CONSENT CALENDAR REPORTS

COMMERCE

HB 384-FN, prohibiting the sharing of location data.
Inexpedient to Legislate, Vote 5-0.
Senator Gannon for the committee.

This bill would have prohibited telecommunications companies and application developers from sharing, selling, and giving away the location information of their users. The Committee felt this bill had too many technical problems. At the public hearing, the Committee heard testimony that this bill could potentially force technology companies out of the state, expose carriers and mobile developers to costly litigation, further fragment consumer privacy laws, and disrupt the functionality of mobile applications for both in-state and out-of-state consumers.

HB 385-FN, relative to workers' compensation for heart and lung disease in firefighters.
Ought to Pass, Vote 5-0.
Senator Cavanaugh for the committee.

This bill would extend workers' compensation benefits for heart and lung disease up to the seventieth birthday of a firefighter. This extension seeks to incentivize more people to become volunteer firefighters. Currently, the number of volunteer firefighters has declined statewide, which has resulted in greater costs to municipalities since they're forced to hire more professional firefighters. In addition, the extension would acknowledge that lung and heart conditions might not manifest in firefighters for many years after their exposure to fires or fire-related incidents. Finally, the extension would help cover the cost of medical copays, medical equipment, and leaves of absence.

HB 448, establishing a committee to study and compare federal Occupational Safety and Health Act standards with the safety and health standards the New Hampshire department of labor uses for public sector employees.
Ought to Pass with Amendment, Vote 5-0.
Senator French for the committee.

Currently, the federal Occupational Safety and Health Act (OSHA) doesn't apply to public sector employees. This bill would establish a study committee that would examine and compare federal OSHA standards with the safety and health standards the New Hampshire Department of Labor has for public sector employees. As amended, only one senator would serve on the study committee and the meeting quorum would be reduced to three members.

Important Notice

Due to the COVID-19 pandemic, the General Court is conducting legislative activities remotely with the exception of publicly noticed sessions in the House or Senate Calendar. During this time, the State House and Legislative Office Building remain closed to visitors.

HB 593-FN, requiring a food delivery service to enter into an agreement with a food service establishment or food retail store before offering delivery service from that restaurant.

Ought to Pass with Amendment, Vote 5-0.

Senator Bradley for the committee.

This bill would require third-party food delivery services to receive written consent from a restaurant before offering delivery services for that restaurant. Once food leaves a restaurant, they no longer have control over the quality of the food or the person delivering it. Consequently, orders can be delivered late or not at all; thus, resulting in the loss of a potential customer or a loss in revenue if an order needs to be remade. In certain instances, some restaurants may be completely unaware they are on third-party delivery websites. As amended, the effective date would be changed to September 1, 2021.

HB 610-FN, requiring certain licensing and reporting functions be conducted through the Nationwide Multistate Licensing System and Registry, and relative to background investigations of trust officers, to certain filing fees, assessments, and interest rates, and to the transmission of consumer complaints by the banking department.

Ought to Pass, Vote 5-0.

Senator Bradley for the committee.

This bill was filed at the request of the New Hampshire Banking Department. Sections 1 through 15 would transition all consumer credit licensees to the Nationwide Multistate Licensing System and Registry platform for the purposes of licensing, renewal of licenses, and report filing. Sections 16 through 19 would authorize the Commissioner to have new trust directors at trust companies submit to and cover the cost of their own background check. Also, the Commissioner would have the authority to remove a director or officer of a trust company or a family trust company. Section 20 would increase new charter application fees to \$15,000 to help prevent cost shifting. Section 21 would clarify that a dissolved institution or an institution converting to a federal charter is responsible for paying their assessment. Section 22 would tie escrow fund interest rates to the interest rates of the Federal Open Market Committee. Finally, sections 23 through 28 would allow the department to transmit consumer complaints via email.

EDUCATION

HB 69, relative to the display of the national motto in schools.

Inexpedient to Legislate, Vote 5-0.

