*All Hearing Types, in this context, refers only the 78 hearing types for which text reminders will be sent, which are listed here.

Texts will not be sent for hearing types at which a defendant is not usually expected to appear, ie. Admin

Superior Court will send texts for Video Arraignment/Bail Hearings and Video Hearings, which they plan to hold for both incarcerated and non-incarcerated individuals. However, note that hearings involving incarcerated defendants are not able to be distinguished, and therefore are not able to be omitted from this analysis. Since a defendant is more likely to appear for court while incarcerated, the rate of incarceration will impact FTA rate.

2/28/18-8/30/18 Period 6 months prior to Bail Reform Statute Change (Legislation 2018 Chapter 366 SB 556)
8/31/18-6/24/19 Period from Bail Reform Statute Change (Legislation 2018 Chapter 366 SB 556) to the 1st Amendment to the Bail Reform Statute

6/25/19-12/12/19 Period from the effective date of 1st Amendment to Bail Reform Statute (Legislation 2019 Chapter 143 SB 314) to Supreme Court decision in case 2018-0637 (State v Christine Hill, which interpreted flight risk to be a bail consideration regardless of dangerousness factor)

Data obtained from Hearings and Hearing Results reports, run 4/28/2020 (separate report run for each of the 3 time periods analyzed)
