1 Amend the bill by replacing all after the resolving clause with the following:

2  
3 I. That the second part of the constitution be amended by inserting after article 8 the  
4 following new article:

5 [Art.] 8-a. [Independent Redistricting Commission.] An Independent Redistricting Commission  
6 whose function is to draw election district boundaries for all state and federal elections in New  
7 Hampshire is essential to ensure a robust democratic process. Therefore:

8 (a) There is hereby established a nonpartisan Independent Redistricting Commission  
9 which shall be charged with establishing all election district boundaries for all state and federal  
10 elections in New Hampshire. This Commission is established so that henceforth elections shall  
11 reflect to the greatest extent possible the wishes of the voters of New Hampshire by eliminating  
12 partisan distortions of electoral districts.

13 (b) The Commission shall consist of members of the public. A person shall be eligible for  
14 appointment to the Commission if the person has been a resident of New Hampshire for 2 years, is  
15 eligible to register to vote in New Hampshire, and does not currently hold office or is not a candidate  
16 for and has not served in any of the following offices for the last 10 years: the United States House of  
17 Representatives, United States Senate, New Hampshire house of representatives, New Hampshire  
18 senate, governor, executive council, or a county commission.

19 (c) The secretary of state shall begin the process of gathering a pool of applicants for the  
20 commission no later than October 1 of each year ending in zero by taking efforts that the secretary of  
21 state deems appropriate to notify all eligible persons and invite them to apply. These efforts shall  
22 include:

23 (1) Advertising the application period and criteria in the newspapers in the state.

24 (2) Advertising the application period and criteria on the home page of state agency  
25 websites, including those of the secretary of state and the Commission.

26 (3) Requesting media to publicize the Commission's search for eligible members.

27 (d) A person who is eligible to serve as a member of the Commission may submit an

2 article, “immediate family” shall mean spouse, children, parents, siblings, and siblings’ spouses’  
3 children.

4 (2) What elective offices, if any, the applicant or applicant’s immediate family has  
5 held in the past 10 years.

6 (3) In which elections the applicant has voted the past 10 years, and if the applicant  
7 has voted in a state primary election or a presidential primary election in New Hampshire in the  
8 past 6 years.

9 (4) A sworn statement under oath, subject to the penalty of perjury, that the  
10 applicant will comply with the redistricting criteria in the constitution and the laws of New  
11 Hampshire.

12 (e) The commission shall be selected from the pool of applicants by a panel of 4 retired  
13 superior court or supreme court judges chosen by the secretary of state. If a retired judge is  
14 disqualified from serving as a commissioner, the judge is also disqualified from serving on the panel.  
15 The panel shall not include more than two retired judges of the same party. The panel shall review  
16 the applicants and create a pool of no more than 60 applicants (20 Republicans, 20 Democrats, and  
17 20 undeclared voters). The panel shall interview the applicants and allow for public comment on  
18 applicants before creating a pool of 45 finalists that is equally divided between Republicans,  
19 Democrats, and undeclared voters and represents the state both geographically and  
20 demographically. Six commissioners (2 Republicans, 2 Democrats, and 2 undeclared voters) shall be  
21 randomly selected by the panel. The 6 commissioners so selected shall together select the remaining  
22 3 commissioners from the remaining pool of applicants with the goal of balancing the commissioners  
23 geographically and demographically. The 6 commissioners shall randomly select applicants from the  
24 pool, with at least 4 commissioners agreeing upon each of the 3 remaining commissioners. No  
25 commissioner shall initiate communications or reply to communications about the selection process  
26 of the remaining commissioners with outside persons attempting to influence commissioners or  
27 commission action.

28 (f) In the event of substantial neglect of duty, gross misconduct in office, or inability to  
29 discharge the duties of office, a member of the Commission may be removed by the Governor with  
30 the concurrence of two-thirds of the members of the Senate after having been served written notice  
31 and provided with an opportunity for a response. The remaining members shall replace the removed  
32 member with another member of the public from the same political party as the removed member.

33 (g) The terms of all Commissioners shall be for ten years. A member may be re-  
34 appointed upon the expiration of his or her term, to serve a maximum of two terms. The members  
35 shall elect annually a chairperson from among the members.

36 (h) No Independent Redistricting Commission member shall make a contribution to any  
37 candidate for office or political committee during the time he or she serves on the Commission.

1           (i) The Commission shall be authorized to conduct the redistricting of the State required  
2 by the state Constitution in the year after the results of the decennial federal census. The  
3 Commission shall establish single or multi-member districts for the New Hampshire House of  
4 Representatives, and single member districts for the New Hampshire Senate, Executive Council and  
5 U.S. Congressional offices using the following criteria in the following order of priority:

6           (1) Districts shall comply with the United States Constitution and all applicable

8           (2) Districts shall comply with the New Hampshire constitution and all applicable  
9 state laws.