Senator Prentiss for the committee.

This bill would enable school boards to display the national motto of the United States in school buildings. This bill would also require the NH Attorney General's Office to provide legal protection against any lawsuits as a result of such display. As the display of the national motto in NH schools is not currently prohibited and the input of the Attorney General's Office on this new requirement was not solicited, the Committee recommends that this bill be inexpedient to legislate.

HB 152, relative to the apportionment of costs in cooperative school districts.

Ought to Pass, Vote 5-0.

Senator Kahn for the committee.

This bill permits the apportionment formula for a cooperative school district to be reviewed by the public body after the expiration of a five year period measured from the date of the meeting at which the last change was made to the cost apportionment formula. This bill permits school districts to keep their apportionment formula in place, as opposed to being subject to warrant article proposals seeking changes to apportionment formulas annually.

HB 182, relative to approval of coursework completed at other approved schools

Ought to Pass, Vote 5-0.

Senator Hennessey for the committee.

This bill requires the principal or other administrator of a high school to grant credit for courses and programs completed at other approved schools. This bill also requires the principal or other administrator to show reasonable justification for denial of credits. HB 182 mirrors current law used to approve and deny credits from students of military families. The bill's intent is to allow students to advance their education without having to unnecessarily repeat courses of which they have already met the competencies.

Due to the COVID-19 pandemic, the General Court is conducting legislative activities remotely with the exception of publicly noticed sessions in the House or Senate Calendar. During this time, the State House and Legislative Office Building remain closed to visitors.

HB 319, requiring students in the university and community college systems of New Hampshire to pass the United States Citizenship and Immigration Services civics naturalization test.

Re-refer to Committee, Vote 5-0.

Senator Ricciardi for the committee.

This bill would require university system and community college system students to pass the 2020 version of the United States Citizenship and Immigration Services naturalization test as a graduation requirement. During the public hearing on HB 319, concerns were raised. A technical concern related to the requirement of using a specific version of the test, in this case, the 2020 version, was raised by the university system. Naturalization test version standards are currently changing at the federal level. Concerns regarding proof of completion of the test were raised. Additionally, following the passage of HB 320 this session, NH high school students will have already completed this test requirement prior to graduation. Re-referring this bill back to Committee affords the Committee time to further address the concerns presented.

ELECTION LAW AND MUNICIPAL AFFAIRS

HB 77, requiring town and city clerks to provide daily notification to the secretary of state of any filings for elected office.

Ought to Pass, Vote 5-0.

Senator Birdsell for the committee.

This bill requires that town and city clerks provide a daily update of candidates who have filed for nomination to the Secretary of State. Currently, the clerks are only required to mail in certain candidates nomination papers. Due to slow mail service, the Secretary of State's office is not able to receive the original information in a timely manner to post online and this impacts candidate filings. This delay means that often the public is not aware that someone has or has not filed before the deadline and creates issues in making sure that each and every position for public office is filled.

HB 285, relative to verification of voter checklists.

Ought to Pass with Amendment, Vote 5-0.

Senator Ward for the committee.

This bill as amended will modify the procedure for maintenance of an accurate voter checklist. The Secretary of State will establish a verification process using the United State Postal Service address database and inform the municipalities of any mismatches for review and confirmation. This will allow the Supervisors of the Checklist to keep the information of registered voters current.

HB 476, relative to election officers at additional polling places.

Ought to Pass with Amendment, Vote 5-0.

Senator Gray for the committee.

This bill as amended removes the requirement that election officials for an additional polling place within a town be domiciled in the district where the additional polling place is located. It does not change the requirement that election officials be domiciled in the town. The amendment ratifies all actions, votes, and proceedings of the town of Middleton's annual town meeting held on March 13, 2021.

JUDICIARY

HB 123-FN, granting immunity from prosecution for prostitution for reporting a sexual assault.

Ought to Pass, Vote 5-0.

Senator Carson for the committee.

