CONSENT CALENDAR REPORTS

EDUCATION

HB 446, relative to participation in the education freedom accounts program by students with disabilities. Ought to Pass, Vote 5-0.

Senator Prentiss for the committee.

House Bill 446 amends RSA 191-F:4 III and requires the Bureau of Special Education Support within the Department of Education to notify parents of the rights and services available to their child with a disability. HB 446 is specifically meant to clarify what federal and state regulations applied for a child with a disability placed in the EFA program.

HB 464-FN, relative to eligible students in the education freedom account program.

Inexpedient to Legislate, Vote 5-0.

Senator Fenton for the committee.

House Bill 464 sought to expand access to the EFA program by including several additional groups whose eligibility would not be determined by income. Under HB 464, any child who was; in foster care, migratory, homeless, disabled, persistently bullied, learning English as a second language, received free or reduced meals, came from a persistently dangerous school, or came from a military family, would be eligible for the EFA program regardless of household income.

EXECUTIVE DEPARTMENTS AND ADMINISTRATION

HB 421, requiring menstrual hygiene products to be provided to prisoners who menstruate in state and county correctional facilities.

Ought to Pass with Amendment, Vote 5-0.

Senator Carson for the committee.

HB 421 as amended by the House requires that feminine hygiene products must be provided at no cost to all women in the custody of the state or the county. The amendment adopted by the committee simply adopt the language from SB 209 that was unanimously passed by the Senate earlier in the session. This includes the amendment which adds juvenile detention facilities and specifies sufficiency in regard to the number of menstrual hygiene products to be provided per menstrual cycle.

HB 454, relative to the membership and reporting responsibilities of the examining board of medicine.
Inexpedient to Legislate, Vote 5-0.
Senator Altschiller for the committee.

HB 454 seeks to change the membership of the board of medicine adding members with no medical training, education, or background. It also adds a new position of a public transparency advocate. It is the opinion of the committee that this bill is too broad and gives the transparency advocate, who would be a public member of the board, unilateral authority to disclose any public or non-public information discussed by the board of medicine.

HEALTH AND HUMAN SERVICES

HB 108, relative to the confidentiality of reports made to the division of children, youth, and families and requiring guardians ad litem be appointed in certain instances.

Re-refer to Committee, Vote 5-0.

Senator Avar for the committee.

HB 108 provides that reports of suspected abuse and neglect may include the name of the person making the report and provides that the person's identity shall be fully confidential unless such a person makes such a report in bad faith or maliciously and with intent to cause harm, in which case the person may be subject to civil and criminal penalties. The Committee felt it did not have appropriate time or resources to consider the potential implications of this legislation. Rereferring HB 108 will give the Committee time for those considerations.

HB 408, relative to foster children and vaccinations.

Ought to Pass with Amendment, Vote 5-0.

Senator Avar for the committee.

HB 408 requires that children living in a foster family home, but who are not in foster care, shall be subject to the same immunization requirements as any other child in the state. The Committee Amendment represents an agreement with the Department of Health and Human Services and the prime sponsor to level the playing field for all children across the state and ensure the same standards apply regardless of a child's foster care status. The Committee Amendment also ensures that federal funding opportunities will not be put at risk by directing the Department to seek a waiver before implementing an expansion of the exemptions available to a child.

JUDICIARY

HB 68-FN, adopting the uniform real property transfer on death act.

Re-refer to Committee, Vote 5-0.

Senator Carson for the committee.

House Bill 68-FN adopts the uniform real property transfer on death act. This bill is designed to allow people to transfer real estate at death without having to go through the expense of having a will. While the Committee thought there was a lot of merit to the bill, it needs more work before final consideration.

HB 321-FN-L, relative to minutes from nonpublic sessions under the right to know law.

Ought to Pass with Amendment, Vote 5-0.

Senator Chandley for the committee.

House Bill 321-FN-L requires public bodies to review meeting minutes withheld from public disclosure at least every 10 years to determine whether they should continue to be withheld. Minutes not reviewed after 10 years shall be made public. The Committee Amendment makes no substantive change to the bill; it simply changes the format to enhance clarity. This bill ensures that nonpublic meeting minutes will be routinely assessed and released furthering government transparency in this state.

HB 376, establishing a committee to study the current education, training, and requirements for personnel employed as emergency dispatchers and 911 telecommunicators for police, fire, and emergency medical organizations.

Ought to Pass, Vote 5-0.

Senator Whitley for the committee.

House Bill 376 establishes a committee to study the current education, training, and requirements for personnel employed as emergency dispatchers and 911 telecommunicators for police, fire, and emergency medical organizations. There is no standardized course for training and there are significant differences between training at the municipal level and at the state level. This committee will be tasked with making recommendations regarding uniformity in training requirements and formal certification standards based on state or national standards.

HB 379-FN, requiring notice be provided to tenants during residential eviction proceedings regarding legal counsel.
Re-refer to Committee, Vote 5-0.
Senator Ward for the committee.

House Bill 379 provides that tenants subject to eviction shall be provided with instructions on the process for contacting and obtaining assistance from New Hampshire Legal Assistance. Numerous concerns were raised at the public hearing; therefore, the Committee felt that Re-Referring the bill would provide stakeholders with additional time to reach an agreement.

HB 517, relative to background checks for surrogate parents.
Ought to Pass, Vote 5-0.
Senator Chandley for the committee.

House Bill 517 would require an educational surrogate for special education to undergo a criminal history records check. While the Department's administrative rules do require a background check, there is not currently the enabling language in law. The Department of Education requested this legislation to ensure that the requirement for background checks and the disqualifying offenses would be codified in statute.