10          (3) Districts shall be geographically contiguous.

11          (4) Districts shall provide racial minorities and language minorities with an equal  
12 opportunity to participate in the political process and shall not diminish their ability to elect  
13 candidates of choice whether alone or in coalition with others.

14          (5) Districts shall respect the integrity of communities of interest to the extent  
15 practicable. A community of interest is defined as an area with recognized similarities of interests,  
16 including, but not limited to racial, ethnic, economic, social, cultural, geographic, or historic  
17 identities. Communities of interest shall not include common relationships with political parties or  
18 political candidates.

19          (6) Districts shall form single congeries and shall not be bisected or otherwise  
20 divided by other districts, and districts shall respect the geographic integrity of political boundaries  
21 to the extent practicable without violating the requirements of state law or this Constitution.

22          (7) The plan as a whole shall not have the intent or the effect of unduly favoring or  
23 disfavoring any political party or incumbent or candidate for political office.

24          (8) Districts shall be drawn, if possible, in compact shapes and shall avoid jagged  
25 edges and extensions.

26          (j) The Commission shall create an approved plan on or before December 15 of a year  
27 ending in 1 with a vote of at least 7 members, with at least one Democrat, one Republican, and one  
28 undeclared member voting in favor of the final plan. Upon completion, the Commission shall certify  
29 the final plan to the Secretary of State, and provide copies to the Speaker of the New Hampshire  
30 House of Representatives and the president of New Hampshire Senate.

31          (k) If the Commission fails to adopt and file a redistricting plan by December 15 of the  
32 odd year following a federal decennial census, the New Hampshire Supreme Court shall appoint, by  
33 January 15 of the year ending in 2, a special master to create a plan in accordance with the  
34 redistricting criteria and requirements set forth in subparagraph (i). The Supreme Court shall make  
35 the special master's plan public and schedule a hearing where interested parties may present  
36 testimony and other evidence regarding the plan's compliance with redistricting criteria. The

Supreme Court shall modify or adopt the proposed plan no later than April 1 of the year ending in 2 and certify the results to the Secretary of State, which shall constitute the final certified plan.

(l) The Supreme Court has original and exclusive jurisdiction in all proceedings in which a certified final map is challenged or is claimed not to have taken timely effect. Any registered voter in this State may file a petition, within forty-five days after the commission has certified a final map to the Secretary of State, to bar the Secretary of State from implementing the plan on the grounds that the filed plan violates this Constitution, the United States Constitution, or any federal or state statute. The New Hampshire Supreme Court shall give priority to ruling on any matter related to redistricting presented to the Court. If the Court determines that a final certified map violates this Constitution, the United States Constitution, or any federal or state statute, the Court shall fashion the relief that it deems appropriate, including, but not limited to, the relief set forth in subparagraph (k).

As soon as possible after the convening of the next regular session of the Legislature, and at the session in 1971, and every ten years thereafter, the [legislature] **Independent Redistricting Commission** shall make an apportionment of representatives according to the last general census of the inhabitants of the State taken by authority of the United States or of this State. In making such apportionment, no town, ward or place shall be divided nor the boundaries thereof altered.

III. That article 11 of the second part of the constitution be amended to read as follows:

[Art.] 11. [Small Towns; Representation by Districts.] When the population of any town or ward, according to the last federal census, is within a reasonable deviation from the ideal population for one or more representative seats, the town or ward shall have its own district of one or more representative seats. The apportionment shall not deny any other town or ward membership in one non-floterial representative district. When any town, ward, or unincorporated place has fewer than the number of inhabitants necessary to entitle it to one representative, the [legislature] **Independent Redistricting Commission** shall form those towns, wards, or unincorporated places into representative districts which contain a sufficient number of inhabitants to entitle each district so formed to one or more representatives for the entire district. In forming the districts, the boundaries of towns, wards, and unincorporated places shall be preserved and contiguous. The excess number of inhabitants of a district may be added to the excess number of inhabitants of other districts to form at-large or floterial districts conforming to acceptable deviations. The [legislature]

5 represented in the Senate, the Legislature shall divide the State into single member districts, as  
6 nearly equal as may be in population, each consisting of contiguous towns, city wards and

11 V. That the above amendment proposed to the constitution be submitted to the qualified  
12 voters of the state at the state general election to be held in November, 2024.

13 VI. That the selectmen of all towns, cities, wards and places in the state are directed to
