CONSENT CALENDAR REPORTS

EDUCATION

HB 401, relative to the duty of school superintendents regarding criminal history records checks.

Ought to Pass, Vote 5-0.

Senator Prentiss for the committee.

This bill permits superintendents of school administrative units to appoint a designee to receive and review a report of an applicant's criminal history record information. The designees may be the assistant superintendent, the head of human resources, personnel director, business administrator or finance director, or the chief executive officer of a chartered public school. This bill also requires the department of education to provide training in reading and interpreting criminal history records and the superintendent, or designee, is required to complete such training.

HB 464, relative to the commission to study school funding.

Ought to Pass, Vote 5-0.

Senator Kahn for the committee.

This bill deletes the requirement that the commission to study school funding remain active until the general court addresses its recommendations. Over the course of 10 months, through the global pandemic, the commission's seventeen members reviewed past judicial and legislative records, studied Department of Education data by school district, reviewed other state funding models, and made recommendations to improve the methodology for achieving an equitable opportunity for an adequate education for all students. The commission's final report identifies means for addressing disparities in student educational outcomes, and taxpayer and community fiscal capacity. The final report has been shared with the governor, State Library and legislative leaders and all records can be accessed via a website maintained by the UNH Carsey School for Public Policy, who with research support from AIR, provided support to the commission.

ELECTION LAW AND MUNICIPAL AFFAIRS

HB 67-L, relative to warrant articles in official ballot town, school district, or village district meetings.

Inexpedient to Legislate, Vote 5-0.

Senator Ward for the committee.

This bill would have prohibited the amendment of a petitioned warrant article when such amendment would change the specific intent of the petitioner. While the intent of a warrant should be protected, testimony revealed the unintended consequences of not allowing the voters to amend a warrant. Additionally, the definition of "specific intent" is unclear and would cause confusion for the municipalities.

Due to the COVID-19 pandemic, the General Court is conducting legislative activities remotely with the exception of publicly noticed sessions in the House or Senate Calendar. During this time, the State House and Legislative Office Building remain closed to visitors.

HB 332, relative to deadlines for consideration of developments of regional impact by planning boards.

Ought to Pass, Vote 5-0.

Senator Perkins Kwoka for the committee.

This bill gives planning boards an additional 30 days to act to approve, conditionally approve, or disapprove, plats relating to developments of regional impact. Currently in statute, a planning board has 65 days to render a decision on plans. Considering that regional impact may involve consultation with multiple stakeholders, the additional time allows for a more informed determination.

HB 374, relative to the official ballot referendum form of town meetings.

Inexpedient to Legislate, Vote 5-0.

Senator Birdsell for the committee.

This bill would have amended the method of adopting official ballot referendum form of meeting (SB 2) by requiring that the question be placed on the official ballot for approval by voters. The current procedure has only been in place for two years and has not had a fair chance for success. In those municipalities that have the town meeting form of government, the best place to discuss such a fundamental change in how they govern themselves is at a town meeting.

HB 411, establishing a commission to study the equalization rate used for the calculation of a property tax abatement by the New Hampshire board of tax and land appeals, the superior court, and all cities, towns, and counties.

Ought to Pass with Amendment, Vote 5-0.

Senator Ward for the committee.

This bill as amended establishes a commission to study the equalization rate used for the calculation of a property tax abatement by the New Hampshire board of tax and land appeals, the superior court, and all cities, towns, and counties. The current system has caused inequities between those residents that file appeals and those that do not and has inadvertently caused municipalities to run with a deficit budget.

HB 545, relative to the use of certain out-of-state banks by the state treasurer and municipal and county treasurers or trustees.

Ought to Pass, Vote 5-0.

Senator Soucy for the committee.

This bill will allow banks chartered in another state but with a branch in New Hampshire to accept deposits and investments of public funds from the state treasurer as well as city, town, and school district treasurers. Due to the rise in bank consolidations, in some areas of our state, the closest branch to make their daily or weekly deposits is located across the state line. This has been especially burdensome to those municipalities that, by statute, have to make daily deposits.

ENERGY AND NATURAL RESOURCES

HB 413, establishing a solid waste working group on solid waste management planning and relative to compost.

Ought to Pass with Amendment, Vote 5-0.

Senator Watters for the committee.

