The school district liability for expenses for special education or for special education and related services for a child with a disability in placement for which the department of health and human services has financial responsibility shall be limited to 3 times the estimated state average expenditure per pupil, for the school year preceding the year of distribution. The department shall then verify the cost and distribute the appropriate amounts to the education
service provider.

charged by education service providers to the department of education or to school districts for
children with disabilities in placement for which the department of health and human services has

IV. The department of education is authorized to receive and take appropriate action on
complaints regarding the failure to provide necessary special education or special education and

413 Declaration of Purpose. New Hampshire voters passed the Right of Privacy into the state
constitution in November 2018 with an 81 percent approval. With that vote, state government
culture and behavior needed to be shaped by the words, “An individual's right to live free from
governmental intrusion in private or personal information is natural, essential, and inherent”. The
department of health and human services has been subject to the Health Insurance Portability and
Accountability Act since 1996 which drove initial efforts to develop a culture and infrastructure to
protect personal data privacy. As a holder of personal information in state government, the
department has a responsibility to demonstrate to the public the state’s commitment to actively and
overtly respect personal privacy, including privacy of personal information. Establishing and
maturing a culture of privacy is core to successfully driving future efforts to implement and enhance
privacy policies, procedures, and practices. Continuous improvement requires appropriate
governance and policy leadership.

HB 2-FN-A-LOCAL - AS AMENDED BY THE HOUSE

1 recommends that a feasibility study as determined by the New Hampshire Cancer Concern
2 Investigation Protocol, Phase 3 be conducted. The general court further finds that a Phase 3
3 feasibility study would determine if an epidemiological study (Phase 4) is warranted and would
4 identify appropriate cancers and health outcomes for inclusion in such study.
5
6 417 Appropriation; Department of Health and Humans Services; Phase 3 Feasibility Study.
7
8 I. There is hereby appropriated the sum of $500,000 for the biennium ending June 30, 2025,
9 to the department of health and human services to enter into a contract with an academic or
10 research organization to complete a New Hampshire Kidney Cancer Incidence Phase 3 Feasibility
11 Study for the town of Merrimack to further understand potential exposures that may contribute to
12 the excess of kidney cancer incidence in Merrimack and identify any next steps warranted. Such
13 funds shall be nonlapsing and appropriated to the department for the purposes of this act. The
14 governor is authorized to draw a warrant for said sum out of any money in the treasury not
15 otherwise appropriated.
16
17 II. In order to provide funding for said appropriation, and subject to prior review by the joint
18 legislative oversight committee on health and human services established in RSA 126-A:13, the
19 department shall first use any available grant funding or any other non-state funds which may be
20 used for this purpose.
21
22 418 General Fund Transfer to Highway Fund. The sum of $10,000,000 for the fiscal year ending
23 June 30, 2023, is hereby appropriated to the highway fund. This appropriation shall not lapse. The
24 governor is authorized to draw a warrant for said sum out of any money in the treasury not
25 otherwise appropriated.
26
27 419 Effective Date. Section 418 of this act shall take effect June 30, 2023.
28
29 420 Purpose Statement. The general court finds that people and animals accessing lakes and
30 rivers across the state have been impacted by cyanobacteria blooms, which pose a threat of acute and
31 chronic illnesses from the toxins they release. Many of these blooms have been triggered by
32 phosphorus loading from direct run-off, poor culvert design, inefficient or failed septic systems,
33 internal loading of phosphorus, among other causes. The cost of designing, installing and repairing
34 mitigation systems or projects for many communities, watershed management associations, and lake
35 associations, would result in dramatically higher property taxes or would take many years of
36 fundraising and delay projects exacerbating the problem. The mitigation of contributors to
37 cyanobacteria blooms requires a strategy to protect, preserve, and enhance the water quality that
38 New Hampshire citizens and the natural environment depend upon.
39
40 421 New Subdivision; Cyanobacteria Mitigation Loan Program. Amend RSA 485-A by inserting
41 after section 57 the following new subdivision:
42
43 Cyanobacteria Mitigation Loan Program
44
45 485-A:58 Establishment and Implementation of Cyanobacteria Mitigation Loan Program.
I. There is established in the department of environmental services the cyanobacteria mitigation loan program. The program shall provide low interest loans to:

(a) Municipalities, community water systems and non-profit lake and river watershed associations whose testing shows confirmed and chronic exceedances of the state health advisory for cyanobacteria, for remediation efforts begun after September 30, 2023.

