## CONSENT CALENDAR REPORTS

### COMMERCE

**SB 202-FN**, prohibiting the sale of cosmetic products tested on animals.

Ought to Pass with Amendment, Vote 5-0.

Senator Bradley for the committee.

This bill would prohibit the sale of any cosmetic where a known test on an animal was conducted or contracted by or on behalf of a manufacturer, or any supplier of a manufacturer after January 1<sup>st</sup>, 2023.

This bill would align NH with 8 states – CA, NV, IL, VA, MD, ME, HI, and NJ – and 41 countries. The Committee Amendment would hold harmless NH retailers as well as make certain definitional changes.

**SB 211**, relative to an injured employee's right to reinstatement to a former position for purposes of workers' compensation.

Interim Study, Vote 5-0.

Senator French for the committee.

This bill would have added an exemption to an employee's right to reinstatement to their position based on an employer's need to fill a position wherein a temporary replacement is not available or practical. The Committee felt this bill was too broad and it would disrupt the existing workers' compensation system, which has been in place for over 30 years. Currently, an injured worker's right to reinstatement can be terminated under three circumstances: a treating doctor could determine they are unable to return to their job; a worker could accept a job with a different employer; or 18 months could elapse since the date of the injury.

**SB 345**, relative to youth employment.  
Ought to Pass with Amendment, Vote 5-0.  
Senator Soucy for the committee.

This bill would make certain changes to the laws governing employment of 14- and 15-year-olds. The Committee Amendment made several changes. First, employees who are 14 years old would be permitted to bus tables. Second, employees who are 16 and 17 years old would not be able to work more than 35 hours if school is in session for 5 days in a week. Finally, RSA 276-A:13 would be amended to allow a youth to work no later than 10:00 p.m. on Sunday through Thursday, or no later than 12:00 a.m. on Friday and Saturday.

**SB 355-FN**, requiring online marketplaces to disclose certain information to consumers.  
Ought to Pass with Amendment, Vote 5-0.  
Senator Bradley for the committee.

This bill would establish safeguards for consumers and third-party sellers given the increase in the sale of counterfeit goods. This bill would ask for the name of a seller, their address, their e-mail, their phone number, and their verified tax identification number only if a certain sales threshold has been surpassed. The Committee Amendment would align this bill with existing federal legislation. In addition, this bill would not take effect if the federal legislation went into effect prior to January 1, 2023.

**SB 385-FN**, relative to financial exploitation of vulnerable adults.  
Ought to Pass with Amendment, Vote 5-0.  
Senator Bradley for the committee.

This bill would allow a financial institution to place a hold on the disbursement of funds if they thought exploitative activity had occurred. The Committee Amendment made several changes. First, financial institutions would send a written notice to Department of Health and Human Services (DHHS) and a copy would be sent to the Banking Department when a hold has been placed on a disbursement. Second, the provision that would have allowed the Banking Department to request a delay be extended for another 10 days would be eliminated. Finally, the deadline for the report would be changed to October 1, 2022.

## **EDUCATION**

**SB 231**, relative to an option for students attending an out-of-state school to attend in New Hampshire.  
Interim Study, Vote 5-0.  
Senator Kahn for the committee.

This bill would allow a student assigned to attend an out-of-state school to attend a public school in New Hampshire in the student's resident SAU at the request of their parent. Existing statutes allow for placement of students in alternative schools when their educational needs can't be met. The bill attempts to define some conditions for alternative placement and in doing so opens up other problems. It will take additional consideration to avoid unintended consequences. The Committee recommends that this bill be sent to interim study.

**SB 381-FN-A**, establishing an office of the advocate for special education.  
Ought to Pass, Vote 5-0.  
Senator Prentiss for the committee.

This bill establishes an independent office of the advocate for special education and makes an appropriation therefor. This bill is a result of abundant testimony and findings presented before a committee to study special education dispute resolution options and the burden of proof in due process hearings. This study committee was enacted following the passage of HB 581 from the 2021 session. Over the past two sessions, the Committee heard from dozens of parents of children with special needs whose educational needs are not being met. Parents continued to reiterate the dire need for an independent office, and advocate, for families to use as a resource when fighting to ensure that their children's special education needs are being met and an adequate education is being provided. The Committee unanimously supports this bill as a means to advance resources for parents of special needs children in NH.

**SB 386**, relative to the determination of state adequate education grants and chartered public school tuition amounts.  
Ought to Pass, Vote 5-0.  
Senator Hennessey for the committee.

This bill makes technical changes to existing adequacy laws. This includes the determination of tuition amounts paid to chartered public schools and the determination of adequate education grants to municipalities. This bill ensures that the formula, currently in statute, is in line with current practice; this was identified as an issue in an audit conducted by the Legislative Budget Assistant (LBA) several years ago. The biggest technical error being corrected in this bill relates to the differentiation, in statute, between average daily membership in attendance (ADMA) and average daily membership in residence (ADMR).

#### **ELECTION LAW AND MUNICIPAL AFFAIRS**

**SB 239-FN**, relative to noncompliance with municipal audit requirements.

Ought to Pass, Vote 5-0.

Senator Ward for the committee.

This bill requires notification to the Department of Revenue Administration of a completed municipal or county audit and establishes a fine for failure to complete a required audit. It will add accountability for municipalities to ensure the performance of general, municipal and county audits.

**SB 366-FN**, requiring an audit of ballots cast in the 2022 primary and general election.

Ought to Pass with Amendment, Vote 5-0.

Senator Soucy for the committee.

This bill requires the Secretary of State to conduct an audit of ballots cast in the 2022 state primary and general elections. A random selection of AcuVote machines will be chosen from across the state to be audited by a high speed scanner certified by the ballot commission. This bill was a recommendation and includes the recommendations of the Committee to Study Post Election Audit Counting Devices.

#### **ENERGY AND NATURAL RESOURCES**

**SB 261-FN**, relative to net metering participation.

Ought to Pass with Amendment, Vote 5-0.

Senator Gray for the committee.

Currently, net metering customer generators receive payment for negative net energy usage on an annual basis. SB 261-FN clarifies provisions relative to net energy metering participation and allows customer generators the option of receiving payments for negative energy usage on a quarterly basis.

**SB 268-FN**, relative to the approval of power purchase agreements for offshore wind energy resources from the Gulf of Maine.

Ought to Pass, Vote 5-0.

Senator Watters for the committee.

Following Governor Sununu's call for the formation of the Gulf of Maine Offshore Wind Task Force, offshore wind energy has been an evolving issue. In efforts to prepare for the development of offshore wind facilities, this bill aims to protect New Hampshire's fisheries, coastal economic, and environmental interests. Many offshore wind facilities fall under Federal jurisdiction and because of this, it is prudent to ensure New Hampshire's interests are secured by directing the NH Department of Environmental Resources to initiate the Federal consistency process. The bill also establishes the Coastal Fund as the location for any funding secured for mitigation and other uses. SB 268-FN directs the PUC to ensure that requirements relative to impact and use studies are met when approving power purchase agreements for offshore wind energy derived from the Gulf of Maine.

**SB 270**, establishing a low-moderate income community solar savings program and relative to statewide energy efficiency programs.

Ought to Pass with Amendment, Vote 5-0.

Senator Watters for the committee.

The existing program for low-moderate income electric rate payers to participate in community solar savings projects in New Hampshire has not begun because there has not been an effective means for selecting eligible participants. SB 270 as amended reestablishes the program for low-moderate income electric customers with a mechanism for the Department of Energy and the utilities to select participants.

**SB 396-FN**, relative to solid waste management.

Ought to Pass with Amendment, Vote 5-0.

Senator Giuda for the committee.