This bill provides immunity from prosecution for prostitution for a person reporting to law enforcement that such person or another person is the victim of a sexual assault. The implementation of this bill will help to ensure that the fear of being arrested will not prevent a victim from reporting that they have been sexually assaulted, and importantly, puts NH in line with federal policy and the Violence Against Women Act. Therefore, the Committee recommends the bill Ought to Pass.

Due to the COVID-19 pandemic, the General Court is conducting legislative activities remotely with the exception of publicly noticed sessions in the House or Senate Calendar. During this time, the State House and Legislative Office Building remain closed to visitors.

HB 129-FN, prohibiting the installation or use of electronic tracking software.

Inexpedient to Legislate, Vote 5-0.

Senator Kahn for the committee.

This bill would prohibit a person from, without consent, installing or activating an application on an electronic device that can track an individual's proximity to similar equipment or otherwise relay the individual's location information. Due to significant concerns regarding the unintended consequences that would arise as a result of this bill, the Committee recommends it to be Inexpedient to Legislate.

HB 197, relative to the use of deadly force in defense of another.

Re-refer to Committee, Vote 5-0.

Senator French for the committee.

This bill would permit the use of deadly force against another person in circumstance where deadly force is used in the commission of felony against a person in a vehicle. The Committee recommends the bill to be Re-Referred to Committee, so that more time and consideration can be taken to examine this important and complex issue.

HB 200-FN, increasing the penalty for certain invasions of privacy.

Inexpedient to Legislate, Vote 5-0.

Senator Carson for the committee.

This bill would increase the criminal penalty for certain violations of privacy and nonconsensual dissemination of private sexual images. Due to a lack of testimony regarding this bill, the Committee believes it is impossible to move the language forward at this time and recommends the bill to be Inexpedient to Legislate.

HB 347-FN, relative to driving with a suspended license.

Re-refer to Committee, Vote 5-0.

Senator Carson for the committee.

This bill would make driving after a license has been suspended for driving or operating under the influence of drugs or liquor in this or any out-of-state jurisdiction a misdemeanor, and would impose a fine on any person who does so. Further, it would also clarify that prior out-of-state convictions for driving after revocation or suspension may be considered when determining whether a person is guilty of a misdemeanor for driving after revocation or suspension. The Committee would like more time to look over this language as it deals with out-of-state jurisdictions and therefore, recommends the bill to be Re-Referred back to Committee.

HB 436, relative to eyewitness identification procedures.

Re-refer to Committee, Vote 5-0.

Senator Kahn for the committee.

This bill would add remedies for noncompliance with eyewitness identification procedures. There were several concerns with the bill raised during testimony that the Committee believes can be remedied by bringing stakeholders together to amend current language. Therefore, the Committee recommends that the bill be Re-Referred to Committee.

HB 546-FN, relative to 911 immunity for reporting that a person has been the victim of a violent crime.

Ought to Pass, Vote 5-0.

Senator Gannon for the committee.

This bill expands the 911 immunity law, by providing immunity from criminal charges for a person who reports to law enforcement that such person or another person has been the victim of a violent crime. Given the success of the current 911 immunity law regarding overdoses, the Committee believes that expanding the law to include the reporting of a violent crime is an appropriate and important step to combat crime and assist victims in our communities.

Due to the COVID-19 pandemic, the General Court is conducting legislative activities remotely with the exception of publicly noticed sessions in the House or Senate Calendar. During this time, the State House and Legislative Office Building remain closed to visitors.

AMENDMENTS

Energy and Natural Resources
May 6, 2021
2021-1333s
08/06

Amendment to HB 235

Amend the title of the bill by replacing it with the following:

AN ACT addressing impacts to other water users from new sources of water for community water systems and relative to the PFAS fund and programs.