(b) Publicly-owned and non-profit lake or river watershed associations that have a watershed management plan which specifies sources of phosphorus loading approved by the department of environmental services.

II. Projects shall only be financed after the applicant’s proposed mitigation plan or watershed management plan demonstrates that the such plan is the most cost-effective solution, as reviewed and approved by the department of environmental services. The applicant shall provide evidence in the application for funding that there are no no-cost or low-cost efforts that would result in a substantial decrease in external phosphorus loading. The applicant shall also show that there is no responsible party identified by department of environmental services or that the responsible party, potentially including the applicant, has provided their appropriate share of the funding for the proposed project.

III. Loans or grants may be made for up to the total cost of the project, after any responsible party’s contribution, addressing the contamination.

IV. The cyanobacteria mitigation program shall forgive up to 10 percent of the loan principal to community water systems, publicly owned or non-profit lake or river watershed associations using the same qualifying standards for forgiveness used in the drinking water state revolving loan program established under RSA 486:14.

V. Total loan forgiveness under this section shall not exceed $1,000,000 in a fiscal year.

485-A:59 Duties.

I. The department of environmental services shall:

(a) Administer the cyanobacteria mitigation loan and grant program to assist municipalities; community and non-profit, lake and river watershed association; with the cost of reducing the number of chronic and extended cyanobacteria bloom that the department considers to be a threat to long term health of water bodies. For purposes of this subparagraph, administration includes oversight of the grant or loan expenditures to ensure they are not misused.

(b) Administer a loan forgiveness program to assist municipalities, community, and non-profit, lake and river watershed association with loan repayment.

(c) Award loan or grant funds to projects that meet the following criteria:

(1) The project is or was necessary to reduce phosphorus loading identified in an accepted watershed management plan and the applicant for funding is a municipality, a community water system, or a non-profit, lake or river watershed association.
(2) The applicant has demonstrated, to the satisfaction of the department, that low
or no-cost solutions are neither viable nor effective.

(d) Award reimbursements to projects from the fund in a manner consistent with this
chapter.

II. Every year beginning December 1, 2024, the department of environmental services shall
prepare and file a report with the general court evaluating the progress made relative to mitigating
cyanobacteria blooms, the efficiency of the program established under this chapter, and whether it
continues to provide the maximum benefit to New Hampshire citizens, and providing any
recommendations on potential additional tasks for which the fund could be used to address
cyanobacteria blooms.

485-A:60 Rules. The department of environmental services shall adopt rules, under RSA 541-A,
relative to administering cyanobacteria loan and grant programs for eligible projects.

485-A:61 Cyanobacteria Mitigation Loan and Grant Fund Established. There is hereby
established in the department of environmental services the cyanobacteria mitigation loan and grant
fund which shall be maintained by the state treasurer in distinct and separate custody from all other
funds. The state treasurer may invest the fund in accordance with RSA 6:8. Any earnings on fund
moneys shall be added to the fund. All moneys in the fund shall be nonlapsing and continually
appropriated to the department of environmental services. The cyanobacteria mitigation loan and
grant fund shall be used to fund loans, grants, and reimbursements in accordance with this
subdivision. Funds from any bond proceeds, grants, loan repayments, legislative appropriations,
donations, and other funds shall be credited to this fund.

422 New Subparagraph; Cyanobacteria Mitigation Loan and Grant Fund. Amend RSA 6:12, I(b)

education shall cause to be computed the amount of the annual grants for school building aid to be

computation shall be based upon the total of eligible costs of construction of school buildings
approved by the chartered public school or the legislative body of the school district and the

435 Contingency. If HB 572 of the 2023 regular legislative session becomes law, section 445 of

legislative session does not become law, section 434 of this act shall not take effect.