SB 396-FN enables the Department of Environmental Services, when necessary and at its discretion, to contract with an engineer or hydrogeologist when evaluating a permit for a landfill. NH State Parks are

one of the most significant public assets and the legislature should take responsible steps to protect New Hampshire's natural beauty while acknowledging the high cost of recycling expenses. The amendment to the bill changes the language on line three of the bill to allow greater flexibility for the Department of Environmental Services.

**SB 429-FN**, relative to the site evaluation committee.

Ought to Pass with Amendment, Vote 5-0.

Senator Giuda for the committee.

A study committee over the past summer determined there are inefficiencies with the SEC. The Senate Energy and Natural Resources Committee already passed a bill that establishes a study committee to determine a long-term solution for this issue. The purpose of SB 429-FN is to provide a short-term solution to issues regarding the SEC until the study committee determines a sufficient long-term solution. The bill modifies the SEC to allow agency designees, a quorum of 5 members, and expanded training. It requires an opportunity for public comment at all public hearings and meetings and notice to the attorney general of all committee proceedings. It updates various fees and changes previously approved by the fiscal committee. It clarifies that subsequent certificate holders remain responsible for associated costs. It authorizes the committee to impose a fine for preliminary determination of violations of any certificate issued within RSA 162-H. Finally, it provides funding for all operating costs out of the SEC fund and allows the chair of the committee to seek additional funding. The committee amendment strikes lines 2-7 on page 2 and ensures compliance with RSA 91-A by ensuring adequate and timely notice of public hearings.

**SB 440-FN**, relative to approval of offshore wind energy contracts.

Ought to Pass with Amendment, Vote 5-0.

Senator Perkins Kwoka for the committee.

Currently, New Hampshire is developing methods on how to foster economic development related to offshore wind and what the state policies will be regarding power purchase agreements, renewable energy credits, and the arrival of the offshore wind industry. SB 440-FN aims to provide transparency for the offshore wind industry, the utility companies, and the public. The bill as amended directs the office of offshore wind industry development to advise on the development of clean energy resources in the Gulf of Maine as well and the purchase of power by New Hampshire public utilities from these resources. The amended bill also requires the office of offshore wind industry development to generate a report on these matters.

#### **EXECUTIVE DEPARTMENTS AND ADMINISTRATION**

**SB 225**, relative to the bond required of applicants for auctioneer licenses.

Ought to Pass, Vote 5-0.

Senator Cavanaugh for the committee.

This bill repeals the requirement that applicants for licensure as an auctioneer file a \$25,000.00 bond with the secretary of state. Less than 5% of auctions are conducted live by licensed auctioneers, most auctions are conducted online. Bonds are not required for online auctions and repealing this language will remove this unnecessary cost and burden on licensed auctioneers.

**SB 229**, relative to pharmacist administration of vaccines.

Ought to Pass with Amendment, Vote 5-0.

Senator Cavanaugh for the committee.

This bill, as amended, permits certified pharmacy technicians to administer flu and COVID vaccines under the direct supervision of a licensed pharmacist. The practice of vaccine administration by pharmacy technicians proved very successful during the COVID pandemic as 80% of vaccines distributed in NH were given at community pharmacy locations. This bill allows certified pharmacy technicians to continue to provide this vital service.

**SB 358**, establishing October 2022 as eczema awareness month.

Ought to Pass, Vote 5-0.

Senator Carson for the committee.

This bill establishes October 2022 as eczema awareness month. In the United States, 31.6 million people suffer with eczema. Eczema is more than just dry skin; in serious cases eczema can be socially and physically debilitating. This bill raises awareness of the seriousness of eczema.

**SB 360**, relative to national guard educational benefits.

Ought to Pass, Vote 5-0.

Senator Carson for the committee.

This bill allows for members of the New Hampshire National Guard to transfer their national guard tuition waiver benefit to an eligible spouse. When one member of a family serves in the military, the entire family serves as well. This bill aims to be a recruitment and retention tool for the NH National Guard while extending benefits to spouses.

