Statement by Senate President Morse on SB63, regarding business liability protections related to COVID being re-referred to committee

CONCORD, NH – Senate President Chuck Morse (R-Salem) made the following statement today:

“Protecting our Main Street businesses is one of the Republican’s top priorities in 2021. We have an opportunity to bring New Hampshire back from the pandemic in better shape than ever -- that means making sure our small businesses, which are the backbone of our state’s economy, are able to keep their doors open without the threat of having to spend time and money defending frivolous lawsuits related to COVID-19. As we begin to resume our normal lives, we want our businesses to focus their attention on being successful, adding new employees or rehiring old ones, and recovering revenues they lost due to any shutdowns.”