436 Youth Detention Center; Construction Funds. Notwithstanding any other act of the
legislature or law to the contrary, any secured treatment facility constructed to replace the current
Sununu Youth Services Center shall be funded entirely with federal discretionary funds

439 Emergency Powers; Notice; Declaration and Termination of State of Emergency. Amend
RSA 4:45, I and II to read as follows:

I. The governor shall have the power to declare a state of emergency, as defined in RSA 21-
P:35, VIII, by executive order if the governor finds that a natural, technological, or man-made
disaster of major proportions is imminent or has occurred within this state, and that the safety and
welfare of the inhabitants of this state require an invocation of the provisions of this section. As
soon as practicable, the governor shall notify the speaker of the house of representatives and the
senate president of the impending issuance of emergency orders under this section and provide a
description of such orders. The general court shall have the same power to declare a state of
emergency by concurrent resolution of the house and senate. An executive order or concurrent
resolution declaring a state of emergency shall specify the:
(a) Nature of the emergency;
(b) Political subdivisions or geographic areas subject to the declaration;
(c) Conditions that have brought about the emergency; and
(d) Duration of the state of emergency, if declared by the governor and less than 21
days, or if declared by the general court and less than 90 days.
II. (a) A state of emergency shall terminate automatically 21 days after its declaration if
declared by the governor, or 90 days after its declaration if declared by the general court,
unless it is renewed under the same procedures set forth in paragraph I of this section. The
governor may, by executive order, renew a declaration of a state of emergency [as many times as] no
more than 3 times if the governor finds it is necessary to protect the safety and welfare of the
inhabitants of this state. The general court may, by concurrent resolution, renew a
declaration of a state of emergency as many times as it finds is necessary to protect the
safety and welfare of the inhabitants of this state.
(b) If the governor finds that maintaining the state of emergency is no longer justified,
the governor shall issue an executive order terminating the state of emergency.
(c) The legislature may terminate a state of emergency or any emergency order issued
thereunder by a [majority vote of both the senate and the house of representatives] concurrent
resolution adopted by a majority vote of each chamber. A majority for this vote shall consist of
a majority of members present and voting in each chamber acting separately. A state of emergency
shall terminate upon a [majority vote of both chambers] concurrent resolution adopted by a
majority vote of each chamber, under this subparagraph; provided, however, that such vote shall
not preclude the governor from declaring a new emergency for different circumstances under
paragraph I of this section.
(d) Ninety days from the date of declaration of a state of emergency, and every 90 days
thereafter, the governor shall call, pursuant to Part II, Article 50 of the New Hampshire
constitution, and address a joint session of the general court, and shall provide a written copy of the
address to all members of both chambers within 5 business days. At such joint session, the
legislature shall vote on whether to terminate the state of emergency by concurrent resolution
adopted by a simple majority of both chambers acting separately on the following question: "Shall
the current state of emergency be terminated?" For purposes of this section, "simple majority" means a majority of members present and voting "yea" in both chambers.

METHODOLOGY:

The Office of Legislative Budget Assistant indicates this bill, also known as the budget trailer bill, contains various provisions which will accompany the FY 2024-2025 operating budget as contained in HB 1 throughout the Legislative session. Although some sections have a clear fiscal impact, such as those with appropriations, some sections have a fiscal impact that cannot be determined with any level of precision, while others will have no fiscal impact. As a result, it is difficult to determine the overall impact of HB2 on state, county, and local revenues or expenditures when considered in its totality.

The contents of the bill will evolve during the Legislative budget process as sections are amended, deleted, and added. Throughout this process, the Office of Legislative Budget Assistant prepares summaries and posts all budget documents on their website (www.gencourt.state.nh.us/lba/budget/fy2024_2025_budget.aspx). The Surplus Statements contained on their website provide the best summary of the fiscal impact of the budget trailer bill provisions on state general, highway and fish and game funds.
As amended by the House, HB 2 contains the following revenue impacts to the base revenue estimates provided by the House Ways and Means Committee in HR 17:
