

Dear Special Committee Members,

I am writing in support of the new redistricting maps before the House in their current form. The House maps did a better job of representing New Hampshire, ensuring that our elections are fair, and that both sides can have a seat at the table.

Specifically, the House's Congressional map kept more shared Police and Fire Departments, shared water and sewers systems, and regional planning areas together. As you know these are all services that rely heavily on federal funds and it is imperative they have a untied voice.

I ask that you please pass the maps as-is.

Thank you,

Michael Smiszek