This bill creates a solid waste working group to be convened by the NH Department of Environmental Services to support its solid waste planning efforts. NH faces many solid waste challenges, such as drastic changes in the global recycling market and limited landfill capacity. This solid waste working group will help the Department's Solid Waste Management Bureau conduct long-range strategic planning that will be beneficial to municipalities, businesses, residents, and our solid waste industry. The bill also requires the Department to enact administrative rules relative to requirements and best practices for facilities that compost organics by September 30, 2021. The committee amendment attaches a part of SB 146-FN that establishes a statewide solid waste disposal reduction goal. This part is meant to work in tandem with the solid waste working group established under HB 413. This amendment reframes our current goal to make it easier to measure progress, helps the state better

identify our solid waste challenges, and outlines strategies and opportunities to manage our solid waste. The decision to attach this amendment to HB 413 was made in consultation with the chairs of the House Resources, Recreation, and Development Committee and the House Environment and Agriculture Committee.

EXECUTIVE DEPARTMENTS AND ADMINISTRATION

HB 137, relative to the rulemaking authority of the department of information technology.

Inexpedient to Legislate, Vote 5-0.

Senator Reagan for the committee.

HB 137 exempts certain statewide standards and protocols relative to information technology, networks, telephony, and cyber security developed by the Department of Information Technology from rulemaking under RSA 541-A. The Committee was concerned over exempting large portions of a State Agency, especially one that operates so closely with all other aspects of government, from administrative rulemaking. In order to ensure and preserve legislative oversight, the Committee felt it was best to recommend ITL for HB 137.

HB 273, relative to the 50th anniversary of the passage of the 26th amendment, granting the right to vote to 18-21 year olds and celebrating youth voting and office holding.

Ought to Pass, Vote 5-0.

Senator Ricciardi for the committee.

HB 273 proclaims May 13, 2021 as Youth Franchise and Youth Officeholder Day in New Hampshire, in honor of the 50th anniversary of New Hampshire's ratification, on May 13, 1971, of the 26th Amendment to the United States Constitution which granted the right to vote to 18-21 year olds and made 18-21 year olds eligible to hold office in the state. This is an important bill, as it recognizes the many contributions that young people have made to the political discourse, both in New Hampshire and nationally. Young people continue to increase their political involvement at every level and that should be recognized and celebrated, which HB 273 does.

HB 345, establishing a license for mushroom harvesters.

Ought to Pass, Vote 5-0.

Senator Prentiss for the committee.

HB 345 establishes a license for wild mushroom identifiers, harvesters, and distributors, allows the Department of Health and Human Services to assess fines to people who distribute wild mushrooms without a license, and requires the Department of Health and Human Services to develop a list of approved mushrooms for distribution as well as an educational curriculum for license applicants. Wild mushrooms can be either a tasty delicacy or a poisonous error and being able to identify the difference is critical to the wellbeing of wild mushroom consumers. HB 345 will ensure compliance with U.S. Food Code regulations as well as protect the health and safety of wild mushroom consumers. Much of the initial work on the regulations in HB 345 has been completed by the Mushroom Foraging Study Commission (Laws of 2019, 35:2). The regulations will not impact home foragers but will ensure that wild mushrooms served at restaurants or sold at grocery stores or farmers markets are identified correctly and are safe for consumption.

HB 631, relative to regulation of interpreters for the deaf, deaf blind, and hard of hearing.

Ought to Pass, Vote 5-0.

Senator Cavanaugh for the committee.

HB 631 makes various changes to the licensure of interpreters for the deaf and hard of hearing and the regulation by the Board of Deaf and Hard of Hearing, including adding references to deafblind persons, revising definitions, clarifying licensure requirements, adding penalties for use of an unlicensed interpreter without a waiver, and authorizing the assessment of administrative fines. This is an effort to update New Hampshire statute relating to the deaf, deafblind, and hard of hearing community to ensure it is in-line with current standards, terminology, and practices. HB 631 is a result of various recommendations from legislative commissions on the deaf, deafblind, and hard of hearing community.

Due to the COVID-19 pandemic, the General Court is conducting legislative activities remotely with the exception of publicly noticed sessions in the House or Senate Calendar. During this time, the State House and Legislative Office Building remain closed to visitors.

HEALTH AND HUMAN SERVICES

HB 600-FN, relative to funding for newborn screening.

Ought to Pass with Amendment, Vote 5-0.

Senator Sherman for the committee.

This bill instructs the commissioner of the department of health and human services on the setting of fees for newborn screening tests. It addresses a barrier that did not allow for hospitals to bill insurance carriers for the cost of the newborn screening tests. This bill, as amended, keeps funding intact for the newborn screening program and ensures that hospitals have the capacity to include this testing when they bill carriers. As amended, it also establishes that these fees will be reimbursable without out-of-pocket cost to the patient.

