A POWERFUL PARTNER IN CHANGE

The New Hampshire Council on Developmental Disabilities develops and follows a State Plan of specific goals, objectives and strategies to address the most important issues affecting people with developmental disabilities in the state. In the next five years, the Council plans to focus primarily on: children's issues, quality of life, personal choice, and access to quality services. The overarching goal is always to remove barriers and promote opportunities in all areas of life for people with developmental disabilities.

With a Council membership of at least 21, one third are persons with developmental disabilities, one third are family members/guardians and one third are representatives of agencies that support the disabilities community.

The five Standing Committees, which include Policy, Finance, Member Relations, Program & Planning and Executive are committed to advancing the 5-Year Plan. When emerging needs arise, workgroups are formed to address specific and timely topics.

About the DD Council

- ◆ Councils were created by the Federal law known as the DD Act. (The Developmental Disabilities and Bill of Rights Act, 2000).
- ◆ There is a DD Council in every State and Territory of the US.
- ◆ The DD Act also created the P&A (DRC) and UCEDD (IOD)
- ◆ A 100% federally funded state agency
- ◆ Supports public policies and initiatives that remove barriers and promote opportunities in all areas of life for people with DD
- ◆ We do this through advocacy, capacity building and systems change work
- ◆ We collaborate with other entities (and provide grants) since we do not provide direct services

The New Hampshire Council on Developmental Disabilities is Dedicated to **dignity, full rights of citizenship, cultural diversity, equal opportunities, and full participation** for all New Hampshire citizens with developmental disabilities.

Dignity

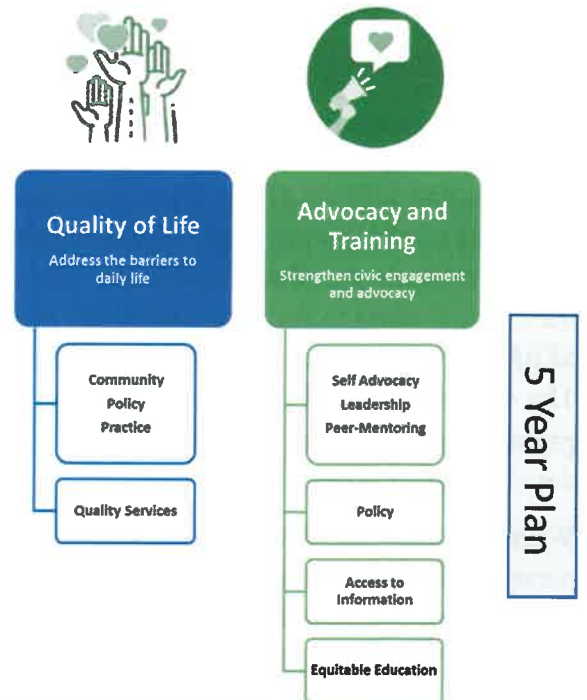

- ◆ The Council has been involved in replacing undignified words in New Hampshire’s laws: “Retarded” changed to “persons with disabilities”; “Incapacitated” changed to “vulnerable”
- ◆ During the past 25+ years, the Council has educated over 5,000 DSPs about how to treat the people that they work for with dignity and respect.
- ◆ In 2014 the Council worked with the local Protection and Advocacy agency to pass Senate Bill 396, which amends the 2010 law dealing with seclusions and restraint of children with disabilities.
- ◆ Council members/staff worked with resource officers around the country and participated in projects aimed at solving the issues of bullying and school safety.

Full Rights of Citizenship

- ◆ Council staff advised the Self-Advocacy Leadership Team (SALT) in translating the Adult Protective Services law so that people with disabilities can better understand their rights.
- ◆ Every year, the Council collaborates with the IOD/UCED to deliver the NH Leadership Training (Partners In Policy), preparing people with disabilities and their family members to engage in legislative advocacy work.
- ◆ The Council led development of statewide guidelines for Functional Needs Emergency Preparedness.
- ◆ The Council supports efforts to ensure that adults with developmental disabilities are able to exercise their right to vote.

Supported Projects

- ◆ **Publications**
 - ◆ Stepping Stone NH
 - ◆ Disability RAPP
- ◆ **Events and Activities**
 - ◆ NH Leadership Series
 - ◆ Family Support Conference
 - ◆ Direct Support Prof. (DSP) Conference

About the New Hampshire Council on Developmental Disabilities

Mission

- We are dedicated to dignity, full rights of citizenship, cultural diversity, equal opportunities and full participation for all NH citizens with developmental disabilities.
- The Council carries out its mission through education, advocacy and the funding of innovative projects that make a difference in the lives of NH citizens with developmental disabilities.
- Most of our work is accomplished through collaboration with other groups and organizations that have a similar vision of community inclusion and integration for individuals with intellectual and developmental disabilities in NH.

DD ACT

- The Council was created through Federal legislation known as the Developmental Disabilities Assistance and Bill of Rights Act (DD Act).
- The New Hampshire Council on Developmental Disabilities is a 100% federally funded agency that supports public policies and initiatives that remove barriers and promote opportunities in all areas of life for people with developmental disabilities.
- We are a minimum allotment State and our allotments are based on the congressionally approved Federal budget.

Council Membership

- The Council has at least 21 members. By law, 60% of our membership must be individuals with developmental disabilities and/or parents or guardians of individuals with developmental disabilities.
- There are also mandated agency seats including, the Bureau of Developmental Services, DOE Vocational Rehabilitation, DOE Special Education, the Institute on Disability at UNH, the Disability Rights Center-NH, the Department of Elderly and Adult Services, the Private Provider Network (service providers), New Hampshire Family Voices, and a non-profit supporting people with disabilities.
- Members are volunteers appointed by the Governor for three-year terms.

Five year plan

- The Council is charged with identifying the most pressing needs in the developmental disabilities community and then developing a State Plan every five years to establish specific goals, objectives and strategies to address those needs.
- Our current plan focusses on “Quality of Life” and “Advocacy and Training” as overarching goals intended to improve the lives of people with disabilities in NH.
- The Council regularly collaborates on, and distributes small grants for projects, trainings, and conferences that address goals identified in the State Plan.
- In addition, the Council provides small grants to individuals and families impacted by disabilities, which support personal educational and employment needs
- We occasionally have the ability to provide larger grants for “demonstration” projects or activities as described in the DD Act through the State’s RFP process.