**SB 398**, relative to building code and fire code enforcement.

Ought to Pass with Amendment, Vote 5-0.

Senator Carson for the committee.

This bill, as amended, replaces the joint committee on code enforcement with the advisory committee on state building and fire codes, and establishes a grace period for the applicable state building code on building permit applications. The committee will work with the building code review board and the board of fire control to address fire and building code issues and report annually on findings and proposed legislative recommendations.

### **HEALTH AND HUMAN SERVICES**

**SB 285**, relative to discount medical plan organizations.

Ought to Pass with Amendment, Vote 5-0.

Senator Gray for the committee.

SB 285 modifies registration requirements for discount medical plan organizations and is a request of the Insurance Department. The Committee Amendment removes an unneeded provision on surety bonds and empowers the Commissioner of Insurance to revoke a license if a plan organization is not financially solvent. SB 285 brings the Insurance Department better in-line with national standards.

**SB 323**, permitting state trade associations to purchase health insurance offered by their peer national trade associations.

Interim Study, Vote 5-0.

Senator Avarad for the committee.

SB 323 clarifies that state trade associations shall be permitted to join peer national associations in purchasing health insurance benefits. The Committee heard testimony that this bill was not necessary at this time from the Prime Sponsor and, therefore, recommends the bill be referred to interim study.

**SB 373**, relative to coverage for certain mental illnesses.

Ought to Pass with Amendment, Vote 5-0.

Senator Sherman for the committee.

SB 373 is a request from the Insurance Department which will require submission of the federal comparative analysis for certain mental illnesses and removes the mandate for rules to regulate this type of specific insurance coverage. These changes will help to ensure maximum efficiency with respect to ensuring parity in the coverage of mental illnesses. SB 373 also removes the statute setting caps for the coverage for autism, which are outdated and superseded by federal law. Additionally, it changes the statute to enabling legislation for rulemaking for autism coverage. The Committee Amendment clarifies that, to the extent allowable, comparative reports done by the Insurance Department should be public.

**SB 391**, relative to the operation of a state forensic psychiatric hospital.

Ought to Pass, Vote 5-0.

Senator Avarad for the committee.

SB 391 provides that the Department of Health and Human Services shall operate and manage the state's forensic psychiatric hospital. This legislation codifies into statute what has publicly been stated regarding the operation of the forensic psychiatric hospital, and ensures that that plan will be followed through with.

**SB 457**, establishing a committee to study nonprofit organizations contracting with the department of health and human services for children's services.

Ought to Pass, Vote 5-0.

Senator Sherman for the committee.

SB 457 establishes a committee to study the feasibility of extending limited liability to nonprofits contracting with the Department of Health and Human Services for children's services. Recently, some nonprofits have

had difficulty procuring insurance coverage. Rather than making a definitive policy decision, SB 457 will allow the General Court to analyze the issues involved and consider all possible solutions to the problem. This will help ensure that the children who are in the care of the state are able to be cared for in a safe and appropriate manner.

## **JUDICIARY**

**SB 292**, requiring notice of arrest to a probation and parole officer.

Ought to Pass with Amendment, Vote 5-0.

Senator Carson for the committee.

This bill requires the superintendent or a designee of a county correctional facility to notify the probation and parole officer of a probationer or parolee who has been arrested and is being detained at such facility. The Committee amended the bill to allow a designee of the superintendent to notify the detainee's probation and parole officer of the detainee's arrest, easing the burden on the superintendent's role in this matter. This will ensure that the Department of Corrections is notified promptly, enabling them to hold preliminary hearings within the parameters of the law and not detaining individuals for longer than appropriate.

**SB 293-FN**, relative to penalties for violation of privacy.

Ought to Pass with Amendment, Vote 5-0.

Senator Carson for the committee.

As amended, this bill will establish a study committee to examine RSA 644:9 relative to violations of privacy. This area of the law has had numerous pieces of legislation come forward to try and address the confusion within it, and therefore the Committee believes it is time to engage in a holistic review of the statute that this study committee will enable.

**SB 295-FN**, relative to penalties for violations of privacy.

Interim Study, Vote 5-0.

Senator Carson for the committee.

The Committee believes this area of the law is in need of a comprehensive review, and therefore has recommended a study committee to be conducted through SB293 on RSA 644:9. Due to the fact that the study committee is being brought forward on SB293, the Committee encourages moving SB295 to Interim Study.

**SB 299-FN**, relative to the penalty for escape.

Ought to Pass with Amendment, Vote 5-0.

Senator Carson for the committee.

This bill amends the penalty for escape and was a request of the Department of Corrections. A change in the statute in 2015 hindered the State's ability to consistently or successfully prosecute individuals that escape from State facilities. This bill as amended corrects that issue moving forward, enacting clear and appropriate lines about the penalties that are in place when an individual escapes whether or not force is used. This language is a compromise between the Department of Corrections and law enforcement to address concerns that were raised.

**SB 301-FN-L**, relative to the procedure for violations under the right to know law.

Ought to Pass with Amendment, Vote 5-0.

Senator Carson for the committee.

This bill establishes a procedure on filing complaints under RSA 91-A with the superior court for further relief and investigation. Currently, the law does not provide clear guidance for how to move forward with a complaint. With the amendment, this bill enshrines in law a clear procedure, giving New Hampshire citizens a path forward should they so need this recourse.

**SB 336**, relative to family mediator interns.

Ought to Pass with Amendment, Vote 5-0.

Senator Carson for the committee.

This bill establishes the qualifications and appropriate instances of inclusion of qualified family mediator interns, as well as establishes the quorum for the board of family mediator certification. The Committee amended the bill to adjust the quorum and to require that the supervisor attend the mediations with the intern. The passage of this bill will help improve the expansion and retention of the highly quality mediators.

**SB 339**, relative to meetings of boards and commissions in the department of safety.  
Ought to Pass with Amendment, Vote 5-0.  
Senator Carson for the committee.

This bill exempts certain entities at the New Hampshire Department of Safety from the physical quorum requirement of RSA 91-A:2 and creates additional requirements for those exempted entities. Each of these boards ensure that our EMS and fire organizations are practicing and delivering services that meet the highest standards. This limited exemption will ensure that these boards continue to operate at the highest level, while still retaining public, in person access to these meetings.

**SB 376-FN**, establishing a committee to study the creation of a board to study mental health incidents among law enforcement officers.  
Ought to Pass, Vote 5-0.  
Senator Carson for the committee.

This bill establishes a committee to study the creation of a board to study mental health incidents among law enforcement officers and makes an appropriation to the Police Standards and Training Council for CIT training. The study committee established by this bill is a carefully balanced opportunity to examine whether there is a need for a board in the State without any preconceived outcomes. The appropriation laid out in this bill will provide internationally recognized and supported training for officers in each jurisdiction in the State to better prepare them to deal with individuals who are experiencing a mental health crisis. These steps are both equally important to the public and to our law enforcement community to strive towards the best outcomes possible.

## **TRANSPORTATION**

**SB 308**, relative to driver's licenses for certain visa holders.  
Ought to Pass with Amendment, Vote 5-0.  
Senator Watters for the committee.

This bill prohibits a nonresident employed in New Hampshire through the federal H-2A temporary agricultural worker program from operating a motor vehicle unless they possess a license issued by another U.S. jurisdiction or meet other listed requirements. The amendment inserts RSA 263:35-a to detail the necessary requirements to be eligible for the temporary agricultural worker program.

**SB 349**, requiring the legislature to give preference to deceased military veterans and first responders in the naming of bridges.  
Interim Study, Vote 5-0.  
Senator Birdsell for the committee.

This bill requires the legislature to give preference to deceased military veterans and first responders in the process of naming a bridge. The committee felt that municipalities across the state had already taken this into consideration when undergoing the naming process across the state. The committee also felt that there may be some concern that roads and bridges already named may be renamed. The committee then decided to vote on putting the bill in an interim study.