TRANSPORTATION

HB 251-FN, requiring children under the age of 2 years to be restrained in a motor vehicle.

Ought to Pass with Amendment, Vote 5-0.

Senator Ricciardi for the committee.

This bill, as amended, establishes a committee to study New Hampshire children in rear facing restraints in motor vehicles. The membership of the study committee includes one senator and four members of the house of representatives. The study committee will produce a preliminary report due November 1, 2021 and a final report due November 1, 2022. The Senate Transportation Committee recognizes from the testimony the need to keep New Hampshire children safe in accordance with the American Academy of Pediatrics' standards. The committee felt it was best to establish a study committee to review data specific to New Hampshire.

HB 305, relative to motorist service signs on limited access highways.

Ought to Pass, Vote 5-0.

Senator Birdsell for the committee.

This bill deletes a limitation on the placement of motorist service signs on limited access highways. This bill permits signage north of Concord that identifies available services in the area. Under existing law, this signage already exists south of Concord. This change is beneficial to drivers as well as the tourism, lodging, and restaurant industries of New Hampshire.

HB 461, relative to motorcycle auxiliary lamping, and adding the New Hampshire Motorcyclists' Rights Organization to the traffic safety commission.

Ought to Pass, Vote 5-0.

Senator Sherman for the committee.

This bill permits a maximum of 4 auxiliary driving lamps mounted on the front of the motorcycle, allowing motorcyclists to apply additional lighting in pairs across the front of their motorcycles. This additional lighting on motorcycles increases their safety and visibility to other drivers on the road. This bill also adds a representative of the New Hampshire Motorcyclists' Rights Organization to the traffic safety commission, providing a voice for motorcyclists on the commission.

WAYS AND MEANS

HB 533, establishing a division of investigation and compliance in the lottery commission.

Ought to Pass with Amendment, Vote 5-0.

Senator Rosenwald for the committee.

This bill establishes a division of investigation and compliance within the Lottery Commission. It will allow the Lottery Commission to conduct investigations on new license applicants. These investigations are currently done by the Attorney General's Office as time allows. By allowing the Lottery Commission to do this work, it will expedite the process for license applicants and take this responsibility off of the Attorney General's Office. The committee amendment adds in references to the statutes related to charitable gaming that were missing in the original bill. It also removes the ability to set fines and penalties through the rulemaking process. The fines and penalties are set in statute. The Lottery Commission does not require additional resources to implement this legislation.

Due to the COVID-19 pandemic, the General Court is conducting legislative activities remotely with the exception of publicly noticed sessions in the House or Senate Calendar. During this time, the State House and Legislative Office Building remain closed to visitors.

5 Solid Waste Disposal Reduction Goal. Amend RSA 149-M:2 to read as follows:

149-M:2 **Solid Waste Disposal** Reduction Goal.

I. The general court declares its concern that there are environmental and economic issues pertaining to the disposal of solid waste in landfills and incinerators. It is important to reserve landfill and incinerator capacity for solid wastes which cannot be reduced, reused, recycled or composted. ~~The general court declares that the goal of the state, by the year 2000, is to achieve a 40 percent minimum weight diversion of solid waste landfilled or incinerated on a per capita basis. Diversion shall be measured with respect to changes in waste generated and subsequently landfilled or incinerated in New Hampshire. The~~

For the purposes of this goal, disposal reduction targets shall apply, on a combined basis, to disposal of municipal solid waste and construction and demolition debris, and shall be measured against baseline quantities of these wastes disposed of in the year 2018. For the purposes of this goal only, municipal solid waste means solid waste generated at residences, commercial or industrial establishments, and institutions, but excludes automobile scrap and other motor vehicle waste, infectious waste, asbestos waste, contaminated soil and other absorbent media, sludge, industrial process waste, and ash other than ash from household stoves. Disposal reduction may be achieved through source reduction as well as diversion including but not limited to reuse, recycling, and composting. For the purposes of this section “goal” shall not establish a mandate.***

III. ***In exercising any and all powers conferred upon the department under this chapter, the department shall use and consider criteria relevant to the disposal reduction goal and solid waste management hierarchy established in this section and RSA 149-M:3. (a) ***Goals, strategies, and actions to reduce solid waste generation through source reduction, to increase diversion through methods such as reuse, recycling and composting, and to achieve the state’s solid waste disposal reduction goal, with such efforts incorporating the principles of the solid waste management hierarchy established in RSA 149-M:3.***
