

Dear Special Committee Members,

I support the redistricting maps passed by the House in their current form. The House maps did a better job of representing New Hampshire, ensuring that our elections are fair, and that both sides can have a seat at the table.

Specifically, the House's Congressional map kept more shared Police and Fire Departments, shared water and sewers systems, and regional planning areas together. As you know these are all services that rely heavily on federal funds and it is imperative they have a united voice.

I ask that you please pass the maps as they are.

Thank you,  
Scott Sherwood
