**Subject:** NH House District maps: HB50

Thank you for serving the people of NH with integrity and fairness on the Senate . I trust you will use your power to protect the freedom to vote in NH. I am concerned that NH House District maps have not been fairly drawn; and I ask that you, please, to *amend the gerrymandered Congressional, Senate and Executive Council maps so that they ARE fairly drawn and given a chance to be worked on more transparently*. Offer the public another chance to be part of this process.

The Town of Cornish voted at town meeting last year on a warrant article demanding for fair and transparent processes be used to prevent gerrymandered maps. I've heard that the maps swing in favor of what party is in the majority. That is not a truthful argument that I can agree with. Partisanship should not be influencing the way our maps are redistricted. *Your vote matters. I want MY vote to matter, too.*

Sincerely,  
Mary N Boyle, resident of Cornish NH
