

STATE OF NEW HAMPSHIRE

SENATE

REPORT OF THE COMMITTEE FOR THE CONSENT CALENDAR

Thursday, February 16, 2023

THE COMMITTEE ON Judiciary

to which was referred **SB 180-FN**

AN ACT relative to product labeling and information guide requirements for cannabis products.

Having considered the same, the committee recommends that the Bill

SHOULD BE PASSED WITH AMENDMENT

BY A VOTE OF: 5-0

AMENDMENT # 0589s

Senator Rebecca Whitley
For the Committee

SB 180-FN would have revised the warning labels that are placed on marijuana products sold at alternative treatment centers; and required that a product information guide be distributed by the alternative treatment centers with their marijuana products. The Committee Amendment gives the Therapeutic Cannabis Oversight Board the authority to develop, review, and update cannabis product labels and educational material about the risks of cannabis use provided to qualifying patients by ATC and would clarify that the hemp law was never intended to allow unregulated THC products to be sold in New Hampshire. This bill will take a small step towards patient safety and move New Hampshire's marijuana labeling in line with federal requirements.
