*All Hearing Types, in this context, refers only the 50 hearing types for which text reminders will be sent, which are listed here.
Texts will not be sent for hearing types at which a defendant is not usually expected to appear, such as Automatic Dismissal, Case Disposition, and Paper Review.
Texts will not be sent for hearing types scheduled solely for incarcerated defendants, such as Foreign Arraignment Video Hearing, Video Arraignment/Bail Hearing, and Video Hearing. However, note that regular (non-video) hearings involving incarcerated defendants are not able to be distinguished, and therefore are not able to be omitted from this analysis. Since a defendant is more likely to appear for court while incarcerated, the rate of incarceration will impact FTA rate.
