

Dear Special Committee Members,

I am writing in support of the redistricting maps passed by the House, in their current form. It is my belief that the House maps did a good job of representing New Hampshire, ensuring that our elections are fair and that both sides will have a seat at the table.

Specifically, the House's Congressional map kept more shared Police and Fire Departments, shared water and sewers systems, and regional planning areas together. As you know these are all services that rely heavily on federal funds and it is imperative they have a united voice.

I ask that you please pass the maps as-is.

Thank you,

Laura Manning