Amend the bill by replacing all after section 1 with the following:

2 PFAS Fund and Program; Purpose. Amend RSA 485-H:1 to read as follows:

485-H:1 Purpose Statement. Communities across the state have been impacted by [~~per and polyfluoroalkyl substances (PFAS)~~] ***perfluorochemical*** contamination, largely through no fault of their own. ***Perfluorochemicals are a class of chemicals that are part of a larger group of chemicals called per and polyfluoroalkyl substances (PFAS)***. The cost of remediating this contamination for many communities would result in dramatically higher water and sewer rates for end users. The existence of these man-made chemicals, some of which are occurring at unhealthy levels in New Hampshire's drinking water, require a strategy to protect, preserve, and enhance the water that New Hampshire citizens and environment rely upon.

3 PFAS Fund and Program; Definitions. Amend RSA 485-H:2, III and IV to read as follows:

III. "***PFAS drinking*** water standard" means the maximum contaminant levels in accordance with RSA 485:16-e.

IV. "***PFAS loan*** fund" means the PFAS remediation loan fund established in RSA 485-H:10.

4 PFAS Program; Drinking Water Protection; Groundwater. RSA 485-H:3 and 485-H:4 are repealed and reenacted to read as follows:

485-H:3 Implementation of Drinking Water Protection Program.

I. The department shall provide low-interest loans to municipalities, community water systems, and non-profit, non-transient non-community water systems whose testing of untreated source water shows an exceedance of a PFAS drinking water standard. Such loans shall be provided for the projects described below begun after September 30, 2019.

II. The department shall provide the loans described in paragraph I for projects needed to meet a PFAS drinking water standard if the applicant demonstrates, and the department agrees, that the project is the most cost-effective way to meet PFAS drinking water standards and if the project meets the other provisions of this chapter and department rules adopted pursuant to this chapter.

III. The department shall adopt rules, and include conditions in loan documents, to ensure that the applicant has made and will make reasonable efforts to obtain and use funds from any potentially liable third party prior to and after taking a loan from the PFAS loan fund, and that any money received from a potentially liable third party after the loan is provided is applied to early repayment of such loan to the extent reasonable. In addition, the department shall adopt rules establishing criteria to ensure that an applicant shall not be eligible for loans for any project or portion of a project to the extent the negligence of the applicant caused the contamination that resulted in the exceedance of a PFAS drinking water standard.

Due to the COVID-19 pandemic, the General Court is conducting legislative activities remotely with the exception of publicly noticed sessions in the House or Senate Calendar. During this time, the State House and Legislative Office Building remain closed to visitors.

IV. If the department forgives any part of a loan related to costs for a project for which a third party might otherwise be liable, the right to recover payment from such third party shall be subrogated to the department to the extent of such forgiveness. Any money recovered by the department from such third party shall be deposited in the PFAS loan fund.

V. Loans may be made for up to the total cost of the project minus any contribution from a liable or potentially liable third party or any other portion deemed ineligible under this chapter and department rules.

485-H:4 Implementation of Groundwater, Surface Water and Aquatic Life Protection.

I. The department shall provide low interest loans to publicly-owned and non-profit wastewater and/or wastewater residual treatment or storage facilities that are required to treat effluent and residuals to achieve applicable PFAS standards prior to discharge or disposal.

II. The department shall provide the loans described in paragraph I if the applicant demonstrates, and the department agrees, that the project is the most cost-effective way to meet applicable PFAS standards and if the project meets the other provisions of this chapter and department rules adopted pursuant to this chapter. The applicant shall provide evidence in the application for funding that there is not a more cost-effective way to meet applicable PFAS standards.

III. The department shall adopt rules, and include conditions in loan documents, to ensure that the applicant has made reasonable efforts to obtain and use funds from any liable or potentially liable third party prior to and after taking a loan from the PFAS loan fund, and that any money received from a liable or potentially liable third party at a later time is applied to early repayment of the loan from the PFAS loan fund to the extent reasonable. In addition, the department shall adopt rules establishing criteria to ensure that an applicant shall not be eligible for loans for any project or portion of a project to the extent the negligence of the applicant caused the contamination that resulted in the exceedance of an applicable PFAS standard.

