Subject: Unfair gerrymandering District 9

As a resident of Peterborough, (and formerly Harrisville), it is distressing to see the shape of District 9 on the currently proposed map. Cheshire and nearby Hillsboro county towns are now parceled out over several districts, with district 9 reaching as far as Nashua, while other towns within those 2 counties, such as Rindge, parceled out to completely different districts around the State. This is raw gerrymandering, splitting up areas with a common connection and culture. This should not be permitted if a fair voice for all New Hampshire residents is the goal of a voting map.