**SB 389-FN**, defining mobile service garages and relative to state vehicle inspections.  
Ought to Pass with Amendment, Vote 5-0.  
Senator Watters for the committee.

This bill defines mobile service garages and allows the director of the division of motor vehicles to authorize certain mobile service garages as inspection stations. The amendment to the bill includes language to further clarify the use of mobile service garages and specifically state that the purpose of the garages is to service motor vehicles.

**SB 406**, relative to driver's license reciprocity.  
Ought to Pass, Vote 5-0.  
Senator Birdsell for the committee.

This bill directs the commissioner of safety to adopt rules relative to driver education reciprocity, including procedures for determining whether the education will meet the state of New Hampshire's minimum standards. This bill will also authorize the director of the division of motor vehicles to impose suspensions, revocations, or other limitations on a driver convicted of certain offenses out of state, as if such conduct had occurred in this state.

**SB 442-FN**, relative to the suspension of a vehicle registration as a result of evading toll collection systems. Ought to Pass with Amendment, Vote 5-0.  
Senator Birdsell for the committee.

This bill requires the director of the division of motor vehicles to suspend an owner's vehicle registration privileges until any unpaid tolls and administrative fees are paid. This bill also prevents an owner from transferring ownership of a vehicle until any unpaid tolls and fees are paid. The amendment states that prohibition will not apply to lien holders and the insurance company of the vehicle.

**SB 447-FN**, establishing the electric vehicle and infrastructure fund. Ought to Pass with Amendment, Vote 5-0.  
Senator Watters for the committee.

This bill establishes the electric vehicle and infrastructure fund within the department of transportation. It prepares for the arrival of Federal funds and grants for priorities for electric vehicle infrastructure. The amendment to this bill will allow for a dedicated fund to be kept separate and distinct from all other funds and shall be continually appropriated to the commissioner of the department of transportation for the purposes of this section.

### **WAYS AND MEANS**

**SB 441-FN-L**, relative to the municipal share of fines for motor vehicle speeding offenses. Inexpedient to Legislate, Vote 5-0.  
Senator D'Allesandro for the committee.

This bill sought to take a portion of speeding ticket revenue collected and distribute it to municipalities. Both the Department of Safety and the Department of Transportation testified in opposition to this bill. This bill would divert approximately \$1 million from the highway fund, which is already facing a structural deficit. The committee believes this is not the right time for this legislation.

1 New Chapter; Regulation of Online Marketplaces. Amend RSA by inserting after chapter 358-S the following new chapter:

CHAPTER 358-T  
REGULATION OF ONLINE MARKETPLACES

358-T:1 Definition. In this chapter:

I. “Consumer product” means any tangible personal property which is distributed in commerce and which is normally used for personal, family, or household purposes, including any such property intended to be attached to or installed in any real property without regard to whether it is so attached or installed.

II. “High-volume third-party seller” means a participant in an online marketplace who is a third-party seller and who, in any continuous 12-month period during the previous 24 months, has entered into 200 or more discrete sales or transactions of new or unused consumer products and an aggregate total of \$5,000 or more in gross revenues. For purposes of calculating the number of discrete sales or transactions or the aggregate gross revenues, an online marketplace shall only be required to count sales or transactions made through the online marketplace and for which payment was processed by the online marketplace, either directly or through its payment processor.

III. “Online marketplace” means any person or entity that operates a consumer-directed electronically based or accessed platform that:

(a) Includes features that allow for, facilitate, or enable third-party sellers to engage in the sale, purchase, payment, storage, shipping, or delivery of a consumer product in the United States;

(b) Is used by one or more third-party sellers for such purposes; and

(c) Has a contractual or similar relationship with consumers governing their use of the platform to purchase consumer products.

IV. “Seller” means a person who sells, offers to sell, or contracts to sell a consumer product through an online marketplace’s platform.

