire and to make advantageously priced coverage available to all other private employers  
9 with more than 50 employees and public employers in the state as provided in this subdivision. The  
10 department, the department of employment security, and the department of insurance shall jointly  
11 evaluate the proposals received in response to the request for proposals. The department shall  
12 contract with an insurance carrier or carriers to provide FMLI coverage. The contract with the  
13 winning bidder shall be subject to governor and council approval. The selected insurance carrier  
14 shall be licensed by the state of New Hampshire and in good standing. The selected insurance  
15 carrier shall be subject to all applicable insurance laws and regulations of the state of New  
16 Hampshire, and the rates and forms for the FMLI contracts shall be filed for approval with the  
17 insurance commissioner.

18           21-I:103 Commissioner Discretion to Adjust Initial FMLI Benefit Structure. In exercising  
19 authority under this subdivision to contract for FMLI coverage for state employees and also for the  
20 availability of advantageously priced FMLI coverage for employees of all non-state employers, the  
21 commissioner shall have discretionary authority in initiating this program to make changes to the  
22 benefit structure of the FMLI plan under RSA 21-I:99, III and may retain a consulting actuary or  
23 other benefit advisors in support of this discretionary determination. This discretionary authority  
24 shall be exercised in consideration of the stated purposes and policy goals of this subdivision and of  
25 the counsels of the FMLI advisory board established in RSA 21-I:104. Any such changes made under  
26 this paragraph shall be subject to approval by the governor and council and the legislative fiscal  
27 committee prior to implementation and shall be offered by the legislative fiscal committee as an