IV. If the department forgives any part of a loan related to costs for a project for which a third party might otherwise be liable, the right to recover payment from such third party shall be subrogated to the department to the extent of such forgiveness. Any money recovered by the department from such third party shall be deposited in the PFAS loan fund.

V. Loans may be made for up to the total cost of the project minus any contribution from a liable or potentially liable third party or any other portion deemed ineligible under this chapter and department rules.

5 Loan Forgiveness. Amend RSA 485-H:5 to read as follows:

485-H:5 Loan Principal Forgiveness Based Upon Need.

I. The department shall forgive up to 10 percent of the loan principal to *municipalities*, community water systems, and non-profit, non-transient non-community water systems using the same qualifying standards for forgiveness used in the drinking water state revolving loan program established under RSA 486:14.

II. The department shall forgive up to 10 percent of the loan principal for publicly-owned and non-profit wastewater treatment facilities using the same qualifying standards for forgiveness used in the clean water state revolving loan program established under RSA 486:14.

III. Total loan forgiveness under this section shall not exceed \$5 million [~~for both drinking water and clean water combined~~].

6 PFAS Program; Rules; Loan Fund. Amend RSA 485-H:7 through 485-H:10 to read as follows:

485-H:7 Drinking Water and Groundwater Trust Fund Exception. Notwithstanding any law to the contrary, any funds deposited into the drinking water and groundwater trust fund established in RSA 6-D:1 as a result of this chapter may be transferred to the department to be used for funding PFAS remediation projects, including those at wastewater treatment facilities, at the discretion of the *drinking water and groundwater trust* fund's advisory commission.

Important Notice

Due to the COVID-19 pandemic, the General Court is conducting legislative activities remotely with the exception of publicly noticed sessions in the House or Senate Calendar. During this time, the State House and Legislative Office Building remain closed to visitors.

485-H:8 Duties of the Department.

I. The department shall perform the following duties to the limit of available funding:

(a) Establishing and administrating the PFAS remediation loan program to assist municipalities; community and non-profit, non-transient non-community water systems; and publicly owned and non-profit wastewater treatment facilities with the cost of complying with ~~[state maximum contaminant level for]~~ **applicable PFAS standards**.

(b) Establishing and administering a loan forgiveness program to assist disadvantaged communities with loan repayment.

(c) Awarding loan funds to projects that meet ***the provisions of this chapter including*** the following criteria:

(2) The applicant has demonstrated, to the satisfaction of the department, that ~~[low or no-cost solutions are neither viable nor effective]~~ ***the project is the most cost-effective way to meet PFAS drinking water standards and other applicable PFAS standards***.

(d) Awarding reimbursements to projects from the fund in a manner consistent with this chapter.

II. Every year beginning December 1, 2020, the department shall prepare and file a report with the general court evaluating the progress made relative to PFAS contamination, the efficiency of the program established under this chapter, and whether it continues to provide the maximum benefit to New Hampshire citizens, and providing any recommendations on potential additional tasks for which the fund could be used to address PFAS contamination.

485-H:9 Rules. The department shall adopt rules, under RSA 541-A, relative to administering ~~[PFAS remediation loan programs for eligible projects necessary to meet state PFAS standards]~~ ***this chapter***.

485-H:10 PFAS Remediation Loan Fund Established. There is hereby established in the department the PFAS remediation loan fund which shall be maintained by the state treasurer in distinct and separate custody from all other funds, notwithstanding RSA 6:12. The state treasurer may invest the **PFAS remediation loan** fund in accordance with RSA 6:8. Any earnings on fund moneys shall be added to the **PFAS remediation loan** fund. All moneys in the **PFAS remediation loan** fund shall be non-lapsing and shall be continually appropriated to the department. No party shall receive multiple compensation for the same injury, and any such compensation shall be repaid to the trust fund.

8 Effective Date.

I. Section 1 of this act shall take effect 60 days after its passage.

II. The remainder of this act shall take effect upon its passage.