V. “Third-party seller” means any seller, independent of an online marketplace, who sells, offers to sell, or contracts to sell a consumer product in the United States through an online marketplace. The term “third-party seller” shall not include, with respect to an online marketplace:

(a) A seller who operates the online marketplace’s platform; or

(b) A business entity that has:

(1) Made available to the general public the entity’s name, business address, and working contact information;

(2) An ongoing contractual relationship with the online marketplace to provide the online marketplace with the manufacture, distribution, wholesaling, or fulfillment of shipments of consumer products; and

(3) Provided to the online marketplace identifying information, as described in RSA 358-T:2, that has been verified in accordance with that section.

VI. “Verify” means to confirm information provided to an online marketplace pursuant to this chapter, which may include the use of one or more methods that enable the online marketplace to reliably determine that any information and documents provided are valid, correspond to the seller or an individual acting on the seller’s behalf, not misappropriated, and not falsified.

358-T:2 Collection and Verification of Information by Online Marketplaces.

I. In general, online marketplaces shall require that any high-volume third-party seller on the online marketplace’s platform provide the online marketplace with the following information no later than 10 days after qualifying as a high-volume third-party seller on the platform:

(a) A bank account number, or, if the high-volume third-party seller does not have a bank account, the name of the payee for payments issued by the online marketplace to the high-volume third-party seller. The bank account or payee information required may be provided by the seller in the following ways:

(1) To the online marketplace; or

(2) To a payment processor or other third-party contracted by the online marketplace to maintain such information; provided that the online marketplace ensures that it can obtain such information on demand from such payment processor or other third-party.

(b) Contact information for high-volume third-party sellers as follows:

(1) If the high-volume third-party seller is an individual, the individual's name; or

(2) If the high-volume third-party seller is not an individual, one of the following forms of contact information:

(A) A copy of a valid government-issued identification for an individual acting on behalf of such seller that includes the individual's name; or

(B) A copy of a valid government-issued record or tax document that includes the business name and physical address of such seller.

(c) A business tax identification number or, if the high-volume third-party seller does not have a business tax identification number, a taxpayer identification number.

(d) A current working email address and phone number for the high-volume third-party seller.

II. An online marketplace shall:

(a) Periodically, but not less than annually, notify any high-volume third-party seller on such online marketplace's platform of the requirement to keep any information collected under paragraph I current; and

(b) Require any high-volume third-party seller on such online marketplace's platform to, not later than 10 days after receiving the notice under subparagraph (a), electronically certify that:

(1) The high-volume third-party seller has provided any changes to such information to the online marketplace, if such changes have occurred;

(2) There have been no changes to the high-volume third-party seller's information; or

(3) The high-volume third-party seller has provided any changes to such information to the online marketplace.

III. In the event that a high-volume third-party seller does not provide the information or certification required, the online marketplace shall, after providing the seller with written or electronic notice and an opportunity to provide such information or certification not later than 10 days after the issuance of such notice, suspend any future sales activity of such seller until such seller provides such information or certification.

IV. In general, online marketplaces shall:

(a) Verify the information collected under paragraph I not later than 10 days after such collection; and

(b) Verify any changes to such information not later than 10 days after being notified of such change by a high-volume third-party seller under paragraph II.

V. In the case of a high-volume third-party seller that provides a copy of a valid government-issued tax document, any information contained in such document shall be presumed to be verified as of the date of issuance of such record or document.

VI. Data collected solely to comply with the requirements of this chapter may not be used for any other purpose unless required by law.

VII. An online marketplace shall implement and maintain reasonable security procedures and practices, including administrative, physical, and technical safeguards, appropriate to the nature of the data and the purposes for which the data will be used, to protect the data collected to comply with the requirements of this chapter from unauthorized use, disclosure, access, destruction, or modification.

358-T:3 Disclosure of Information by Online Marketplaces to Inform Consumers.

I. An online marketplace shall:

(a) Require any high-volume third-party seller with an aggregate total of \$20,000 or more in annual gross revenues on such online marketplace, and that uses such online marketplace's platform, to provide the information described in paragraph II to the online marketplace; and

(b) Disclose the information described in paragraph II to consumers in a conspicuous manner:

(1) In the order confirmation message or other document or communication made to a consumer after a purchase is finalized; and

(2) In the consumer's account transaction history.

II. The information described in this paragraph is the following:

(a) Subject to paragraph III, the identity of the high-volume third-party seller, including:

(1) The full name of the seller, which may include the seller name or seller's company name, or the name by which the seller or company operates on the online marketplace;

(2) The physical address of the seller; and

(3) Contact information for the seller, to allow for the direct, unhindered communication with high-volume third-party sellers by users of the online marketplace, including:

(A) A current working phone number;

(B) A current working email address; or

(C) Other means of direct electronic messaging, which may be provided to the high-volume third-party seller by the online marketplace.

(b) Whether the high-volume third party seller used a different seller to supply the consumer product to the consumer upon purchase, and, upon the request of an authenticated purchaser, the information described in subparagraph (a) relating to any such seller that supplied the consumer product to the purchaser, if such seller is different than the high-volume third party seller listed on the product listing prior to purchase.

III.(a) Subject to subparagraph (b), upon the request of a high-volume third-party seller, an online marketplace may provide for partial disclosure of the identity information required under subparagraph II(a) in the following situations:

(1) If the high-volume third-party seller certifies to the online marketplace that the seller does not have a business address and only has a residential street address, or has a combined business and residential address, the online marketplace may:

(A) Disclose only the country and, if applicable, the state in which the high-volume third-party seller resides; and

(B) Inform consumers that there is no business address available for the seller and that consumer inquiries should be submitted to the seller by phone, email, or other means of electronic messaging provided to such seller by the online marketplace.

(2) If the high-volume third-party seller certifies to the online marketplace that the seller is a business that has a physical address for product returns, the online marketplace may disclose the seller's physical address for product returns.

(3) If a high-volume third-party seller certifies to the online marketplace that the seller does not have a phone number other than a personal phone number, the online marketplace shall inform consumers that there is no phone number available for the seller and that consumer inquiries should be submitted to the seller's email address or other means of electronic messaging provided to such seller by the online marketplace.

(b) If an online marketplace becomes aware that a high volume third-party seller has made a false representation to the online marketplace in order to justify the provision of a partial disclosure under subparagraph (a) or that a high-volume third-party seller who has requested and received a provision for a partial disclosure under subparagraph (a) has not provided responsive answers within a reasonable timeframe to consumer inquiries submitted to the seller by phone, email, or other means of electronic messaging provided to such seller by the online marketplace, the online marketplace shall, after providing the seller with written or electronic notice and an opportunity to respond not later than 10 days after the issuance of such notice, suspend any future sales activity of such seller unless such seller consents to the disclosure of the identity information required under subparagraph II(a).

III. An online marketplace shall disclose to consumers in a clear and conspicuous manner on the product listing of any high-volume third-party seller, a reporting mechanism that allows for electronic and telephonic reporting of suspicious marketplace activity to the online marketplace.

IV. If a high-volume third-party seller does not comply with the requirements to provide and disclose information under this subsection, the online marketplace shall, after providing the seller with written or electronic notice and an opportunity to provide or disclose such information not later than 10 days after the issuance of such notice, suspend any future sales activity of such seller until the seller complies with such requirements.

358-T:4 Enforcement. Any violation of the provisions of this chapter is an unfair or deceptive act or practice within the meaning of RSA 358-A:2. Any right, remedy, or power given to the attorney general in RSA 358-A may be used to enforce the provisions of this chapter.

358-T:5 Rulemaking. The attorney general may adopt rules under RSA 541-A relative to the collection and verification of information under this chapter, provided that such regulations are limited to what is necessary to collect and verify such information.
